Great English Remedy!

FOR Coughs, Colds, Asthma, and Consumption!—The great and only Remedy for the above diseases is the *Hungarian Balsam of Life*, discovered by the celebrated Dr. Hochstetter, of England, and introduced into the United States under the immediate superintendence of the inventor's son.

The extraordinary success of this medicine, in the cure of Pulmonary diseases, warrants the Agent in soliciting for it the confidence of invalids. Proofs of its efficacy can be found in the community—cases that seek relief in vain from any of the common remedies of the day, and have been given up by the faculty, have been restored to health, as confirmed and incredible. The Hungarian Balsam has never, and will ever, be found the most delicate skin, leaving no scar. It is equally beneficial in all kinds of inflammatory diseases, such as sore Nipples, Sore Throat, Rheumatism, Chilblains, Erysipelas, Piles, Tic Doloureux, &c. We might take as proofs of its virtues the names of many well known physicians who use it in their practice; and hundreds of the clergy who praise it to their people. Kind reader, if you have a cough—be sure and try a bottle of this balsam before it is too late—before the pain in the side and chest, the hectic fever, night sweats, and all the symptoms of debility, asthma, impotency, whooping cough, and croup.

Sold in large bottles at $1 per bottle, with full directions for the restoration of health.

JOHN H. WOOD, Agent.

Pamphlets, containing a mass of English and American certificates, and other matter, showing the unparalleled success of this great English Remedy, may be obtained of the Agents, gratuitously.
