For the Morning Post.
TAYLOR ON MESMERISM. I have heard it whispered that Mr. Charles B the centre of the traffic of the east and the west, of Taylor has considerably modified the original country.

The New World and the Old. In saying all this, I Taylor has considerably modified the original country.

They have been a little more than two Santa Anna will probable be compelled to pro- looked for will be published in the Post of Tuesday. the New World and the Old. In saying all this, I have seen less than half the granduer of the English rare. How insignificant, in comparison, are all the other nations of the earth, one nation alone excepted. Bussia and Great Britian literally gird the globe where either continent has the greatest breadth; a fact which, taken in connexion with their early annals; can scarcely fail to be regarded as the work of a special Providence. After the fall of the Roman empire, a scanty and obscure people suddenly burst on the west and east, as the dominant race of the times; one swarm of the Normans.

Taylor has considerably modified the original country. They have been a little more than two years in office, and the country was never more prosperous. Such is the difference between Federal promises and the acts of a Democratic administration. The people will understand these things. They can easily determine the value of broken pledges, as compared with the facts which are constantly being pretented to them:

Taylor has considerably modified the original country. They have been a little more than two grands and that the peace party is so strong, Sauta Anna will probable be compelled to promounce for peace.

The names of the commissioners, as given, are real promises and the acts of a Democratic administration. The people will understand these things. They can easily determine the value of broken pledges, as compared with the facts which are constantly being pretented to them:

Taylor has considerably modified the original country. They have been a little more than two grands and that the peace party is so strong, country. They have been a little more than two grands and that the country was never more prospected. The names of the commissioners, as given, are raily promises and the acts of a Democratic administration. The people will understand these things. They can easily determine the value of broken pledges, as compared with the facts which are constantly being pretented to them:

Taylor has considerably modified to p nant race of the times; one swarm of the Normans equivocation, without secrecy, and under no dread making its way to England, while another was east and in "defining his position" on this great question, are we now to have, tablishing its supremacy over the Sclavonians of the clear element sparkling from the Borysthenes, the two being to meet in opposite directions at the end of a thousand years."

In was expected, in three two being to meet in opposite daily as we have learned the end of a thousand years.

In was expected, in three two being to meet in opposite daily as we have learned the end of a thousand years.

In was expected, in three two being to meet in opposite daily as we have learned the end of a thousand years.

In was on the Normans of Succring Pyrrhonicism; and in "defining his position" on this great question, are we now to have, or four pieces. Well, we hope there will be no occurred an Owl, which he has caged, and exhibits casion for another one, especially as we have learned the end of a thousand years.

The New Orleans papers of the 23d are yet due.

Gen. Taylor had made a spectators. It is a bird that the tallest pole does not always knock down end of a thousand years.

Saturnar Monning, and in reciprocian time.

The New Orleans papers of the 23d are yet due.

Gen. Taylor had made a spectators. It is a bird that the tallest pole does not always knock down end of a thousand years.

Saturnar Monning and time.

Saturnar Monning and time. He regards the gigantic power of Russia as in a man, usually so candid as Mr. Taylor, thus to au unconscious co-partnership with England in the treat the public, and particularly those persons who grand cause of commerce and civilization. He have declared themselves proselytes to the science, a pity it was they went to all that trouble and excited themselves proselytes to the science, a pity it was they went to all that trouble and several wounded by the account the one referred killed and several wounded by the account the one referred kill also makes the curious and true remark, that, not in consequence of attending the exhibitions of Miss pense to try to get some of "the persimmons," and Down, of Pittsburgh, is reported as having died withstanding the astonishing successes of the Nor-Martha, at the urgent request of Mr. Taylor? withstanding the astonishing successes of the Norman in Europe, they were never numerous enough to establish their language in any of the conquered countries. Their unparalelled successes, therefore, seem to express the idea that those feeble bands of the subject; which is, that he must give to the cabin, and coon-skin, and hard-cider, and buck-eye warriors were streng hithened everywhere to accomworld his original manuscript, without the expurgations and emendations of that unbeliever, Lemoyne. We now come to the overland journey to Siberia. I'do not wish to be considered impertinent, but I of these, in their contests hereafter—we are truly On the 23d of July they reached the port of Oc. call on Mr. Taylor, as a descendant of the Puri- rejoiced.
