Testimonials of their marvellous effects are pouring in from all quarters—and in such numbers that we have not time to read one half of them. What stronger or more conclusive evidence than these important facts can the most sceptical desire? Is it possible, that the many thomsands who have tried CLICKENER'S PLLS, can be deceived in their results? It any imposture or quarkery existed, avoid it not long ago have been held up, as it should be, to the scorn and derision of a justly offended community.
