"SLIM VALLEY" was mentally exercised last week over the belief that copper ore had been found at one of the iron banks. Hope their belief may be well founded. Hope it isn't "iron pyrite."

CHRYMISTS say that grass cut after the stalk and leaves are half dead or dry, has lost the starchy and sugary substance, which is the most nutritious part. Grasses of all kinds have reached their maturity when in full bloom.

WANTED.—An apprentice to learn the Chair-making and Painting trades. None but sober and industrious young men need apply. Apply to WM. F. SNYDER, Millintown, Pa.

The green cabbage worm, which in some sections proved so destructive to the cabbage crop last year, has again made its appearance. Sprinkling salt water on the cabbage is said to have prevented their ravages last summer, wherever applied.

THE vacation of the Soldiers' Orphans Schools will commence on Monday, July 21st, and continue till September 1st, six weeks. The examination of the School at McAlisterville is to take place on Friday, July 11th.

SHOP hands and clerks who need substantial recreation, can do no better than lend a helping hand a few days to our farmers during hay and wheat harvest, provided, their employers can spare them. Such was the custom of our fathers.—Are we better than they were?

It is in order to be moderate on the edibles at the table these warm days. Severe cases of cholera morbus and numerous deaths from cholera are reported from different quarters. An ounce of preventive is worth a pound of cure. Perhaps what is to be will be.

THE gentlemen of the Constitutional Convention have been talking about free railroad passes, and at the same time they have taken "mileage" out of the State fund for their travel. Newspaper editors receive passes for advertising time tables, and by their publication the public generally are benefited.

NEW ICE CREAM SALOON.—Mr. William Wise has opened an Ice Cream Saloon at his residence, corner of Bridge and Water streets, where the most delicious Ice Cream can be had every evening. Also Strawberries, Cakes, &c. Separate room for ladies.

With never a smile on her dimpled cheek, The clothes she had on worn the waiste of the week, A poor maiden sat at the garden gate, And cried, for those who have money, it is never too late.

To go to William F. Snyder, in Millin, if you want to buy Chairs, for he has any and all kinds you may wish to get. Go there if you wish to get the worth of your money.

THE finest nooks of scenery may be viewed from the observatory on Hoffman's new house. Now is the chance to see the beauty of the river scenery above and below the village before the house is finished and closed. Perhaps you had better go into the store of Hoffman, Harley & Co., first, and buy a suit of clothes, and then get permission to go to the house top.

CAPT. H. H. WILSON has been appointed a mail agent on the route from Harrisburg to Altoona. We trust the place may be as pleasant as it is remunerative. We presume Mr. Allison will not miss him much from the editorial staff of the Republican. Indeed, to the uninitiated it appears as if Allison had him up only as a "figure head." Capt. Wilson was editor of the SENTINEL during the regime of Col. J. J. Patterson.

WHEN the SENTINEL local, last week was written, relative to the bass put into the river at this place, it was not known that editors Allison and Bonnell had taken so prominent a part in the getting of the fish. We trust that they may find the pardoning feeling in their hearts, and grant us full pardon for the unintentional omission of their names. We also hope to be pardoned for stating that the common story now is that the fish were all of one sex—namely, males.

STREAM ENGINES.—We invite the especial attention of machinists, and all other persons desiring to purchase complete and secure engines, to the Utica Steam Engine Company, of Utica, N. Y. The engines of this establishment are always tested before leaving their works, and are ready, at once, for use when delivered. The strongest and highest recommendations of these engines can be shown by the manufacturers, who have furnished over 3,000 for the use of the people in different parts of the Union.

THE WATERS CONCERTO PARLOR ORGAN.—We are glad to chronicle any new thing, or any improvement upon an old one, that tends to popularize music by rendering its study either easier or more attractive. Lately our attention has been called to a new patented stop added to the Waters grand organ, called the "concerto stop." It is so voiced as to have a tone like a full, rich alto voice; it is especially "human" in its tone. It is powerful as well as sweet; and when we heard it we were in doubt whether we liked it best in solo or with full organ. We regard this as a valuable addition to the grand organ, and advise those intending to purchase such an instrument to examine the "concerto." Waterrooms, 481 Broadway, New York.—Rural New Yorker.

THIS Lord's Supper will be administered in the Lutheran Church in this place, on next Sabbath, 22nd inst., services commencing at 10 1/2 o'clock A. M. Preparatory services on Saturday afternoon previous, at 3 o'clock.

FISHERMEN TAKE NOTICE.—It may be of importance to such as are in the habit of fishing with any kind of nets to know that by a law of last session, they are liable to a fine of one hundred dollars for fishing with anything but hook and line, between the 15th day of June and the 10th day of August. They are also subjected to an imprisonment not exceeding six months.

IF the laws on the subject of fishing are observed for a few years, the rivers and streams of this State will abound with fish, and everybody can enjoy a day's fishing at any time with hook and line.—Harrisburg Telegraph.

ESCAPED.—From the Pennsylvania State Lunatic Hospital, at Harrisburg, Gen. John Sydney Jones, aged about 65 years, height about 5 feet 8 inches, hair and whiskers gray, the hair curled at the sides, and the whiskers full and long. He rolls in his walk like a sailor. His clothing is blue. He assumes to be a preacher, and may be certainly identified by his conversation about "family boats and boating." A reward of \$100 will be paid for his arrest and detention.

M. ARNOLD, JR., JAS. P. MORRISON, Committee. 520 Walnut Street, Philadelphia. June 12, 1873.

On last Saturday John Doyle, who is doing business in Patterson, sent two boys in a buggy into Walker township, to buy produce. They were provided with a pocket book containing thirty dollars. When they reached the place where the first payment was required, to their consternation they had no funds. The pocket-book was missing. They went onto the road over which they had driven, to search for it. Meeting Mr. Daniel Auker, and telling him of their misfortune, he was induced to look steadily on the road as he drove along. He had not driven far when he saw the lost book. Of course he took it up, and returned it to Mr. Doyle.

PAINT not only adds to the appearance of a house, but it preserves its wood work from rotting. Paint of a superior quality is manufactured one mile northwest of McAlisterville, this county, and will be delivered at railroad stations at \$7.00 per barrel—weight of barrel three hundred pounds. The colors are drab and different shades of brown. Address JAMES SHILLINGSFOOD & CO., Oakland Mills, Juniata Co., Pa.

The following articles are also for sale at the establishment: Broom, Shovel, Fork and Hoe Handles by the dozen or hundred, Doggy and Wagon bows by the bundle. 3w

We have been informed from a reliable source that public sentiment has wonderfully changed in Cumberland county on the liquor question, and that if the people of that county had the privilege of voting on the local option question now, instead of allowing the county to go for license, they would give a large majority for local prohibition. The change of sentiment has been produced by the fact that the county is overrun by an unusual number of vagrants, who, it seems, have been flocking there from those adjacent counties in which license was voted down. Vagrants will go where whiskey can be readily obtained, hence those counties which voted for license will have the vagrants to keep.

An exchange writes as follows on the subject of postage on county papers, which is as applicable in our columns as in its own, with the change of name: The new postage law which goes into effect on the first day of next, requires the prepayment of postage on all regularly issued publications sent through the mail. Each subscriber of the SENTINEL, by going to the Postmaster at the office where he receives his paper on or before the first of July, can with five cents prepay the postage on it for the next three months, or for ten cents, six months. We would advise this payment for not longer than six months by all residents in the county, as doubtless the law will be modified early in the next session of Congress, so far as regards the circulation of papers in the county where published.

PANORAMIC EXHIBITION.—Drew's Holy Land will be exhibited in the Lutheran Church, Millintown, on Wednesday evening, June 19th, for the benefit of the Lutheran Sabbath School. This Grand Exhibition has been executed on a scale of surpassing magnificence and splendor. The various scenes are faithfully represented on a large scale from Photographs taken on the spot, by Rev. Dr. J. T. Barclay, several years a Missionary in Palestine and Egypt. It is moral, chaste and beautiful, and its historic interest, its rare and expensive designs, its beauty of execution, and its high-toned character, render it one of the most attractive and instructive works ever presented to the public. It has received the highest testimonials from the Press and Clergy, and has been pronounced by competent judges one of the handiwork of modern times, illustrating, as it does, the grandest localities in the world. An explanatory lecture will be given. Admission 25 cts., children 15 cts. The public are respectfully invited to attend.

Those afflicted with Pains and Aches should try KUNKEL'S PAIN SLAYER, a valuable remedy. For sale at Banks & Hamlin's Drug Store, Millintown, Pa.

For sale by the undersigned residing in Walker township. Also the Taylor Hay Rake, the best take ever introduced into this county. DANIEL AUKER. May 21—t

ANNOUNCEMENT.—SENATE. Mr. ELLISON.—As the time is drawing near when the Republicans of this county must select a standard-bearer in the Senatorial contest, we would announce the name of Dr. J. P. STERNETT, of Beale township. In a district where the party lines are so closely drawn, we must select our best man—one who, with an incorruptible character and personal popularity, will run the full party vote, and draw from the Democratic ranks.

Dr. STERNETT in his late canvass showed that he is the strongest candidate we can get in this county, and there are many circumstances that indicate that if sustained by the Republicans of this county, he will get the nomination in the district.

TUSCARORA. Married: BAY—SULOUFF.—On the 12th inst. at the U. B. Parsonage in East East, by Rev. A. E. Fulton, Mr. John C. Bay, of Fayette township, and Miss Mary L. Sulouff, of Monroe township.

Died: CHRISTY.—At Hollidaysburg, on the 14th inst., Dr. R. W. Christy, in the 67th year of his age. Robert W. Christy was born in Lost Creek Valley, Juniata county, some three miles from Millintown, on the 27th of June, 1816, and was consequently almost 57 years of age at the time of his death. His father, Daniel Christy, was a man of considerable repute, having been an Associate Judge of Juniata county and also one of the commissioners who located the county seat of Blair county at the time of its formation.

The subject of this notice came to Philadelphia in 1833, and began to read medicine with his brother, Dr. James Christy, who was a physician of great skill, as our older citizens well remember. Graduating in 1834, Dr. Christy immediately began the practice of medicine in this county. For thirty-two years did he continue in the humane work of ministering to the necessities of the afflicted, and in hundreds of eyes did the tear of affection start when the sad intelligence of his death was publicly announced. As a physician, Dr. Christy was, as in all things else, quiet and unpretentious. He said little, but did much. His practice was large, his patients were his friends, and are now his sincere mourners.

Dr. Christy was a faithful Christian. He connected himself with the Presbyterian Church while very young, and for a period of forty years bore his part with fidelity by his works. The church loses a strong pillar in his death.

In 1857 he was elected to the lower branch of the Legislature from Blair county. He was an honorable member.

On Tuesday evening we saw him in appearing good health. On Wednesday evening he returned home after a long and wearisome ride and retired to his room, remarking that he was feeling badly, and did not wish to be disturbed. On Thursday morning he was found unconscious, and so continued until Saturday evening about 7 o'clock, when the life machinery stopped, and the soul of a good man left its frail earthly tenement for the regions of eternal life and light.—Hollidaysburg Standard.
