HYGENE. Discovered by Dr. Matoni of Italy in the year 1845, and introduced into the U. States early in 1846. and introduced into the U. States early in 1840. THEIS unfivelled medicine for the radical cure of *I* (*chronic* diseases has spread th oughout Europe with the most unequalled speed and trumphant suc-čess, effecting the most astonishing cures ever known or recorded in the aninals of Medical History. Since its introduction into the United States it has equally sustained the high reputation it so justly received in the East, curing here as it has done there, the most to suffering humanity. It is now an established het "that Consumption may be, can be, and has been eited by Dr. Mazoni's Steillan Syrup or Tropical Hydras. This is the only medicine that has ever been dis-covered that has achieved a cure where this discuss had gained a settled and permanent hold apon the system. For the truth of this assertion, we have the certificates of some of the most eminent Physi-cians of. Europe and America, expressly decising that the horeorecerified it in hordcreds of institutes tration of this
