The Three Big Doors vs. The Western World!!!

The Topprietor of this far-famed and extensive small the public in semeral. The Proprietor of this far-famed and extensive small shighment has now, after returning from the Eastern establishment has now, after returning from the Eastern establishment has now, after returning from the Eastern establishment who had not expense, just completed his fall and winter arrangements to supply his thousands of customars with one of the most dearable stocks of Clothiffs that has ever been offered in this or any other market west of the mountains. For neatness in style and workmanship, combined with the very low price which they will be sold for, must certainly render the old unrivalled Three Big Doors one of the greatest attractions of the western country. It is gratifying to me to be able to announce to my numerous friends at home and abroad, that notwithstanding the extraordinary efforts which I have made to meet the many calls in my line, it is with difficulty I can keep time with the constant rush that is made on this establishment. It is a well established fact, that my sales are eignt or ten times larger than any other house in the trade, and this being the case on the amount sold, I can afford to sell at much less profit than others could possibly think of doing if they wished to cover contingent expenses. I intend to make a clean sweep of all my presentatock before the beginning of next year; coming to this coulculsion, I will make it the interest of every man, who wants a cheap winter suit, to call and purchase at the Three Big Doors.
