Tobacco — Its Effects on the Human Constitution, Physical, Intellectual and Moral.

BY JAMES COULTER LAYARD, M. D.

[CONTINUED.]

We trust that those who have followed us thus far through these columns are by this time convinced that the habitual use of tobacco is a curse, second only to the rum plague; and that its entire abandonment by us as a people, both individually and collectively, is a consummation devoutly to be wished for. How is this to be accomplished? We have little hope that by the penning of these lines we can induce any great number of those votaries of the weed who shall read them, to reform their habits in this respect. Though an angel guided our pen, they are too securely bound by the chains which hold them in a slavery so ignoble to heed anything we can write. Our chief hope, then, lies with those who have not yet become slaves to a tyrant so merciless, and especially with our youth. "An ounce of prevention is worth a pound of cure."

It is a fact that very few have ever commenced the habit of using tobacco in adult age, unless per advice of some stupid physician. With most persons the habit has been formed in youth, and when arrived at man's estate they most bitterly repent of their folly; but they are now too much enslaved to regain their freedom. No one either commences the practice with the consent of his parents, for it is a practice which no man, however much addicted to it himself, ever recommends to his son. In fact, it is almost always in direct opposition to and in disregard of parental authority that such habits are formed. If we could stay this plague but for one generation the victory would be secure.

Every effort, then, must be made to impress upon our youth the consequences of their forming such habits. Especially must they be taught that is a matter of regret with every right-minded man who uses tobacco (this is especially true of tobacco chewers), that he was in his youth betrayed into such habits, and that thus it will be with them.

But to parents we would say, that in dealing with the young in this matter, as in most others, practice is a great deal better than preaching. Of what use is it for a parent to dilate to his son upon the evils of intemperance, and then illustrate his teachings by coming home drunk once a week. In many cases, indeed, no amount of parental precept will be of much effect unless accompanied and enforced by parental example. If you wish to save your sons from a slavery so debasing, from a tyranny so galling, as that of tobacco, you must yourselves first set the example. If, then, influenced by this or by other considerations which we have in this paper endeavored to present, there be any who have determined to break there fetters, the question arises—how is this to be done?

Many of you are not yet so enthralled but that you can, with a little self denial, succeed in giving up the use of tobacco if you will only try. There are many, indeed, upon whom the chains of the tyrant sit yet lightly, and who assert that they can give up tobacco at any time. To all such we say, then proceed to do so speedily. Do not let this idea that you can give up at any time deter you from making the experiment at once, for however easy that may be now it will not be always thus; for the time will most assuredly come when, if the habit be continued, you will be bound by adamantine links. And it may come sooner than you expect. In such cases it almost always does. But there are those to whom the relinquishment of the habit will be no easy task. And those who find the most difficulty in breaking off are the very ones with whom—for their own sake—there exists the greatest necessity for the reformation of the habit. For you may regard it as an axiom that those who suffer the most in the breaking of their bondage to any particular drug, whether it be tobacco, alcohol, or opium, are those whose constitutions are being most injured by the use of that drug, whatever it may be.

To those with whom the relinquishment of the habit is likely to be a matter of some difficulty we say, be firmly persuaded in your own minds of the advantage, nay the necessity, of what you are about to do. What a man makes up his mind to do, that, in nine cases out of ten he succeeds in doing. "Where there's a will there's a way." We have unbounded confidence in the all-conquering power of an iron will. We have known men who entered upon their every undertaking with such indomitable energy, firmness of purpose, and determination to succeed, that nothing human could prevent the accomplishment of their ends. Such men, when victims of the tobacco plague, will not fail in the effort to rid themselves of it, if they will but make the effort. In order to induce them to do this they only need to have an adequate motive set before them. That motive we have endeavored in these pages to present.

DOCTOR PIERCE'S
ALT. EXT. OF
Golden Medical Discovery

CURES DISEASES OF THE
THROAT, LUNGS, LIVER & BLOOD

In the wonderful medicine to which the afflicted are above pointed for relief, the discoverer believes he has combined *in harmony* more of Nature's most powerful curative properties, which God has lodged into the vegetable kingdom for healing the sick, than were ever before combined in one medicine. The evidence of this fact is found in the great variety of most obstinate diseases which it has been found to conquer. In the cure of **Bronchitis, Severe Coughs,** and the early stages of **Consumption,** it has astonished the medical faculty, and eminent physicians pronounce it the greatest medical discovery of the age. While it cures the severest Coughs, it strengthens the system and **purifies the blood.** By its great and thorough blood purifying properties, it cures all **Humors,** from the worst **Scrofula** to a common **Blotch, Pimple,** or **Eruption.** Mercurial disease, Mineral Poisons, and their effects, are eradicated, and vigorous health and a sound constitution established. **Erysipelas, Salt Rheum, Fever Sores, Scaly or Rough Skin,** in short, all the numerous diseases caused by bad blood, are conquered by this powerful purifying and invigorating medicine.

If you feel dull, drowsy, debilitated, have sallow color of skin, or yellowish brown spots on face or body, frequent headache or dizziness, bad taste in mouth, internal heat or chills alternated with hot flashes, low spirits, and gloomy forebodings, irregular appetite, and tongue coated, you are suffering from a **Torpid Liver** or "**Biliousness.**" In many cases of "**Liver Complaint**" only part of these symptoms are experienced. As a remedy for all such cases Dr. Pierce's Golden Medical Discovery has no equal, as it effects perfect cures, leaving the liver strengthened and healthy. For the cure of **Habitual Constipation** of the bowels it is a never failing remedy, and those who have used it for this purpose are loud in its praise.

The proprietor offers $1,000 reward for a medicine that will equal it for the cure of all the diseases for which it is recommended.

Sold by druggists at $1 per bottle. Prepared by R. V. Pierce, M. D., Sole Proprietor, at his Chemical Laboratory, 123 Seneca street, Buffalo, N. Y.

VINEGAR BITTERS

VEGETABLE FREE FROM ALCOHOL
PURELY MEDICINAL
R. H. McDONALD & CO. CALIFORNIA
VINEGAR BITTERS

Vinegar Bitters are not a vile Fancy Drink, made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, free from all Alcoholic Stimulants. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition, enriching it, refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of disease.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

Dyspepsia or Indigestion. Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display an decided an influence that a marked improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver and Visceral Organs, and in Bilious Diseases.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Grateful thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Save a distinguished physiologist: There is scarcely an individual upon the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No system of Medicine, no vermifuges, no anthelmintics, will free the system from worms like these Bitters.

Mechanical Diseases. Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, will be subject to paralysis of the Bowels. To guard against this take a dose of WALKER'S VINEGAR BITTERS once or twice a week, as a Preventive.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, while they vary in their intensity, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. These are always more or less obstructions of the liver, a weakness and irritable state of the stomach, and great torpor of the bowels, being clogged up with vitiated accumulations. In their treatment, a purgative, exerting a powerful influence upon these various organs, is necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc., etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

Dr. Walker's California Vinegar Bitters act on all these cases in a similar manner. By purifying the Blood they remove the cause, and in restoring to healthy the effects of the inflammation (the tubercular deposits) the affected parts receive health, and a permanent cure is effected.

The properties of Dr. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic and Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

The Aperient and mild Laxative properties of Dr. WALKER'S VINEGAR BITTERS are the best safeguard in all cases of eruptions and malignant fevers, their balsamic, healing, and purifying properties protect the humors of the fauces. Their Sedative properties allay pain in the nervous system, stomach, and bowels, either from inflammation, wind, acids, cramps, etc. Their Counter-Irritant influence extends throughout the system. Their Diuretic properties act on the kidneys, correcting and regulating the flow of urine. Their Anti-Bilious properties stimulate the liver, in the secretion of bile, and its discharges through the biliary ducts, and are superior to all remedial agents, for the cure of Bilious Fever, Fever and Ague, etc., etc.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fortified. The liver, the stomach, the bowels, the kidneys, and the nerves are rendered disease-proof by this great invigorant.

Directions.—Take of the Bitters on going to bed at night from a half to one and one-half wine-glassfull. Eat good nourishing food, such as beef steak, mutton chop, venison, roast beef, and vegetables, and take out-door exercise. They are composed of purely vegetable ingredients, and contain no spirits.
