Rheumatism, Gout and Tic Doloureux.

A RESPECTABLE gentleman called at our office,
as he said, to inform us that he had been afflicted for fifteen years with Rheumatism or Gout, and
occasionally with Tic Doloureux; that he had been
frequently confined to his room for months together,
and often cuffered the most intense and excruciating and often cuttered the most intense and exerciating pain, but that lately he had been using JAYNE'S. ALTERATIVE, from which he found the most signal and unexpected relief. He says he found the medicine very pleasant and effective, and thathe now considers himself perfectly cured.—Philadelyphia North American.
