THREE BIG DOORS, Tithe Spring and Summer stock that is now ready to be of ordered at the old original of the largest and choicest in selection that has ever been exhibited by any one concern in this or any older city in the Union. I will not undertake to describe to the scader the different assortments of articles which I now have to offer them; but will simply tell them that if they only favor me with a call. I will lay before them 175,000 different garments to make a choice out of, consisting in part of Coats, from the richest in quality down to the lowest in price: Pantaloons and Vests, to the association in price: Pantaloons and Vests, to the association shment of the beholder, with both mouth and eyes open, wondering in the most extravagant degree of surprise, how such a vast collection of READY MADE CLOTHING could possibly be collected together under the control of one individual. But such things will be, as long as perseverance and industry is the main-spring of trade—swithout any intention of boasting, on my part, I will say at the same time, it is of such metal I am principally composed, for nothing in the shape or form of difficulties, no matter what their magnitude may be, can deter me from accomplishing my object, in providing for the former, the fenchanic, and the day laborer. My whole attention is taken up with the greatest care for their welfare, in getting up fashionable, and at the same time substantial garments, to meet their demands; and as for others, who fancy themselves moving in a different sphere, and requiring an article of the ne plus ultra kind, they have only to give me an outline of their wants, and they are suited to a word.

Now, let me say a word or two to my country merchants in the trade: If you wish to save frem at lenst 25 to 30 per cent, in your wholessele purchases, call in at the "Three Big Doors," and if I don't meet your most san gine hopes, in the way of getting cheap bargains, and feets accomplete of so noble a nature and close discernment.
