The Thre Big Doors vs. The Western World!!!

The OOO made and ready to be effered on the most liberal terms to my old customers and the public in general. The Proprietor of this for-famed and extensive establishment has now, after returning from the Eastern siles, at much trouble and expense, just completed his fall and winter arrangements to supply his thousands of customers with one of the most desirable stocks of Clothing that has ever been offered in this or any other market west of the mountains. For neatness, in style and workmanship, combined with the very low price which they will be sold for, must certainly render the old unrivalled Three Big Doors one of the greatest attractions of the western country. It is gratifying to me to be able to amount of the western country. It is gratifying to me to be able to amount of the western country. It is gratifying to me to be able to have made to meet the many calls in my line, it is with difficulty I can keep time with the constant rush that is made on this establishment. It is a well established fact, that my sales are cigul or ten times larger than any other house in the trade, and this being the case on the amount sold. I can afford to sell at much less profit than others could possibly think of doing if they wished to cover contingent expenses. I intend to make a clean sweep of all my present stock before the beginning of next year; coming to this conclusion, I will make it the interest of every man, who wants a cheap winter suit, to call and purchase at the Three Big Doors. as heretofore.
