

WEDNESDAY, Sept. 24, 1873. PENN'A. R. R. TIME TABLE. Passenger trains leave Millin Station as follows:

LOCAL INTELLIGENCE. Frost has appeared so often this fall that it is no longer talked of. A human skeleton has recently been unearthed in a vacant lot in Lewistown.

H. A. Stambaugh has purchased the Littlefield hotel property on Main street. D. P. Suloff has purchased Mrs. Nevin's property on Bridge street, for the sum of \$9,000.

The river now has that tinge of color that has given rise to the name of the "Blue Juniata." "Dad Smith" was committed to jail on Saturday, for assaulting and seriously injuring a citizen of Perryville.

The Bergs Brothers have a lot of fine cattle that they purchased from Western men who delivered the cattle here at Millin.

The Europeans now more than ever cry "Shoddy." The financial failure of our pretensions banking houses furnishes them with food for their charges.

Sabbath School people of Johnstown and vicinity held a celebration in a grove on the farm of Edward Oles, Esq., last Saturday. Those present report most favorably of it.

The Pennsylvania Railroad Company has discharged quite a number of laboring men, and reduced the wages of those remaining to \$1.12 per day and 50 cents for Saturdays, also taking them forty-four hours per week.

The Constitutional Convention is again at work in Philadelphia, and that remains of the proceedings of the Convention as far as transacted before the adjournment, were burned in the fire that destroyed the SENTINEL office.

REAL ESTATE FOR SALE.—J. Sheburn Robinson, executor of Catherine Cunningham deceased, will offer at public sale, at 2 o'clock P. M., on Thursday, October 16, 1873, Twenty-eight acres of land in Millford township, having Dwelling House, Bank, Saw and other outbuildings thereon erected. See advertisement in another column.

WILD CHERRY BALSA.—The memory of Dr. West is embalmed in the hearts of thousands whom his Balsam of Wild Cherry has cured of coughs, colds, consumption, or some other form of pulmonary disease. It is now over forty years since this preparation was brought before the public, and yet the demand for it is constantly increasing.

Special Examinations of Teachers.—Special examinations will be held in the Court House, at Millintown, on Saturdays, October 4th, 11th and 18th, 1873, commencing at 10 o'clock a. m., for irregular applicants, bringing requests signed by not less than three members of the Board of Directors of their respective Districts, stating that they wish to employ said applicants.

D. E. ROBINSON, Sep 23, 1873. Co. Supt.

A FACT.—A New Orleans Jurymen on being asked by the Judge whether he read the papers, replied, "Yes, your Honor, but if you let me off this time, I'll never do so any more, but will re-lapse into the superstitious ignorance of the man who don't know that at the Furniture Warehouse of Wm. F. Snyder, in Millintown, Pa., the people can be supplied with all kinds of Chairs of the latest styles, as well as Mattresses, Lounges and Bed Springs of the very latest and most improved manufacture."

If in need of any of the above named articles, you will do well to go to Snyder's. A fact.

A FRIENDLY ATTEMPT TO BLOW UP A SCHOOL HOUSE AND FIFTEEN OR TWENTY PERSONS.—A correspondent informs us that a diabolical attempt at wholesale murder was made in Huston township, this county, on Saturday evening September 6th: "While the Good Templar Lodge was in session at Mill Run, an explosion of powder occurred beneath the floor of the school house in which the organization met, with sufficient force to tip over the tables and lumps, while the fire burst through the crevices in the floor and filled the house with a stifling smoke. A further examination by daylight revealed the fact that the building had been lifted enough to allow the foundation to be pushed out of place. A powder can, that would hold about 25 pounds was found under the house, torn to pieces. Besides had been cut and placed over the opening made in the wall to introduce the can. The floor being a double one, it was strong enough to withstand the shock—even to slightly lifting the house and pushing out the wall—thus enabling the powder to expand its force laterally, and thwarting the evident intention to blow up fifteen or twenty men and women. No punishment under our laws is so severe for such a dastardly outrage, and we hope the fiends who made this attempt to injure and maim, or destroy the lives of, so large a number of innocent persons, assembled in a peaceful and social capacity, may be discovered and punished to the utmost extent of the law.—Clearfield Journal.

It is no longer fashionable to have a groomer or men at wedding. Maids of honor for the bride are the only attendants needed, fashion says.
