LOCAL MATTERS.

COURT OF QUARTER SESSIONS.—*June* 29, 1847.—Court met pursuant to adjournment. Present Hon. Benjamin Patton, President; and Hon. Wm Porter, Associate.

Commonwealth vs. *Wm. G. Alexander.* Indicted for assault and battery. Jury had leave to seal their verdict till Monday morning.

Commonwealth vs. *Thomas Larkins.*—Indict't, Larceny. Property stolen a Cow, belonging to a lady in Allegheny City. Verdict Guilty.

Commonwealth vs. *Jerry Hall.* Surety of the peace; parties heard and case held over to consider until another case between the same parties is disposed of.

The traverse Jury was discharged till Monday morning at 10 o'clock.

The Grand Jury having finished the business for the term, were discharged with the thanks of the Court.

Having had an opportunity of witnessing the proceedings of this Court for some time, it may not be improper to state some of the facts in relation to the business which comes under its jurisdiction. Some years ago, it was considered, a rare thing, if the number of cases on the calender at one term were to exceed one hundred, and *that* at October term the largest in the year, while now there is not a term passes without between 100 and 200, and frequently more cases, coming before the Court. At this term usually the smallest in the year, there are cases 163 on the calender for trial, of these, during this week, the Court have disposed of between fifty and sixty. Indeed the manner in which the business has been disposed of in this Court, has been such as to draw frequent compliments, from the different presses of this City.—The Court, we are sure, have succeeded admirably, in the effort to dispose of the business with despatch and with justice to all parties.

The officer of the Commonwealth is entitled to a large share of commemoration for his conduct. Parties and witnesses have learned that they must be in attendance when their cases are called up, as their recognancies will be forfeited, and pestered as he is by the numerous suitors with inquiries when will my case come up, we have often admired the coolness which he pursues, and the gentlemanly manner in which he treats, those who have business to transact with him. He has the confidence of the Court, the respect of his fellow members of the Bar, and the good will of his acquaintances. *

[The above was crowded out of yesterday morning's Post.]

June 28, 1847.

SHIP FEVER.—We learn that there is a case of this malignant disease near the corner of Penn and Irwin streets, brought on by emigrants. The Councils ought immediately to attend to *it*, before the contagion spreads. Our city is at present in a condition to invite sickness, and were it not for the wonderful salubrity of Pittsburgh, it would soon be one vast pest-house. Let any one take a walk to the *canal*, and he will soon satisfy himself as to the truth of our remark. During the present hot weather the alleys and gutters should be cleansed, and freely washed with hope; the water should be let out at the Manongahela end of the Canal, and that vast depository of garbage, scum, and filth thoroughly cleansed. Those who live in the neighborhood had better look to it in time, before the *ship fever*, or some other terrible disease, has fastened itself upon our city. Now is the time to act, before the *dog-days* have come on; and if recepticles of filth are not soon purified by the action of hoe, broom and water, a fearful responsibility will rest on the heads of those whose business it is too look to the sanitary condition of the city.

DISCHARGED SOLDIERS.—We have been favored with the following memorandum from our friend Wm. B. Foster, Esq:

"*Sunday, June* 27.—Arrived on board the steamer Pacific, JAMES WELLS, formerly a coal digger for George Bell, of Bayardstown. He has been thirteen years a regular soldier in 3d Regiment of U. S. Infantry; has an honorable discharge from his commanding officer, in consequence of a rupture, occasioned by lifting a cannon at Cerro Gordo. He has a certificate from Captain Alexander, that he fought the Mexicans at the battles of Palo Alto, Resaca de la Palma, Monterey, Vera Cruz and Cerro Gordo. Honor to the brave old soldier.

"Also, three of the Baltimore Volunteers, Company A, who have served their country one year under Captain Stewart.

"P. S.—Twenty or thirty Volunteers from the same Regiment arrived on the steamboat Eureka."

IRISH RELIEF.—The agent of the Central Relief Committee, Philadelphia, advises us that a vessel with a fourth cargo had arrived at Ireland, and that they were scattering it over the country as much as possible. A fifth cargo is loading with all despatch, and they hoped to load a sixth within a fortnight; this last, we hope, will receive all our Western Pennsylvania, Ohio and Virginia relief produce: all being now on board canal boats, having started with about 200 tons freight. This leaves only a mere trifle on hand, a part of which is not in shipping order. It is a pleasing reflection to me that my health has enabled me to bring this arduous labor to a close. As soon as time will permit, the aggregate of shipments will be given.

M. ALLEN, *Prest. pro tem.*

CORRECTION.—In our notice of the I. O. of O. F. yesterday, our neighbor Meredith was treated rather scurvily. His name was awfully mangled in the types; as any person would perceive who is connected with the order.

By the way, we observe by a notice which will be found in another column, that some trouble is likely to result from this appointment. We know nothing of the matter; so we must keep cool, and let those interested settle it among themselves.

THE Democratic County Convention will meet in the new Court House, at 10 o'clock to-morrow morning.

WE every day hear of some accident caused by firing crackers in the streets. The officers will prevent it if they can—but can they? It will need the aid of the citizens to suppress the nuisance.

BANNER.—The Duquesne received, on Saturday, from the Niagara, the beautiful banner which was got up as a token of friendship

GOV. SHUNK left for Harrisburgh yesterday morning.

THEATRE.—The Lehmans seem to have won the favor and friendship of our citizens—particularly the press. All have spoken in the highest tones of their performances. They appear again to night.

ASTONISHING EXPERIMENTS.—We call attention to the card of Prof. LOOMIS and Mr C. H. GIBON, who lecture on Human Magnetism, Clairvoyance &c. this evening, at the ODEON, Fourth street.

YESTERDAY was the hottest day of the season; it was almost insufferable, until cooled down some by a glorious rain, which continued until our form was closed.

ACQUITTED.—Wm. B. Schaffer, of this city, who was charged with obtaining goods under false pretences, was called up for trial before Judge Kelly, of Philadelphia, last Wednesday. The Attorney General stated that the case had been pending for some time for the purpose of eliciting some testimony as to the guilt of the defendant, but no witnesses appearing that could sustain the charge, he laid the bill before the jury, at the instance of Mr. J. P. Fairlamb, counsel for the defendant, and a verdict of not guilty was returned.—*Dispatch.*

Why will you be Sick?

MARION C. HOUSE, S. C., April 10th, 1847.
DR. D. JAYNES—Dear Sir: It was some time before the people here would try your Medicines, but after they found out their virtues, I sold out your EXPECTORANT and ALTERATIVE directly, and could have sold several dozen more of each since they gave out. Your SANATIVE PILLS are rising very high in the estimation of the people, and I shall be out of them in a few days. Several persons here speak well of the HAIR TONIC.—There is a young man in this neighborhood, who has been reduced to his bed by *Scrofula*, his physician told me that he *must die*; I told him that I thought that JAYNE'S ALTERATIVE would help him. He said, "all the medicines in the world would not save him!" I think, said I, Doctor, if you are done with him, I will try him. His reply was, "if you can cure him the medicine is worth a fortune." I sent the sick man a bottle of your Alterative, which he took, and in one month was able to visit his neighbors. The medicine, however, gave out before he was entirely well. I wish you, therefore, to send me more as soon as possible. I also gave the Alterative in a case of *Cancer*, with great success. In short, although I thought very little of your articles at first, I now think, like I heard an old Methodist Preacher say the other day, publicly, that your's were the "best medicines in the world."
Respectfully, yours,
JOHN M'MILLAN, P. M.

McAlister's All-Healing Ointment.
INSENSIBLE PERSPIRATION.

THE preceding figure is given to represent the INSENSIBLE PERSPIRATIONS. It is the *great evacuatior* for the impurities of the body. It will beneficed that a thick cloudy mist issues from all points of the surface, which indicates that this perspiration flows uninterrupted ly when we are inhealth, but ceases when we are sick. Life cannot be sustained without it. It is thrown off from the blood and other juices of the body, and disposes by this means of nearlyall the impurities within us. The language of Scripture is "in the *Blood* is the Life." If it ever becomes impure, it may be traced directly to the stoppage of the *insensible perspiration*. Thus we see, all that is necessary when the blood is stagnant, or infected, is to open the pores, and it relieves itself from all impurity *instantly*. Its own heat and vitality are sufficient, without one particle of medicine, except to open the pores upon the surface. Thus we see the folly of taking so much internal remedies. All practioners, however, direct their efforts to restore the Insensible Perspiration. The Thompsonian, for instance, *steams*, the Hydropathist shrouds us in wet blankets, the Homopathist deals out infinitissimals, the Allopathist bleeds and doses us with mercury, and the blustering Quack gorges us with pills, pills, pills.

To give some idea of the amount of the Insensible Perspiration, we will state that the learned Dr. Lewenhock; ascertained that five-eighths of all we receive into the stomach, passed off by this means. In other words, if we eat and drink eight pounds per day, we evacuate five pounds of it by the Insensible Perspiration.

This is none other than the used up particles of the blood, and their juices giving place to the new and fresh ones. To check this, therefore, is to retain in the system five-eights of all the virulent matter that nature demands should leave the body.

By a sudden transition from heat to cold, the pores are stopped, the perspiration ceases, and disease begins at once to develope itself. Hence, a stoppage of this flow of the juices, originates so many complaints.

It is by stopping the pores, that overwhelms mankind with coughs, colds, and consumption. Nine tenths of the world die from diseases induced by a stoppage of the insensible Perspiration.

Let me ask, now, every candid mind, what course seems the most reasonable to pursue, to unstop the pores, after they are closed. Would you give physic to *unstop* the pores? Or would you apply something that would do this upon the surface, where the clog ging actually is? And yet I know of no physician who makes any external applications to effect it. Under these circumstances, I present to physicians, and to all others, McAlister's *All-Healing Ointment*, or the *World's Salve*. It has *power* to restore perspiration on the feet, on the head old sores, upon the chest, in short, upon any part of the body, whether diseased slightly or severely.

It has *power* to cause all external sores, scrofulous humors, skin diseases, poisonous wounds, to discharge their putrid matter, and then *heals them*.

It is a *remedy* that sweeps off the whole catalogue of cutaneous disorders, and restore the entire cuticle to its healthy functions.

It is a *remedy* that forbids the necessity of so many and deleterious drugs taken into the stomach.

It is a *remedy* that neither sickness, gives incompetence, or is dangerous to the intestines.

It preserves and defends the surface from all derangement of its functions. The surface is the outlet of five-eights of the bile and used up matter within. It is pierced with millions of openings to relieve the intestines. Stop up these pores, and *death* knocks at your door. It is rightly termed All-Healing, for there is scarcely a disease, external or internal, that it will not benefit. I have used it for the last fourteen years for all diseases of the chest, consumption, fivers involving the utmost danger and responsibility, and I declare before Heaven and man, that not in one single case has it failed to benefit, when the patient was within the reach of mortal means.

I have had physicians, learned in the profession; I have had ministers of the Gospel, Judges on the bench, Aldermen and Lawyers, gentlemen of the highest erudition and *multitudes of the poor*, use it in every variety of way, and there has been but one voice—one united and universal voice—saying "McAlister, your Ointment is *good*.

CONSUMPTION.—It can hardly be credited that a salve can have any effect upon the lungs, seated as they are within the system. But if placed upon the throat, it penetrates directly to the lungs, separates the poisonous particles that are consuming them, and expels them from the system.

I need not say that it is curing persons of consumption continually, although we are told it is foolishness, I care not what is said, so long as I can cure several thousand persons yearly.

HEADACHE.—The Salve has cured persons of the Headache of ten years standing, and who had it regularly every week, so that vomiting often took place.

Deafness and Ear Ache are helped with like success.

COLD FEET.—Consumption, Liver complaint, pains in the chest or side, falling off the hair, one of the other always accompanies cold feet.

The Salve will cure every case.

In Scrofula, Erysipelas, all Rheum, Liver complaint Sore Eyes, Quinsy, Sore Throat, Bronchitis, Broken or Sore Breast, Piles, all Chest Diseases, such as Asthma, Oppression, Pain, also Sore Lips, Chapped Hands, Tumours, Cutaneous Eruptions, Nervous Diseases, and of the Spine there is probably no medicine now known so good.

BURNS.—It is the best thing in the world for Burns. (Read the Directions around the box.)

PIMPLES ON THE FACE.—Nasceline Skin gross surface. Its first action is to expel all humor. It will not cease drawing till the face is free from any matter that may be lodged under the skin, and frequently breaking out to the surface. It then heals. When there is nothing but grossness, or dull repulsive surface, it begins to soften and soften until the skin becomes as smooth and delicate as a childs.

WORMS.—If parents knew how fatal *vast quantities* were to children taken inwardly, they would be slow to resort to them. Especially "mercurial lozenges" called "medicated lozenges," "vermifuges" pills, &c. The truth is, no one can tell, invariably when worms are present. Now let me say to parents that this Salve will always tell if a child has worms. It will drive every vestige of them away. (Read the directions around the box.)

There is probably no medicine on the face of the earth at once so sure and so safe in the expulsion of worms.

TOILET.—Although I have said little about it as a hair restorative yet I will stake it against the world! They may bring their Oils far and near, and mine will restore the hair two cases to their one.

OLD SORES.—That some Sores are an outlet to the impurities of the system, is, because they cannot pass off through the natural channels of the Insensible Perspiration. If such sores are healed up the impurities must have some other outlet, or it will endanger life. This salve will always provide for such emergencies.

RHEUMATISM.—It removes almost immediately the inflammation and swelling, when the pain of course ceases.

FEVERS.—In all cases of fever, the difficulty lies in the pores being locked up, so that the heat and perspiration cannot pass off. If the least moisture could be started the crisis has passed and the danger over. The All-Healing Ointment will in all cases of fevers almost instantly unlock the skin and bring forth the perspiration.

SCALD HEAD.—We have cured cases that actually defied every thing known, as well as the ability of fifteen or twenty Doctors. One man told us he had spent $500 on his children without any benefit, when a few boxes of the ointment cured them.

CORNS.—Occasional use of the Ointment will always keep corns from growing. People need never be troubled with them if they will use it.

AS A FAMILY MEDICINE.—No man can measure its value. So long as the stars roll along over the Heavens—so long as man treads the earth, subject to all infinities of the flesh—so long as disease and sickness is known—just so long will this good Ointment be used and esteemed. When man ceases from off the earth, then the demand will cease, and not till then. JAMES McALISTER & Co,
Sole proprietors of the above Medicine. Price 25 cents per box.

CAUTION.—As the All-Healing Ointment has been greatly counterfeited, we have given this Caution to the public that the Ointment will be genuine unless the names of *James McAlister*, or *James McAlister & Co.*, are WRITTEN with a PEN upon EVERY label." Now we hereby offer a reward of $50 to be paid on conviction in any of the constituted courts of the United States, for any individual counterfeiting our name and Ointment,

PRICE 25 CENTS PER BOX.
