V EGETABLE PULMONARY BALSAM.—About four years since, I was attacked with a violent cough. I tried various remedies, and consulted several physicians without relici. On the recommendation of a friend, I commenced using the Vegetable Pulmonary Balsam, and derived immediato relief from it, and by continuing the use of it a short time, my cough was entirely removed. I have since always taken it myself, and recommended it to others, when attacked with a cough, and never knew it to fall of giving immediate relief, although I have recommended it to many. I can; therefore, with confidence recommend it to the public.

Boston, November 20, 1847.
