LOCAL MATTERS.

Row in Hispaniola.—On Friday night, about 12 o'clock, our city was disgraced by another riot, in which much injury was done to some of the night police. In that well known section of the sixth ward called Hayti, for obvious reasons, there happened to be a Ball at the house of a negro named Williams. Towards the close of the "evening's entertainments," the company became so boisterous as to claim the attention of Lieut. Quinc, who tapped for aid, which came. He then requisited that peace might be restored. This was Row in Hispaniola.—On Friday night, about dusted that peace might be restored. This was not complied with. The police made an attack An election for six Trustees of the Pittsburgh upon them for the purpose of making arrests. - Gas Works, will be held at the office of the same. Three of the watchman were severely injured by the blacks. However, ten of the dancers were requested to "promenade all" to the leak were results to the provisions of the 3d section of ordnance of the series of 2 and 5 o'clock, in the afternoon of the said day, agreed to "promenade all" to the leak were results of the series of the seri quested to "promenade all" to the lock up, in of 28th June, 1847, respecting the said Gas works.

THOMAS BAKEWELL, morning they were all fined two dollars and costs. au 13 td Some forked over, and the others went to the hill In the city of Pittsburgh, and Liverpool light for such conduct at such an hour. The THE subscriber will sell the following VALU-"musicians" appeared to be innocent; but they were found in bad company and the Mayor could upon highly eligible terms, both as to price and time. The works of Opie, C. Works

The names of the watchmen who were wounded are: M'Kelvey, M'Farran and Wallace. M'-Kelvey was severely cut in the face with a knife, and also struck on the head with a club. M'Far. ran was injured in several places on his body with stones, brick-bats, &c. Wallace received two cuts on the back, with some kind of an instrument. One of the assailants, (supposed to be the per son who attacked M Kelvey,) was arrested on Saturday, and committed by the Mayor. He is a black man named Harvey.

not discriminate.

Hayti is a nuisance, and property holders should be politely required to purify that interesting precinct. It would result in gain to themselves, and honor, too; as well as greatly relieve the citizens generally. Rowdies should be driven out of their old haunts; and those who have houses to rent in that nortion of the sixth ward "under consideration," should be made responsible for such outrages as the one " we have referred to."

AN EXCUSE FOR DRUNKENNESS -A poor fellow was up before his Honor the Mayor, yesterday morning, on the charge of drunkenness. He advocated his own cause with much spirit, and told his story as follows:-- "I have given my neighbors no trouble for twenty years; I can prove this, and I'd like to see the man who dare say I have been drunk in that time. Yesterday, it is true I got drunk; but I became so by drinking a glass of wine with two lawyers from the Court House. I therefore hope your Honor will let me off this time." And so his Honor did let him off after taking from his purse sixty-seven cents and costs.

DEATH-FOUL PLAY SUSPECTED .- We are told that a gentleman named WALLACE, of Allegheny city, was killed near Uniontown, Fayette county, some day last week. We have heard various rumors: one has it that he was murdered by a man with whom he had some dealings about a dog, and mother is that he was killed by an accident What truth there may be in any thing we have

heard in relation to the matter, we know not. There are now about sixty prisoners in jail. There have been more than this number, at times, but sixty makes a formidable force for the county to support. A goodly number are committed for drunkenness. Some weeks are to pass before Court meets, during which time the present company will be reinforced. Verily our friends-the 10th lawyers and others-will have a merry time of it

at the fall Session. HOT WEATHER .- We are again in the midst of hot weather, getting along just the best way we can. Our only comfort is that "time flies," and in its course will bring us cold days again. In the mean time, our friends who cannot escape from the burning sun and hot bricks, must content themselves by frequenting the Saloons, which are now open and receiving visitors. The Eagle and

the Athenzum are cool places. City improvements are such matter of cours affairs in this city, that we but seldom notice any new building, or manufacturing establishment that has been commenced, or is in progress. Evidences of good times, present and coming, may be seen
