The Topic Well. Sellet TED GARMENTS now made and ready to be offered on the most liberal terms to my old customers and the public in general. The Proprietor of this fur-timed and extensive establishment has now, after returning from the Fastern cities, at much irouble and expense, just completed his fall and winter arrangements to supply his thousands of Clothing that has ever been offered in this or any other market west of the mountains. For neatness in style and workmanship, combined with the very low price which they will be sold for mist ceptainly render the old unrivalled Three Bir Doors our of the greatest attractions of the western country. It is gratifying to me to be able to announce to my numerous friends, at home and abroad, that notwithstanding the extraordinary efforts which I have made to meet the many culls in my line, it is with difficulty I can keep time with the constant rush that is made on this establishment. It is a well established fact that my sales are eignt or ten times larger than any other house in the trade, and this being the case on the amount sold. I can affred to sell at much less profit than others could possibly think of doing if they lwished to cover contingent expenses. I intend to make a clean sycep of all my present stock before the beginning of next year; coming to this conclusion. I will make it the interest of every man, who wants a cheap winter suit, to call said purchase at the Three Big Doors.
