ALMANACS! ALMANACS! ALMANACS!—*DR. JAYNE* would hereby inform the public that he publishes annually, for gratuitous distribution by himself and all his Agents, an Almanac, called *Jayne's Medical Almanac, or Good Samaritan*. The calculations for this Almanac are made with great care and accuracy, and for five different Latitudes and Longitudes, so as to make them equally useful, as a Calendar, in every part of the United States and British North America. They are printed on good paper, and with handsome new type, and are neatly bound, and besides being a work of the most accurate calender printed in the United States, they contain a large amount of valuable information, suited to the wants of all, and of that kind, too, which cannot be found in books.

His Gathering of Diseases, with remarks and directions for their removal, is really invaluable, and must prove a welcome visitors in every house they enter. Every family should possess a copy. His Family Almanac for 1849 is now being prepared, and under all circumstances, they can be taken with perfect safety, and success. As a Vermifuge and general medicine for children, they are unsurpassed. Being composed of pure white sugar, children will easily take them; they neither grieve their constitution, nor gnaw their stomach; nor in their operation. For adults, they are extremely safe; they are equally powerful. As an *Anti-Bilious Pill* they will be found without a rival. The dose is in proportion to any one among the thousands who use them, and an equally powerful one will be the certain result.

Remember Dr. C. V. Clickener is it is original inventor of Sugar Coated Pills; and that nothing of the same sort ever heard of until he introduced them in June, 1843. Observe the name, as hereafter, always put on Clickener's Sugar Coated Vegetable Pills, and take no others, or they will be made the victims of a fraud.

Dr. Clickener's principal office for the sale of Pills, is 66 Vesey street, N. York.
