WILLIAM AINSWORTH—A TALE OF TRUTH.  
BY FRED. POWER.  
(CONCLUDED.)

Nine months passed; and the remembrance of my departed father was still fresh on my mind. Though the soil which was his resting place had long since been closed around it, and the weeds and flowers blossomed there, the wounds which the occurrence had inflicted on my heart, were still open and bleeding. From the day that I saw the portrait in the frame, it was as if I saw him again; and, when I looked at it, the words that he had written on the scroll, "My son, be true to God, to man, to thyself, to thy country, to thy friends, and to thyself." were as if they were written on my heart. I would that I could see him again, and that he would be able to tell me how he got on. I would that I could see him again, and that he would be able to tell me how he got on. I would that I could see him again, and that he would be able to tell me how he got on.

The secret, however, which had been hidden in the bosom of my beloved, had been brought to light, and the cause which had been hidden in the bosom of my beloved, had been brought to light, and the cause which had been hidden in the bosom of my beloved, had been brought to light.
