Transportation Lines.

Pittsburgh Portable Boat Line,

1846.

FOR the transportation of freight between Pittsburgh and the Atlantic cities, via Pennsylvania Improvements and Baltimore and Susquehanna railroad.

The Proprietors of this old established line, having completed their arrangements, are prepared to forward goods to and from the East (on the opening of the canal navigation,) on as reasonable terms as any other responsible line, and are determined that no care or attention on their part shall be wanting to secure a continuance of that patronage so liberally bestowed upon them for several years past.

The decided success of the portable boat system, so manifest in the regularity and despatch experienced in the delivery of goods, the absence of all risk of delay, breakage or other damage, incident to the old system, where goods have to be hurriedly transhipped three times on the way, and the merchantable order in which produce has been avowedly delivered by them, has induced the proprietors to increase their stock considerably this season. Their extensive warehouses at each point, (unequalled by any other line,) affords them facilities to conduct their business with despatch; and to shippers the convenience of free storage, if required, until their arrangements are complete—while their long experience in the carrying trade, it is presumed, will be sufficient guarantee to their patrons and the public that they will successfully exert themselves to give general satisfaction.

Produce received forwarded, steamboat charges paid, and bills lading transmitted free of charge for commission, advancing or storage, and all communications to the following agents promptly attended to:

TAAFFE & O'CONNOR,
Cor. Penn and Wayne sts., Pittsburgh.
THOMAS BORBIDGE,
278 Market street, Philadelphia.
O'CONNORS & Co.,
mar30-y North st., Baltimore.

Bingham's Transportation Line.

1846.

CONDUCTED on strict Sabbath-keeping principles, though not claiming to be the only line that is so conducted. The proprietors of this old established line have put their stock in the most complete order, and are thoroughly prepared to forward produce and merchandize to and from the Eastern cities on the opening of navigation.

We trust that our long experience in the carrying business, and zealous attention to the interests of customers, will secure to us a continuance and increase of the patronage heretofore bestowed on 'Bingham's Line.'

Our arrangements will enable us to carry freight with the utmost despatch; and our prices shall always be as low as the lowest charged by other responsible lines.

Produce and merchandize will be received and forwarded cast and west without any charge for advertising, storage or commission.

Bills of lading forwarded, and every direction promptly attended to.

CLOTHING! CLOTHING!! CLOTHING!!!

The Three Big Doors vs. The Western World!!!

150,000 WELL SELECTED GARMENTS

NOW made and ready to be offered on the most liberal terms to my old customers and the public in general. The Proprietor of this far famed and extensive establishment has now, after returning from the Eastern cities, at much trouble and exposse, just completed his fall and winter arrangements to supply his thousands of customers with one of the most desirable stocks of Clothing that has ever been offered in this or any other market west of the mountains. For neatness in style and workmanship, combined with the very low price which they will be sold for, must certainly render the old unrivalled Three Big Doors one of the greatest attractions of the western country. It is gratifying to me to be able to announce to my numerous friends at home and abroad, that notwithstanding the extraordinary efforts which I have made to meet the many calls in my line, it is with difficulty I can keep time with the constant rush that is made on this popular establishment. It is a well established fact, that my sales are eight or ten times larger than any other house in the trade, and this being the case on the amount sold, I can afford to sell at much less profit than others could possibly think of doing if they wished to cover contingent expenses. I intend to make a clean sweep of all my present stock before the beginning of next year, coming to this conclusion, I will make it the interest of every man, who wants a cheap winter suit, to call and purchase at the Three Big Doors.

Medical.

The Press, Medical Faculty and Thousands who have used *Dr. Swayne's Compound Syrup of Wild Cherry*, all concur in pronouncing it one of the best remedies ever invented, for the cure of all PULMONARY AFFECTIONS.

CONSUMPTIVES BEWARE OF IMPOSITION.—The Wild Cherry Tree in all ages of the world, and in all countries where it is known, both among civilized as well as savage nations and tribes, is justly celebrated for its wonderful medicinal qualities. This, combined with many other valuable vegetable extracts, and prepared by a skillful physician, who possesses the advantages of the experience and practice of his profession of nearly a quarter of a century, must be a valuable acquisition to those who are laboring under any of the dangerous diseases of the Lungs so common in our climate. Such a preparation is Dr. Swayne's Compound Syrup of Wild Cherry, prepared by himself at his labartory in Philadelphia. *Dr. Wistar*, of Philadelphia, *has not nor never has had* any thing to do with any preparation of Wild Cherry, but there was one got up in Philadelphia and the name of *Wistar* attached, the right of which was sold out to some merchants in the West. If you would get the genuine article, the only one prepared by a regular physician, see that the signature of Dr. Swayne, of Philad'a., is on each bottle.

More Home Testimony.

PHILADELPHIA, Sept. 28, 1846.

Dr. H. Swayne:—Dear Sir—Having seen the "astonishing cure" performed on Mr. Thomas by your *Compound Syrup of Wild Cherry*, I was induced to try it on myself. I was taken with a violent cough, spitting of blood, shortness of breathing, together with violent attacks of Asthma. I overdone myself from exertion which I was not able to perform, which prostrated my system to a great extent. I commenced the use of your Compound Syrup of Wild Cherry, together with your Extract of Sarsaparilla and Tar Pills, which gave me almost immediate relief, and I am glad to give my testimony to all who may be afflicted in a similar way. I am now able to resume my daily labor. It would do well to see that the signature of Dr. H. SWAYNE is on each bottle of Wild Cherry. My residence is in Thirteenth street two doors from the corner of Willow, where I shall be glad to have an interview with all similarly afflicted.

WM. R. WALTON.

Letter from the Rev. R. Jickson.

Formerly Pastor of the First Presbyterian Church, New York.

NEW BRUNSWICK, Feb. 15, 1846.

Dr. Swayne—Dear Sir—Permit me to take the liberty of writing to you at this time, to express approbation, and recommend to the attention of heads of families and invalids a valuable medicine—your Compound Syrup of Wild Cherry. In my travels of late, I have seen in a great many instances, the wonderful effects of your medicine in relieving children of very obstinate complaints, such as Whooping Coughing; Croup, with the phlegm, asthmatic attacks, &c. I should not have written this letter, however, at present, although I have felt it my duty to add my testimony to it for some time, had it not been in this instance where the medicine above alluded to was instrumental in restoring to perfect health an only child, whose case was almost hopeless, in a family of my acquaintance. I thank heaven, said a doting mother, 'my child is saved from the jaws of death.'

Beyond all doubt, Dr. Swayne's Compound Syrup of Wild Cherry is the most valuable medicine in this or any other country. I am certain I have written the above from more than one hundred cases where it has been attended with complete success. I have used it myself in an obstinate attack of the Bronchitis, in which it proved effectual in an exceedingly short time, considering the severity of the case. I now feel restored to it in the fullest confidence of its superior virtues. I would advise that no family should be without it; it is very pleasant, and always beneficial; worth double and often ten times its price. The public are assured there is no quackery about it.

R. JOHNSON, D. D.

Reader! are you suffering from a cold or disease of the lungs! Try this remedy! you will not, perhaps, regret it. It will arrest all those disagreeable symptoms which strike as much terror to the mind and prolong your days; beware of all preparations purporting to contain Wild Cherry, except that bearing the signature of Dr. H. Swayne, on the outside wrapper of the bottle as they are quite likely destitute of the article from which they borrow a name.

Prepared only by Dr. SWAYNE, *whose office has been removed to the N. E. Corner of Eighth and Race Streets*, Philadelphia.

Sold wholesale and retail in Pittsburgh at proprietors prices, by WM. THORN, 53 Market st.; OLDEN & SNOWDEN, corner of Wood and 2d sts.; J. JONES, 65 Liberty st.

Wilson's Pills.

THE WILSON PILLS, as a remedy peculiarly adapted for headaches and dyspeptic affections, are pretty generally known and esteemed in the community and the proprietor, so often as he has occasion to write or speak of them, can scarcely refrain from an expression of his grateful acknowledgments to his friends for their patronage and kindness to him. His feelings are the warmer from observing the "beginning and the ending"—thrown almost in juxtaposition—of so many nostrums and kindred preparations equally loud in their pretensions, and much more industriously presented to the public, while his preparation noiselessly advances, even to remote places, soothing and comforting the afflicted, and permanently grafting itself upon the affections of new friends; thus continually widening the circle of its usefulness. Although well satisfied that his medicine has, as it were, a principle of perpetuity in it, yet he is obliged to his friends for the most *substantial* evidence of the fact.

In its natural history, if you please, the Wilson Pill differs from most other preparations in not being originally made for sale, or with a view to pecuniary profit; while as every body knows, the greatest tyro (as a general thing) no sooner begins to dabble in things than he casts about for some cheap preparation, or must 'get up,' as the phrase is, something—anything that will sell. Often he attempts it under an assumed or fictitious name, as though conscious his own were insufficient to sell it. The difference then between the Wilson Pill and the preparations a have just indicated, would appear to be this: The consciousness of the value of my pill originated the idea of putting them on sale for money, and at a price. The consciousness of the value of *money* originates in most instances the many preparations I have alluded to; and the *price* most likely 'to take' is always first carefully considered, and the pill or other preparation made and graduated to suit it. The one is a DISCOVERY, and comes from the great Arcana of Universal Nature; the other a *trick or invention*, and comes from a not very popular quality of INDIVIDUAL Nature. Reader! the difference here is great. In one instance the *value* attached to the PILL is the starting point; in the *other*, the MONEY. But it is not probable that some of the many preparations having even *such* paternity were *accidentally good*, but that possibly by this process of "getting up" as they call it, by puffing and blowing, as we clean wheat, they have been "got up" too high before their specific gravity had been carefully ascertained, and have blown off never to be heard of, with other chaff—some lighter, some heavier.

Whatever may be the *rationale*, I must repeat it, that I am most profoundly thankful to my friends for their discrimination in not consigning my discovery to that compendious category of "inventions that did not answer"—of "tricks that won't win."

The Wilson Pills are useful as a GENERAL remedy, and may be kept and taken, in proper doses, in families, as a preventative of general ill health, or disease of whatever name, by any member of the family, without any fear of the consequences of exposure in the ordinary pursuits of business.

☞ They may always be had in any quantity of the proprietor, in Penn street, below Marbury, and of the principal Druggists of this city and Allegheny.

Dagley's Patent Extension Pen Holder and Pencils.—This is the most compact, complete, convenient and useful pocket companion ever offered to the public. The multiplicity of its usefulness and the smallness of its size renders it a perfect Multum in Parvo. In the short space of 2½ inches is contained a Gold Pen, Pencil, and a reserve of leads, and by one motion slides either the Pen or Pencil out, and extends the holder to six inches, which is but little more than half the length when shut up, of the common pen holder, but when extended is one fourth longer. The above useful article just received from the manufacturer, and for sale by

CHRISTIE'S

A POSITIVE AND PERMANENT CURE FOR

RHEUMATISM

AND ALL NERVOUS COMPLAINTS.

"What though the *causes* may not be explained,
Since their *effects* are duly ascertained,
Let not delusion, prejudice, or pride,
Induce mankind to set the means aside;
Means which, tho' simple, are by Heaven design'd
To alleviate the ills of human kind."

DR. CHRISTIE'S GALVANIC RINGS AND MAGNETIC FLUID.

THIS remarkable invention, which has received the universal approbation of the medical profession of Great Britain, comprises an entirely new application of Galvanism, as a remedial agent, by means of which the ordinary Galvanic Batteries, Electric and Magnetic Machines, &c., are entirely dispensed with, and the mysterious power of Galvanism applied without any of the objections which are inseparable from the general mode now in use. The strong doses, and irregular intervals, in which Galvanism is applied by the Machines, has been pronounced, after a fair and impartial trial, to be *decidedly injurious*, and it was to remedy this radical defect that this new application was projected, which, after unceasing toil and perseverance, has been brought to its present state of perfection. The *Galvanic Rings* answer all the purposes of the most expensive Machines, and in many other respects are more *safe* and *certain* in accomplishing the desired effect.

The *Galvanic Rings* used in connection with the *Magnetic Fluid*, are confidently recommended in *all disorders which arise from an enfeebled and unhealthy state of the nervous or vital system*, and these complaints are among the most painful and universal to which we are subject. They arise, without exception, from one simple cause—a derangement of the Nervous System—and it was in these cases that other remedies having so often failed, a new agent was greatly needed, which it is confidently believed, has been found in the proper and judicious application of Galvanism.

The Galvanic Rings have been used with entire success in all cases of RHEUMATISM, acute or chronic, applying to the head, face or limbs, *Gout, Tic-Doloreux, Toothache, Bronchitis, Vertigo, Nervous Sick Headache, Indigestion, Paralysis, Palsy, Epilepsy, Fits, Cramp, Palpitations of the Heart, Apoplexy, Stiffness of Joints, Spinal Complaints, Lumbago, Neuralgia, Nervous Tremors, Dizziness of the Head, Fainting; Sinking with the Stomach, General Debility, Depression, Anxious and Physical Energy, and all* NERVOUS DISORDERS. In cases of confirmed Dyspepsia, which is simply a nervous derangement of the digestive organs, they have been found equally successful in their extraordinary effects upon the system must be witnessed to be believed, and as a certain preventive for the preceding complaints they are equally recommended. The Rings are of different prices, being made in 4 sizes, and of various ornamental patterns, and can be worn by the most delicate female without the slightest inconvenience. In fact, the sensation is rather agreeable than otherwise.

The Galvanic Belts, Bracelets, Bands, Garters, Necklaces, &c.

In some cases of a very severe character, and of long standing, the power as applied by the Galvanic Rings is not sufficient to arrest the progress of disease and ultimately restore health. The improved modification in the Galvanic Belts, Bracelets, &c., entirely remedies this objection; any degree of power that is required can readily be obtained, and no complaint which the mysterious agent of Galvanism can effect will fail to be permanently relieved. These articles are adapted to the waists, arms, wrists, limbs, ancles, or any part of the body, with perfect convenience. The Galvanic Necklaces are used with greater benefit to strike an instant terror to the mind, and prolong your days; beware of all preparations purporting to contain Wild Cherry, except that bearing the signature of Dr. H. Swayne, on the outside wrapper of the bottle as they are quite likely destitute of the article from which they borrow a name.

Prepared only by Dr. SWAYNE, *whose office has been removed to the N. E. Corner of Eighth and Race Streets*, Philadelphia.

Wilson's Pills.

THE WILSON PILLS, as a remedy peculiarly adapted for headaches and dyspeptic affections, are pretty generally known and esteemed in the community and the proprietor, so often as he has occasion to write or speak of them, can scarcely refrain from an expression of his grateful acknowledgments to his friends for their patronage and kindness to him. His feelings are the warmer from observing the "beginning and the ending"—thrown almost in juxtaposition—of so many nostrums and kindred preparations equally loud in their pretensions, and much more industriously presented to the public, while his preparation noiselessly advances, even to remote places, soothing and comforting the afflicted, and permanently grafting itself upon the affections of new friends; thus continually widening the circle of its usefulness. Although well satisfied that his medicine has, as it were, a principle of perpetuity in it, yet he is obliged to his friends for the most *substantial* evidence of the fact.

In its natural history, if you please, the Wilson Pill differs from most other preparations in not being originally made for sale, or with a view to pecuniary profit; while as every body knows, the greatest tyro (as a general thing) no sooner begins to dabble in things than he casts about for some cheap preparation, or must 'get up,' as the phrase is, something—anything that will sell. Often he attempts it under an assumed or fictitious name, as though conscious his own were insufficient to sell it. The difference then between the Wilson Pill and the preparations a have just indicated, would appear to be this: The consciousness of the value of my pill originated the idea of putting them on sale for money, and at a price. The consciousness of the value of *money* originates in most instances the many preparations I have alluded to; and the *price* most likely 'to take' is always first carefully considered, and the pill or other preparation made and graduated to suit it. The one is a DISCOVERY, and comes from the great Arcana of Universal Nature; the other a *trick or invention*, and comes from a not very popular quality of INDIVIDUAL Nature. Reader! the difference here is great. In one instance the *value* attached to the PILL is the starting point; in the *other*, the MONEY. But it is not probable that some of the many preparations having even *such* paternity were *accidentally good*, but that possibly by this process of "getting up" as they call it, by puffing and blowing, as we clean wheat, they have been "got up" too high before their specific gravity had been carefully ascertained, and have blown off never to be heard of, with other chaff—some lighter, some heavier.

Whatever may be the *rationale*, I must repeat it, that I am most profoundly thankful to my friends for their discrimination in not consigning my discovery to that compendious category of "inventions that did not answer"—of "tricks that won't win."

The Wilson Pills are useful as a GENERAL remed
