Ry the annual report of the inclosure commission it appears that for this year application has been made for the inclosure of waste lands, comprising 155.381 acres, 2 roods and 26 perches, in England alone. The quantities of land in this country, still in a primeval condition, are really prodigious, but the free trade measures will bring a cansiderable portion of it into cultivation.

The annual meeting of the Manchester Chamber of Commerce enabled the president to enter into the important question of the cultivation of the cotton in British India. In 1836, there were 219.
