No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other tiente already given up by many physicians, and means, and vital organs wasted beyond

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the vaneys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various or-gans, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the lowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold

a system thus fore-armed. Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Billous Attacks, Palpitatation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee

Scrofula, or King's Evil, White Swellings, Ucers, Evysipelas, Swelled Neck, Gottre, Scrofulous Inflammations, Indolent Inflammations, Mercaclal Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have nown their great curative powers in the

HOW IT OPERATES.

The effect of the Swedish Bitters directs itself, to the first place, to the nerves of the digestive organthroughout their entire extent, but mainly to the stomach and the visceral tract. It normalises their functions, and therefore, according to the nature of existing irregularities or removes obstructions anretentions of all kind, or stope Diarrhosa, 1 tery, or other anamolous discharges and officets By regulating the abdominal organs, of which de pend the nourishment, the conservation and the d. velopment of the human body—the Swedish Bis ters invigorates the nerves and the vital powers sharpens the senses and the intellest, removes the trembling of the limbs, the seidir, the burning sauses, and pains of the stomach improves it. gestive faculties, and is an excelle at Prophylactic and Remedy against nervous irritability, Flate lency, Chelle, Worms, Dropey, &z. If taken is double doses, it operates as a sure specient, but is a mild and painless way.

In consequence of these qualities of the Swedie Bitters it has become one of the most celebrated remedies against discares of the organs contained in the abdomen, and of affections that befall mankind in consequence of said discuss. Thus the Swedish Bitters has an unsurpassed renows for earing Liver Complaints of long standing, Janudice Dyspepsia, Disorders of the Spleen, of the Pauereas, of the Mesarate Glands, and also disorder of the K'dneys, of the Urinary and Sexual-Organs. Besides these the Swedish Ritters cures those to anmerable nervous, or congestive Affections and Diseases, which originate from said abdomina disturbances, as :- Congestion of the Lungs, the Neuralgias, in differ at parts of the body. Chierosta apternal Hemori holds and Piles, Gont. Dropsy General Debility, Hypochondriasis, Melancholy &c., &c. Of great benefit the Swedish Bitters h also been found in the beginning of Gastrie and in termittent-Fevers.

But this is only one side of its inestimable power a protecting those who use it regularly against a igenatic and epidemic diseases. The Swed A Bitters has by long experience in many thousand cases maintained its great renown of being the most

05. All persons who have to perform long and hard labor, and while doing it are often exposed to sudden changes of temper-ture, or the draft or alv. it, added to their drink, are anficient to preserve them in the stimable health and vivor. Those who are accustomed to frink ice water during the sammer, should never omit to add some Swedish Ba

Persons given to sedentary life should non the Swellah Bittera, it will neutralize the hed of Cleanse the Vitinted Blood when- fects of their want of xercise to open air, and keep

them in good health and good spirits. For To the Ladies the Swedish Bitters must tributes most essentially to pre-erve the regularity of the physiological functions, peculiar to the dellicate female constitution and thus proves an of fectual barrier against those insumerable Nervous sees, which now-a-days have growso frequent, as to be taken by many for Eve's natura

But the Swedish Bittere dies not only secure good health, it also effects the full development of the female body, and of its beauty by perfect forms

and fine complection and color.

Thus the Swedish Bitters has become one of the afest and most efficient

COSMETIC AND TOILET ARTICLES,

Ar Parmers and their Families, who have tried Swedish Bitters, prefer it to all similar articles. For them it proves beneficial in various ways. In Summer, when their calling requires them to often endure the intense heat of the sun, while perporning hard work, they are induced to be not sufficiently cautions in satisfying their burning thirst by water, or in eating fruit not yet rips &c Thus farming people are very liable to suffer from sun stroke, Fever, Dyzentery, Cholera, &c., &c. The regular use of the Swedish Bitters makes these

dangerous infornces all harmless.

In Winter, during the time of rest, many country people, trying to indomnify themselves for past privations, are very apt to often overload their stomache and thus impair their digestive organsthe r ots of the tree. The use of the Swedish Bit-As a matter of course, in case of steknes patient should avoid food not agreeing with him er such, as is known, to be difficult to digest or un,

enitable to the disease in question. The rale : " Be moderate in all you eat, drin er do," is strictly to be observed. HOW TO TAKE SWEDISH BITTERS

The Swedish Bitters shall only be taken in the absence of inflammatory symptoms. Grown persons take one tablespoonful three time for day, before or after meals, pure or diffuted with

Persons under 20 years, two-thirds of that quantity
16 ene-half
8 ene-quarter
