Transportation Lines.

Reliance Portable Boat Line.

1846.

FOR transporting good between Pittsburgh and the Eastern cities without transhipping. This old established line (being the oldest portable boat line on the canal) is now prepared to receive produce and merchandize for shipping either East or West. The boats by this line are commanded by skilful, experienced and sober captains, and provided with good crews. Boats and cargoes are transferred from and to canal and railroad, saving all removal and separation of goods. Trips made in as short time, and goods carried on as fair terms as any other line.

Thankful for, and respectfully soliciting a continuance of the very liberal and growing patronage heretofore bestowed upon this line, we with confidence assure those merchants disposed to favor us, that their business shall be done to their entire satisfaction. Goods carried by us, consigned to either of our houses, will be shipped to their destination free of charge for shipping, storage or advance of charges. As we hold no interest in steamboat stock, merchants may depend upon their goods always being forwarded without delay, upon good boats and at the lowest rates of freight.

Produce consigned to our house at Philadelphia for sale, will be sold on liberal terms, and advances made either at Pittsburgh or Philadelphia.

Pittsburgh Portable Boat Line.

1846.

FOR the transportation of freight between Pittsburgh and the Atlantic cities, via Pennsylvania Improvements and Baltimore and Susquehanna railroad.

The Proprietors of this old established line, having completed their arrangements, are prepared to forward goods to and from the East (on the opening of the canal navigation,) on as reasonable terms as any other responsible line, and are determined that no care or attention on their part shall be wanting to secure a continuance of that patronage so liberally bestowed upon them for several years past.

The decided success of the portable boat system, so manifest in the regularity and despatch experienced in the delivery of goods, the absence of all risk of delay, breakage or other damage, incident to the old system, where goods have to be hurriedly transhipped three times on the way, and the merchantable order in which produce has been avowedly delivered by them, has induced the proprietors to increase their stock considerably this season. Their extensive warehouses at each point, (unequalled by any other line,) affords them facilities to conduct their business with despatch; and to shippers the convenience of free storage, if required, until their arrangements are complete—while their long experience in the carrying trade, it is presumed, will be sufficient guarantee to their patrons and the public that they will successfully exert themselves to give general satisfaction.

Produce received forwarded, storage and charges paid, and bills lading transmitted free of charge for commission, advancing or storage, and all communications to the following agents promptly attended to:

The proprietors of this old established line have put their stock in the most complete order, and are thoroughly prepared to forward produce and merchandize to and from the Eastern cities on the opening of navigation.

We trust that our long experience in the carrying business, and zealous attention to the interests of customers, will secure to us a continuance and increase of the patronage heretofore bestowed on 'Bingham's Line.'

Our arrangements will enable us to carry freight with the utmost despatch; and our prices shall always be as low as the lowest charged by other responsible lines.

Produce and merchandize will be received and forwarded east and west without any charge for advertising, storage or commission.

Medical.

'Tis Found at Last,

A CURE FOR CONSUMPTION.

Seven Thousand cases of obstinate Pulmonary Complaints cured in one year!

We ask the attention of the candid to a few considerations.

Nature, in every part of her works, has left indelible marks of adaptation and design.

The constitution of the animals and vegetables of the forest, is such that they could not endure the cold of the frigid zone, and vice vesa.

In regard to diseases and its cure, the adaption is more or less striking.

The Moss of Iceland, the Wild Cherry and Pines of all Northern latitudes (and "Dr. WISTAR'S BALSAM" is a compound chemical extract from these,) have long been celebrated for complaints prevalent only in cold climates. Indeed the most distinguished medical men have averred that nature furnishes in every country medicines for its own peculiar diseases.

Consumption in its confirmed and incipient stages *Coughs, Asthma, Croup* and *Liver Complaint* form by far the most fatal class of diseases known to our land. Yet even these may be cured by means of the simple yet powerful remedies (named above) and which are scattered, by a beneficient Providence, wherever those maladies prevail.

ANOTHER ASTONISHING CURE!

WISTAR'S BALSAM OF WILD CHERRY, always triumphant cure follows cure in its onward victorious career!

DAYTON, Feb, 11th, 1845.

J. W. Whitmore.—Dear Sir: As youare the regular authorized agent in Dayton, for the sale of "Dr. Wistar's Balsam of Wild Cherry," I take this method of making a statement of facts to you (which I hope may be published to the world) in reference to an astonishing miraculous cure, wrought in my case by means of the above *Invaluable Balsam.*

Language fails to describe the salutary effects it produced, and the great benefit I derived from its use.

The citizens of Dayton and vicinity, well recollect that on the 8th of August last, I received serious injury from the explosion of a cannon. A portion of its contents entered my right side and breast; and in all probability, some fragments or splinters of the ram-rod passed through the "plura," and pierced the Lungs.

After the lapse of about six weeks, I was attacked with a *distressing cough and a violent pain in my right side.* Some ten days after this when in a *paroxysm of coughing*, suddenly and UNEXPECTEDLY a large quantity of very offensive matter, mixed with blood, was discharged; most of which found passage through the opening of the wound. From this opening there frequently passed a quantity of matter, supposed to issue from the lungs. *During all this time my sufferings were intense and almost intolerable.*

My physicians, meanwhile paid the strictest attention to me, and did all in their power for my recovery. But with all their skill they could not reach *the seat of distress, after the Lungs had become affected.* I was visited during this time by at least *twenty* Physicians.

It was now reduced to a certainty, that *inflamation of the lungs* was rapidly taking place; and that this would terminate my life in a very short time, was in the highest degree probable.

At this critical stage, a messenger was despatched to Cincinnati, and a celebrated Physician of that place was consulted. When he was made acquainted with my situation, he remarked that nothing could be done by medical aid, if the constitution itself was not sufficient to throw off the disease.

I will not speak further of my recovery, and I My friends now entertained no ground of hope to survive many days. had no earthly ground of hope to survive many days. Fortunately at this juncture, I saw one of Dr. Wistar's Pamphlets, entitled "Family Medical Guide;" or "Treatise on Consumption of the Lungs." As I had often heard of dying men "catching at straws," I felt this doing so myself. By the consent of my Physicians, I sent to you for a bottle of the medicine described viz: "*Wistar's Balsam of Wild Cherry,*" which relieved me almost immediately. After I had used some five or six bottles *I so far recovered as to be up and about.* My cough ceased, and my lungs were restored to a healthy state—all from the *healing and balmy influence and powerful medicinal virtues of Wistar's Balsam.*

Were it not from the external injury I received in my shoulder and arm by the explosion, I feel confident that I might have been working at my trade (which is blacksmithing,) but this has prevented.

By exposure, I have since taken several severe colds, and my *only remedy* has been WISTAR'S BALSAM. And I now most cordially recommend the *genuine* And I now most cordially recommend the *genuine Wistar's Balsam* to all who are afflicted with *Colds, Coughs*, or *Lung Complaints*. I consider it an invaluable medicine—a real blessing to the world. Any person desiring further information, may call on me any time. Yours truly,

McAlister's All-Healing Ointment.

INSENSIBLE PERSPIRATION.

THE preceding figure is given to represent the INSENSIBLE PERSPIRATIONS It is the great *evacuation* for the impurities of the body. It will be noticed that a thick cloudy mist issues from all points of the surface, which indicates that this perspiration flows uninterrupted ly when we are in health. but ceases when we are sick. Life cannot be sustained without it. It is thrown off from the blood and other juices of the body, and disposes by this means, or nearly all the impurities within us. The language of Scripture is "in the *Blood* is the Life." If it ever becomes impure, it may be traced directly to the stopage of the *insensible perspiration*. Thus we see, all that is necessary when the blood is stagnant, or infected, is to open the pores, and it relieves itself from all impurity *instantly*. Its own heat and vitality are sufficient, without one particle of medicine, except to open the pores upon the surface. Thus we see the folly of taking so much internal remedies. All practioners, however, direct their efforts to restore the Insensible Perspiration. The Thompsonian, for instance, *steams*, the Hydropathist shrouds us in wet blankets, the Homopathist deale out infinitissimals, the Allopathist bleeds and doses us with mercury, and the blustering Quack gorges us with pills, pills, pills.

To give some idea of the amount of the Insensible Perspiration, we will state that the learned Dr. Lewenhock ascertained that five-eights of all we receive into the stomach, passed off by this means. In other words, if we eat and drink eight pounds per day, we evacuate five pounds of it by the Insensible Perspiration.

This is none other than the used up particles of the blood, and ther juices giving place to the new and fresh ones. To check this, therefore, is to retain in the system five-eights of all the virulent matter that nature demands should leave the body.

By a sudden transition from heat to cold, the pores are stopped, the perspiration ceases, and disease begins at once to develope itself. Hence, a stoppage of this flow of the juices, originates so many complaints.

It is by stopping the pores, that overwhelms mankind with coughs, colds, and consumption. Nine tenths of the world die from diseases induced by a stoppage of the Insensible Perspiration.

Let me ask, now, every candid mind, what course seems the most reasonable to pursue, to unstop the pores, after they are closed. Would you give physic to *unstop* the pores? Or would you apply something that would do this upon the surface, where the disease is? And yet I know of no physician who makes any external applications to effect it. Under these circumstances, I present to physicians, and to all others, McAlister's *All-Healing Ointment*, or the *World's Salve*. It has *power* to restore perspiration to the feet, on the head old sores, upon the chest, in short, upon any part of the body, whether diseased slightly or severely.

It has *power* to cause all external sores, scrofulous humors, skin diseases, poisonous wounds, to discharge their putrid matter, and then heals them.

It is a *remedy* that sweeps off the whole catalogue of cutaneous disorders, and restore the entire cuticle to its healthy functions.

It is a *remedy* that forbids the necessity of so many and deleterious drugs taken into the stomach.

It is a *remedy* that neither sickness, gives inconvenience, or is dangerous to the investigator.

It preserves and defends the surface from all decomposing of its functions. The surface is the outer five-eights of the bile and used up matter will in. It is pierced with millions of openings to relieve the intestines. Stop up these pores, and *death* knocks at your door. It is rightly termed All-Healing, for there is scarcely a disease, external or internal, that it will not benefit. I have used it for the last fourteen years for all diseases of the chest, consumption, liver complaint, &c., and never in one instance failed to give relief. I am willing to refer to the utmost danger and responsibility, and to the public. As evidence that it is the first remedy in the world for diseases of the throat, lungs, &c., I refer to the following men "catching at straws," but with confidence of never to be heard of, which he expects to make additions regularly.

Whatever may be the *rationale*, I must repeat it, that I am most profoundly thankful to my friends for their discrimination in not consigning my discovery to that compendiuous category of "inventions that did not answer"—of "tricks that won't win."

The Wilson Pills are useful as a GENERAL remedy, and may be kept and taken, in proper doses, in families, as a preventative of general ill health, or disease of whatever name, by any member of the family, without any fear of the consequences of exposure in the ordinary pursuits of business.

☞ They may always be had in any quantity of the proprietor, in Penn street, below Marbury, and of the principal Druggists of this city and Allegheny.

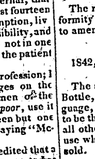
Preserve the Teeth.

FAR better is it to cure the toothache in one minute, by using Wheeler's Teaberry Tooth Wash, than to suffer the aching; also to cure soreness of the gums, cure softness of the gums, keep the teeth pearly white and always keep the teeth, gums and mouth pleasant, and in the best state of health.

Whilst introducing WHEELER'S TEABERRY TOOTH WASH to the public, it is the painful duty of the proprietor, to state that this article, which is the original, and only genuine Teaberry Tooth Wash, has been imitated by numerous Teaberry Tooth Washes, Teaberry Tooth Pastes, and a variety of articles with Teaberry Tooth Powders, which, in fact, the name Teaberry annexed to them; when, in fact, this article is the first that ever bore the name of Teaberry, and is the only one which possesses the real virtue of the plant, and established all the celebrity for it; which induced other persons to make use of its name, though they never did present its intrinsic virtues to the public. As evidence that it is the first preparation of Teaberry for the Teeth, the copy of the certified records of the United States District Court is published—



Eastern District of Pennsylvania, to wit: Be it remembered, That on the second day of February, Anno Domini one thousand eight hundred and forty-two,

W. WHEELER,

Of the said District, hath deposited in this Office the Title of a Book, the title of which is in the words following, to wit:

TEABERRY TOOTH WASH.

The right whereof he claims as Proprietor, in conformity with the *Act of Congress*, entitled "An Act to amend the several Acts respecting Copy Rights."

FRAS. HOPKINSON,
Clerk of the Dist. Court.

1842, Feb. 2d. Copy deposited.

CHAS. J. HEAZLETT.

The above Copy Right for the Wrapper of the Bottle, showing the Title of the Article in legal language, and granted in the legal form, will prove this to be the Orginal TEABERRY TOOTH WASH, and all others are but imitations, which has grown out of the use of WHEELER'S TEABERRY TOOTH WASH, and use wherever the Genuine Teaberry Tooth Wash is sold. Then, remember, none is genuine but

WHEELER'S.

Having made use of your much celebrated Teaberry Tooth Wash, I feel convinced that it is the best article I have ever known, and hereby warmly recommend its use to the public in general, as a pleasant and efficacious article for preserving the Teeth and Gums. ROBERT E. JOHNSTON.

For a number of years my Teeth and Gums were so much out of order as to prevent me from eating with any pleasure, and caused much pain. Having heard of Wheeler's Teaberry Tooth Wash, I do certify that I tried one bottle of it, and in less than two weeks my teeth and Gums were sound and good; I believe that the use of it would be an advantage to many others. J. BRAZER.

Certificates of Ladies and Gentlemen of Philadelphia.

"It is with gratitude that I send the following certificate, hoping that many who suffer will be led by a perusal of it, to obtain Wheeler's Teaberry Tooth Wash, which article I used, and it has effectually cured tooth-ache, soreness of the gums, removed scurf from my teeth, and I fully believe has entirely arrested all decay of them. I trust that all who suffering either of the same species of complaint, will as soon as possible use Wheeler's Teaberry Tooth Wash, that they may be relieved.

JULIANA CUTHRAL.

"Owing to having taken cold, but mostly in consequence of the acid of a paint used in coloring prints, my Teeth became very much injured, giving excruciating pain at intervals for between two and three years. Wheeler's Teaberry Tooth Wash was used, and has entirely cured them, which in certificate form I send, that those who wish a perfect remedy for painful teeth,
