In the COMMERCIAL INTELLIGENCE—We shall furnish our readers each week with an extensive and accurate *REVIEW OF THE PITTSBURGH MARKET*, carefully made up from ACTUAL SALES; together with the manufacturing interests of Pittsburgh, the Money Markets of *Philadelphia, Baltimore, New York, Boston, Cincinnati, New Orleans, St. Louis, &c.*, received by Telegraph and other sources, up to the latest moment before going to press. The fluctuations in the Money Markets of Europe, Exchanges, &c. will also be carefully noticed in each number.

FRENCH PROTECTED GOLD PENS—We are in possession of a supply of these excellent Pens. They are superior to any thing in the Protector, an important improvement which gives them the following advantages:

1st. It retains the ink in the nib and prevents the coating of the point of which it is composed, by maintaining a perfect parallelism between them.

2d. It retains a much larger quantity of ink than other gold pens.

3d. It prevents all dropping or spattering of the ink.

It thus obviates every objection which can be urged against ordinary gold pens. In addition to this, the workmanship is superior to that of any pens of domestic manufacture. They will make as fine a hair mark as the finest steel pen, while they have all the elasticity of the quill. They have given satisfaction in every instance in which they have been tried.
