Foreign Correspondents to agents of the British Government have frequently cautioned Emigrants at Home and their friends in America, against the frauda that are continually practiced many Emigrants at Home and their friends in America, against the fraids that are continually practised upon them, and have always referred to the well known house of Harnden & Co. as the right place for all to apply if they wish to be treated with punctuality and kindness. We refer to the above facts in view of the conduct of the Rev. O'Mealey, Editor of the Pittsburgh Catholic, who has sat in judgment upon us (as he supposes) by 'ejecting our advertisement from his paper, thus depriving us of a fair chance to come before the Catholic Community, and let them judge of us by our actions.

Sight-Drafts to any amount 'payable at any of the branches of the Provincial, or National Banks of Ireland, England, Scotland, &c. We draw our own Exchange, we do not take money and send it to the East to get some one else to remit, thereby causing mistakes and delays.
