ALLEGHENT WHARF .--- We counted eleve steamboats at the Allegheny wharf yesterday .-Two of them are not yet finished; several are un. dergoing repairs, and some were receiving and dis charging height. This looks like doing business on the north side of the city. The importance of Duquesne Way will soon be felt by all our citizens A few years ago there might have been seen, dur ing brisk seasons, one or two steamers lying at the aforesaid wharl; now the trade demands a large number; and the facilities for finishing and repairing boats begin to attract river men. The lumber business is immense; the wharf is crowd. ed with Allegheny metal. We notice river craft of all descriptions lying to; the owners are all busy with freights.

This wharf requires more improvements ; the business will justify an expenditure of money for the benefit of this portion of the city. The Mononghela wharf will spon be insufficient for the demands upon it; the boats must move round to the Allegheny.

BENEFIT OF THE LEHMANS .- There will be a rich treat at the Theatre to-night, and we expect to see a crowded house. It is well worth the price of a ticket to see Miss Adelaide alone; if there were no other attraction. Then there is the whole family to be out, backed, in "One Hour" by the very clever, and untiring Foster, and some good songs by Miss Petrie.

Those who have any doubts about the Mag netic Influence; had better call at the Odeon to night. Prof. Loomis will remove them,-besides doing other wonderful things.

THE DEMOCRATIC CORPERTION will meet at the new Court House,"at 10 o'clock this morning. the proceedings shall be reported for to morrow's
