French Goods, for Gents. Wear.
THE subscriber appeals to his old and new friends to give him out in the succession that he has the largest lot of French Goods, adapted to men's wear, as he found in any city in the Union. I will not undertake to describe to the reader his different assortments of articles which I now have to offer for sale. But will simply tell them that if they only favor me with a call, I will lay before them 175,000 different garments to make a choice out of, consisting in part of Coats, from the richest in quality down to the lowest in price; Pantaloons and Vests, to the astonishment of the beholder, with both mouth and eyes open, wonderful in the most extravagant degree of surprise, how such a vast collection of READY MADE CLOTHING could possibly be collected together under the control of one individual! But such things will be, as long as perseverance and industry is the main-spring of trade. Without any intention of boasting on my part, I will say at the same time, it is of such metal I am principally composed, for nothing in the shape or form of difficulties, no matter what their magnitude may be, can deter me from accomplishing my object, in providing for the farmer, the mechanic, and the day laborer. My whole attention is taken up with the greatest care for their welfare, in getting up fashionable, and at the same time substantial garments, to meet their demands; and as for others, who fancy themselves moving in a different sphere, and requiring an article of the *ne plus ultra* kind, they have only to give me an outline of their wants, and they are suited to a word.

Now, let me say a word or two to my country merchants in the trade: If you wish to save from at least 25 to 30 per cent, in your wholesale purchases, call in at the "*Three Big Doors*," and if I don't meet your most sanguine hopes in the way of getting cheap bargains, and fresh seasonable goods, I will not in future attempt to offer any inducements of a similar kind to a generous people or a noble a nature add close discernment.

DR. G. C. VAUGHN'S VEGETABLE LITHONTRIPTIC MIXTURE.

THIS celebrated remedy is now daily increasing its fame by the making all over the world. It has now become the only medicine for family use, and is particularly recommended to the afflicted as a sure and safe remedy in all cases of kidney complaint, gravel, stone and all irritation of the urinary organs; for these distressing complaints it stands alone; no other article can relieve you; and the cures already effected convince the most skeptical—(see pamphlet.) Liver Complaint, Bilious Diseases, Fever and Ague. To the Great West especially this medicine is recommended, as a single dose of this medicine is offered. No mineral agent, nodeleterious compound is a part of this mixture; it cures these diseases with certainty and safety, and does not weaken the system torpid. (See pamphlet.) Piles, a complaint of a most painful character, is immediately relieved, and a cure followed by a few days' use of this remedy. It is far beyond any other preparation for this disease, or for any other disease originating from impure blood. (See pamphlet.) Debility of the System, Nervous Affections, and also the Kidneys, &c., or inflamation of the same, is immediately relieved by the use of this remedy, and a perfect cure always the result of its use. It stands as a certain remedy for such complaints, and also for derangements of the female frame. Females suffering from obstructions or irregularities. No article has ever been offered, except this, which would touch this kind of derangements. It may be relied upon as a safe and effectual remedy in such cases. We feel proud to say, could give a thousand names as proof of cures in this distressing class of complaints—(see pamphlet.) We take pleasure in referring to individuals; from the effect of mercury, will find the bracing power of this article to act immediately, and the poisonous mineral eradicated from the system.

Eruptive Diseases will find the alterative properties of this article rapid in its action, and drive such diseases from the system. See pamphlet for testimony of cures in all diseases, which the limits of an advertisement will not permit to be named here; Agents give them away; they contain 32 pages of certificates of high character; and a stronger array of proof of the virtues of a medicine, never appeared. It is one of the peculiar features of this article, that it never fails to benefit in any case, and if bone and muscle are left to build upon, let the emaciated and lingering invalid rejoice, and keep taking the medicine as long as there is an improvement. The proprietor would caution the public against a class of medicines that will come out under the heads of SARSAPARILLAS, SYRUPS, &c., as cures for Dropsy, Gravel, &c. They are good for nothing, and cannot even relieve. They are worthless; and their inventors never thought of curing such diseases till this article had time to do it. (See pamphlet.) *Pamphlets is earnestly solicited.* Agents, and all who sell the article, are glad to circulate gratuitously. Put up in 50 oz. bottles, at $2; 12 oz. do. at $1 each—the large bottles 6 oz. more than the two small bottles. Look out and not get imposed upon. Every bottle has "Vaughn's Vegetable Lithontriptic Mixture," blown in the glass, the written signature of "G. C. Vaughn" on the directions, and "G. C. Vaughn, Buffalo," stamped on the cork. None other are genuine.

Prepared by Dr. G. C. Vaughn, and sold at the Principal Office, 307 Main street, Buffalo, wholesale and retail.

No attention given to letters unless post-paid—*order from regularly authorized Agents excepted.* Post-paid letters, or verbal communications soliciting advice, promptly attended to gratis.

AGENCY OF THE FRANKLIN FIRE INSURANCE COMPANY OF PHILADELPHIA.—*N. E. corner of Third and Walnut streets, Philadelphia.*

The functions are of the utmost importance to every one in constituting the source and fountain of life, which is nutrition. No organ possesses such remarkable sympathies, none such remarkable power in modifying and controlling the system.

The rare success in treating disease of the liver and stomach successfully has not been a work of pathological research, but of experiment. Thousands have fallen victims to the use of a compound that would act upon the disease and all its sympathetic affections. That period has been gained in these Bitters, and they are ENTIRELY VEGETABLE, and will in every case permanently destroy costiveness, give strength and vigor to the nerves, at the time establishing the patient, and they are grateful to the most delicate stomach under any circumstances.

ALL CAN BE CURED.

WHO WILL USE THEM AS DIRECTED,

(IF WITHIN THE POWER OF MEDICINE.)

The first month's trial of these Bitters has been before the public, has, from its infallible efficacy, elicited the eulogy of the press through the land, their object being for the benefit of suffering humanity; its success has surpassed all precedents, and it is free from all alcoholic stimulant. Cramp, mercury, aloes, quinine, acids, and all injurious ingredients, and especially adapted to the diseases of the variable climate of the United States, and the West Indias Islands.

WEEK AND DELICATE CHILDREN,

are made strong by using it—in fact it is a family medicine, and can be administered with safety to a child one year old. Read the following certificate from a lady:

The Philadelphia Democrat says: "This medicine has won extraordinary virtue and efficacy, and is in great demand. We can speak from experience, as it has produced many wonderful cures."

The Daily Sun says:—"We believe it is one of the best medicines of the age—a friend having used it in his own family with great satisfaction in the Jaundice and Liver Complaint."

The Spirit of the Times and Keystone says:—"Do our good citizens, who are invalids, know the many astonishing cures that have been performed by Dr. Haddock's celebrated German Bitters? If they do not, we recommend them to call at the Agency Store, 264 Essex street, all who are afflicted with Liver Complaint, Jaundice, Dyspepsia or Nervous Debility; the Doctor has thousands of our citizens, after all other remedies had failed. We have used them, and they have proved to be a medicine that every one should know of; and we cannot refrain giving our testimony in their favor, and that which gives them greater claim upon our humble efforts, they are entirely vegetable.

The Baltimore Patriot says:—The Celebrated German Bitters are an invaluable remedy for Jaundice, Dyspepsia, and in some complaints."

Neal's Gazette says:—"It is not often we notice the various excellent medicines advertised in our columns, because we are unwilling to speak rashly from limited experience, and a good constitution fortunately makes us generally strangers to such articles. A word, however, of Dr. Haddock's German Bitters. This we can say in addition to an excellent article fulfilling in every respect what is claimed for it by the advertiser.

The Pennsylvanian says:—"The Celebrated German Bitters are an invaluable remedy for Jaundice, Dyspepsia, and have been exceedingly well pleased with them, and never, as yet, to our recollection, failed of realizing any fullest expectation in their curative properties. Visit other medicines that speak of from experience; but judging from those I have used, I doubt not but that they will, and are entitled to all the confidence reposed in them, by those who have used them. I was originally very partial to ——— Vermifuge, until I became acquainted with yours, which has my decided preference to any other now in use.

Respectfully, yours, &c., S. S. COOK, M. D.

CURED

by DOCTOR HOOFLAND'S CELEBRATED GERMAN BITTERS.

Their power over the above diseases is not excelled, if equalled—by any other preparation in the United States, as the cures in this city attest; in many cases after skilful physicians had failed.

Derangement in the liver and stomach are sources of insanity—from disorder or obstruction a morbid action of the sympathetic and other nerves follows, and the functions of the brain are impaired and deranged, as disorder are the connecting medium between mind and matter, it follows from the reciprocal action that both must be more or less implicated, and deranged simultaneously. A derangement there will also produce disease of the SKIN, LUNGS, UTERUS and KIDNEYS, as well as the brain. The thousands who die with YELLOW FEVER, CHOLERA or INFLUENZA, is owing to the same cause; and the majority of cases of that most painful disease, CONSUMPTION, originates from the same. In fact the stomach is the important organ in the system of matter, as upon it you depend for the success and all the advantages to be derived from the administration of internal medicines. Its functions are of the utmost importance to every one in constituting the source and fountain of life, which is nutrition. No organ possesses such remarkable sympathies, none such remarkable power in modifying and controlling the system.

The rare success in treating disease of the liver and stomach successfully has not been a work of pathological research, but of experiment.
