LOCAL MATTERS.

THE WESTHORELAND SUPPER .- The festival las vening, given in honor of the Volunteers from oreland, who have just returned from Mexico was one of joyousness and hilarity. Our city is re markable for "Suppers." They are always got up in good taste; and the "flow of soul" that follows the demolition of the edibles, is of the most inspi ing quality. The company last evening was good-Westmore

landers are good people, as the people of Pittsburgl well know, and are capable of making an evening pass pleasantly under any circumstances. The St Charles Hotel afforded in every/particular the mos ample scope for the fullest and freest enjoyment. Capt. Johnson and his company must have bee

flattered by the reception given to them-by the entertainment which was prepared for their use. The conducted themselves in the most grateful manner and those who orginated the affair, were made happy in the reflection that their efforts were fully apple ciated by the Westmoreland Guards, WHAT THE BANNER SAYS .- The last number

the Temperance Banner says of the eleven convict taken to the Penitentiary a few days ago, nine wer handed into the keepers beastly drunk. It furthe says that whiskey is tolerated in the iail by the Sher iff. This is the first intimation we have had of this and we can hardly believe the story.

-Since the above was written we have seen loo of the officers who had in charge one of the convicts, who assures us that seven of these eleve was sober, and that two may have been drunk. A to getting liquor into the jail all reasonable plans are lopted for the purpose of preventing the practice but the most ingenious modes are resorted to for the purpose of getting a flask full of the cratur within the bars. It is almost impossible to prevent i The Sheriff is not to blame.

THE CEREMONIES. - The First Pennsylvania Regiment will be here to-morrow, according to a Telegraphic Dispatch. The gentlemen of the Committee have been busily engaged in making preparations the Reception Ceremonies, and if not again baffled by disappointment, the occasion will be kelebrated in an enthusiastic spirit. A boat goes this morning to meet the Regiment at Wheeling, and other boats are going with smaller parties aboard, to stop at Beaver and escort them up. The firemen will be out in their glory.

If we do the gentleman injustice, we will take pleasure in correcting our error. We think we have a right to complain of a man who receives an annual salary from the County Commissioners, if he neglects to do his work per agreement. BAD INDEED.—A business man of this city, who has been splurging around for some time, is now in batter and for some time, is now in batter of Mineral Combustible, or Fessit Coal, illustra-

That such affairs do occur sometimes is to be regretted. Drunkenness is the only cause of all this distress. What a warning; and yet how little heeded by those who have taken the first step.

Temperance Banner. [17] Goodson & Clark, of Bellevue, Ohio, November 22d, 1840, sent a letter to Dr. G. C. Vaughn, the proprietor of the celebrated Lithoutriptic Mixture, the Great American Remedy, with a statement that, in the vicinity of Ohio where they do business the article has had unprecedented sales! Nothing like it has ever appeared. People resort to it for all complaints, and its effect is always good. Old cases, which have haffled the skill of medical men, have yielded to it, and the faculty are using it in their practice. A large number of medical men are agents for its sale—a strong proof of the great virtues of the article. Call on Agents in our paper, whose names are to be found under Great American Remedy, and get a Pamphlet.

IN THE ABSENCE OF SURGEON BUNTING, and at I his request, dry Soldier requiring Medical aid, will have their case attended to, by Dr. A. A. McDowner, by reporting at his office, or to either of the undersigned Committee.
