LOCAL MATTERS.

TEN Houns .- A movement in favor of the Ten Hour system is again talked of in our city, We lo hope a vigorous effort may be made to secure ome legislative action on the subject next winter. We will not vouch for any good that will follow the passage of a Ten Hour Law, but we wish to see it tested, and hope that the anticipations of the most ardent friends may be realized. It was the boast of Douglass (the negro lecturer,) that the operatives in English factories now worked but ten hours per day, while in the States, the same classes worked twelve and fifteen. We hope this argument in favor of English philanthrophy may be knocked away from him; at least, so far as Pennsylvania is concerned.
