ARRIVAL OF THE CALEDONIA. 15 DAYS LATER FROM EUROPE. Safety of the Great Britain.

At 12 o'clock last night we received from our correspondent at New York direct, by telegraph, low water season, the following summary of the news brought by the The steamer Caledonia, Capt. Lott, arrived at Soston on Tuesday night from Liverpool, whence he sailed on the 4th inst.

The steamship Great Britain, Capt. Hosken, left liverpool on the 22d ult., for New York, with one undred and eighty-five passengers, and on the trade in the season of 1846.

The Tuenalcuka was built expressly for the trade, Soston on Tuesday night from Liverpool, whence

Liverpool on the 22d ult., for New York, who one nundred and eighty-five passengers, and on the same night, she went ashore at Rathmullen, in the coast of Ireland. The passenger apply on board. sengers were all safely landed. At the latest acjust finished at our wharf, and intended for the St. counts she had not been got off. Her cargo had been discharged. The royal marriages in Spain formed the most are partial to pretty and good steamers, and will prominent points of discussion in the European same of Her dimentions are as follows: Length of keel 165 The London Times and the Morning Chronicle

5½ feet; between deck 9½; guards 10½; 2 engines; . The European Times says the Government 184 inch cylinders; 04 feet stroke; 2 boilers 42 seems disposed to do all that it can to meet the end. inch, 25 feet long; 23½ feet wheel; 9 feet buckets.

In Ireland every means are being taken to find the people employment, which is equivalent to finding them with food; elsewhere, nevertheless, Stackhouse & Kelson; cabin, containing 42 state there have been some famine riots in various parts There had been large sales of cotton, and prices anything were a shade higher. The market for all kinds of produce continue puoyant, and at rapidly advancing prices. Wilmer & Smith's European Times cantion

their friends, in this country agains; wild specula-tion, as the money and enterprise of England will find and bring food from every quarter of the earth. if necessary. The news from the Continent was not impor-INDIA AND CHINA .- The news by the extraor St. Louis-Per str Columbia; 10 bales cotton, 8 dinary express, in anticipation of the overland mail,

The Galvanic Rings used in connection with the Magnetic Fluid, are confidently recommended in all disorders which arise from an enfectled and unhealthy state of the nervous or vital system, and those com-

of Galvanism.

The Galvanic Rings have been used with entire A schedule of the articles, with samples, may be seen at the office of the Commissioner of Indian Affairs, in Washington, exhibiting the amount of money to be expended for each article; but the department reserves the right to increase or diminish the quantity of any of the articles named, or substitute others in lieu thereof.

The whole amount in money to be applied to the purchase of goods, will be about \$85,000; owhich some \$40,000 will be wanted on the self-board, and the residue in the west. Goods of American manufacture, all other things being equal, will be preferred, but as all the samples of blankets and cloths on hand are of foreign manufacture. It will be necessary, when a domestic article is bid for, for the preceding complaints they are equally recomposed to be believed, and as a certain preventive will be necessary, when a domestic article is bid for, for the preceding complaints they are equally recomposed to the complaints of the extraordinary effects upon the eystem must be sufficient to the preceding complaints they are equally recomposed to the proceding complaints they are equally recomposed to the preceding complaints they are equally recomposed to the preceding complaints they are equally recomposed to the preceding complaints they are equally the preceding complaints they ar

and cloths on hand are of foreign manufacture, it will be necessary, when a domestic article is bid for that the sample of it should accompany the bid, to enable the department to decide whether it is of equal quality with the samples to be exhibited.

The party proposing to supply the articles will make an invoice of all the items embraced in the above list, and affix the prices, in dollars and cents, at which he or they will furnish them, deliverable in New York and St. Louis respectively, on or be fore the fitteenth day of May next, assuming the quantity of each article as specified in this advertisement, and extending the cost, making an aggregate of the whole invoice before cending. It on the grade of all the inspected at New York or St. Louis by an agent of the United States, who will be appointed by the department for the purpose, and to ascertain the conformity of the articles prochased with the samples exhibited. When the contract shall be made, and with the terms of the contract shall be made of all sizes and of various
