me chant's Exchange, Philadelphia, Sep 15, 1847. The Turpentine Business .- The North Cardina rep27. ilw

The Turpentine Business.—The North Cardina Newbernian caye: About 800,000 barrels of turpen tine are now annually made in this State. Not More than 200,000 barrels, if that, were shipped to New York and other ports the past year in its crude State, and the largest portion of the whole being distilled in this State. The estimated value is distilled in this State. The estimated value to the makers is about \$1,700,000 annually, and may be \$2,000,000. About 4 or 5000 laborers are engaged in making it, aud perhaps three times: If from the proceeds of its first sale. The disc tillation of turpestine in this State is now carried on very extensively, which will render the shiptillation of torpeatine in this state is now carited on very extensively, which will render the ship-iment of it in its crude state very small, in future. It is supposed that there are now in operation 150 stills, which, at the average cost of \$1500 with fixtures, shows that there is an expenditure of \$25,000 to begin with in the distilling of spirits for more than the state of the state of the station-stills which at the state of the state of the station-state of the state of t
