The Daily Morning Post.

PITTSBURGH, November 7th, 1848.

☞ The Merchants' and Manufacturers' Bank has this day declared a dividend of four per cent. on the Capital Stock, out of the profits for the last six months.
W. H. DENNY, Cashier.

☞ A cough should never be neglected. It may appear trifling and unworthy the attention at first, but it will not remain stationary long; it may progress slow at first, and its augmentation may be scarcely perceptible; yet, when it once seizes the lungs, all the other parts of the body will be sympathetically affected, and a confirmed Consumption and premature death will be the inevitable result. A little care would save many a life, and the timely use of a proper remedy might have arrested many a consumption. But many persons have an invincible repugnance to taking any medicine, and rather than do so, will by means towards arresting a disease, simply because the remedy may not be a pleasant one, would suffer and languish for a long time, before they would resort to the aid of medicine.

B. A. Fahnestock & Co.'s Cough Balsam has a great advantage in this respect over many other Cough preparations, as its pleasant taste permits it to be used without inconvenience. But its value as a Balsam consists in the speediness of its cure. We have known some of the most desperate coughs, some of which had been running on for a considerable length of time, yield almost immediately to its power.

Prepared and for sale, wholesale and retail, by
B. A. FAHNESTOCK & Co.

☞ To our READERS.—We are often tempted to believe that mankind are peculiarly unfortunate in entertaining so great a diversity of opinion in matters which relate to the preservation of health; but our better judgment convinces us that, however prejudicial it may prove to particular interests, it is nevertheless a wise provision of the Creator, for equalizing the pecuniary privileges of his creatures, and forestalling those petty jealousies and contentions which are so apt to mar their happiness. Although our charitable feelings might incline us to wish health and long life to the whole human family, they are still at liberty to enjoy their natural privilege in the selection of such remedies as their judgment or inclination may dictate to be the most beneficial. The consequences certainly will not rest on our shoulders.—Our worldly prosperity has been sufficiently promoted by the success which has already attended our endeavors; and when we tell the invalid that Clickener's Sugar-coated Vegetable Pills are the only remedy that can be depended on in head-ache, salt rheum, dropsy, gout, fevers of all kinds, jaundice, consumption, and all other diseases which arise from impurity of the blood and irregularity of the digestive organs, we have done our whole duty. If the community are not convinced by the numerous and well-substantiated testimonials already published, we scarcely know in what way to carry conviction to their minds.

☞ Sold by WM. JACKSON, Gen. Agent,
nov18 89 Liberty street, Pittsburgh.
[For list of Agents see advertisement.]

☞ COLDS, COUGHS, CONSUMPTION, &c.—It should be remembered that a cough is an evidence that some impurity is lodged in the lungs, which, if not removed, will so irritate those delicate organs as to produce inflammation of the lungs, a disease which we all know is the high road to consumption.

Wright's Indian Vegetable Pills are a safe, easy and certain cure for colds and coughs, because they carry off by the stomach and bowels those morbid humors which, deposited upon the lungs, are the cause of the above dangerous complaints. A couple twenty-five cent boxes of Wright's Indian Vegetable Pills is generally sufficient to make a perfect cure of the most obstinate cold; and at the same time the digestion is improved, and the blood completely purified.

Beware of Counterfeits and Imitations.—Remember that the Original and Only Genuine Indian Vegetable Pills have the written signature of WILLIAM WRIGHT on the top label of each box. . . .

Remember, also, that Messrs. Feuchtwanger & Co., of New York; Jas. S. Gilascoe & Co., of Cincinnati; and J. B. Wilder & Co., of Louisville, are now agents for this medicine, and we cannot guarantee the genuineness of that offered by them for sale.

The genuine is for sale at Dr. Wright's Principal Office, 169 Race street, Philadelphia; and by JOHN THOMPSON, 156 Liberty street, Pittsburgh, Pa., who is sole agent for this city, by whom dealers can be supplied at the wholesale rate nov18

Cond'spated graduated galvanic Battery AND PATENT INSULATED POLES.

FOR MEDICAL AND OTHER PURPOSES.—This is the only instrument of the kind that has ever been presented in this country or Europe for medical purposes, and is the only one ever known to man, by which the galvanic fluid can be conveyed to the human eye, the ear, the brain, or any part of the body, either externally or internally, in a definite, gentle stream, without shock or pain—with perfect safety—and often with the happiest effects.

This important apparatus is now highly approved of by many of the most eminent physicians of this country and Europe, to whom the afflicted and others whom it may concern can be referred. Reference will also be given to many highly respectable citizens, who have been cured, by means of this most valuable apparatus, of some of the most inveterate nervous disorders, which could not be removed by any other known means.

Among various others, it has been proved to be admirably adapted for the cure of the following diseases, viz: nervous headache and other disorders of the brain. Itis with this apparatus alone that the operator can convey the galvanic fluid with ease and safety to the eye, to restore sight, or cure amaurosis; to the ear to restore hearing; to the tongue or other organs, to restore speech; and to the various parts of the body, for the cure of chronic rheumatism, asthma, neuralgia, or tic doloureux, paralysis, epilepsy, gout, chorea or St. Vitus' dance, epilepsy, weakness from st rains, some diseases peculiar to females, contraction of the limbs, lock-jaw, etc., etc.

Rights for surrounding counties of Western Pa., and privileges, with the instrument, may be purchased, and also tested for the cure of diseases.

Full instructions will be given for the various chemicals to be used for various diseases, and the best manner for operating for the cure of these diseases, will also be fully explained to the purchaser, and a pamphlet put into his hands expressly for these purposes, carefully prepared by the patentee. ON the night of the 16th of October, a Canal Boat belonging to the Union Line, was destroyed by fire, near Duncan's Island—occasioned, it is believed, by Lucifer matches packed in Dry Goods.

The undersigned deem it an act of justice to the Proprietors of that Line, Messrs. Dutilh, Humphreys & Co., Philadelphia, and Henry Graff & Co., Pittsburgh, without knowledge or solicitation on their part, to make known in this manner the prompt and satisfactory settlement by them of the full amount of our respective losses by that accident, ranging in amount from three hundred to fifteen hundred dollars, and in the aggregate to over twelve thousand dollars.

As far as possible they had some of the lots duplicated and immediately forwarded, and where it was known that this could not be done, or was not desired by us, they have paid the amount in cash, or settled with the merchants in Philadelphia, without reference to us.

The certain insurance of his Goods, while on the way, is always a matter of anxiety to the Merchant, and that, if destroyed, he shall be instantly paid the amount of his loss. We therefore with, without the least disparagement intended the other Lines, to give this public testimony of the satisfactory settlement on a heavy loss by the Union Line.

Wagon Lines to Pittsburg.

The House of Calhoun & Co., in this place have already organized a five-day wagon line, for the transportation of merchandize to Pittsburg, which will commence operations on the 27th of this month. Oaks & Caulfman have nearly completed their arrangements for a similar line, and, we understand, preparations are now being made by several other commission merchants for the same purpose;

The experiment of running daily wagon lines to Pittsburg, was fairly tested last winter, and proved entirely successful. But one or two instances of irregularity and delay in the delivery of goods occurred during the whole season, and they were the result, not of any mismanagement or imperfection in the system, but of unusually inclement weather and the bad condition of the roads. A single instance of one season will be sufficient for the obviation of even these trifling difficulties in future, and western merchants will find these lines to be the cheapest and most expeditious channels for the transmission of their goods. The arrangements in Pittsburg for a constant supply of freight have been conducted on the most liberal scale, and it is confidently believed, that the enterprising houses at the head of the road will be able to furnish goods by five or six lines, if a commensurate degree of enterprise and co-operation is evinced by farmers and others, who usually employ their teams, during the winter, in the western trade.—*Cham. Sentinel.*

A Voice from Mexico.

THIS is to certify that I enlisted in Company C. of the 4th Regiment of Indiana Volunteers, destined for the seat of war in Mexico, in 1847. On our company arriving at the city of Matamoras, I was conducted to the United States' Hospital, at Point Isabel, in consequence of a severe attack, occasioned my digestive organs and produced a general derangement of my stomach and bowels, &c. Having received the treatment of that Hospital, but continuing to grow worse, I was honorably discharged from the service. I then repaired to New Orleans, where I placed myself under charge of the best physicians in that city, but found them powerless to relieve my sufferings. I then returned to Aurora, In., where I again tried the faculty, but with no better success than before. By this time I was reduced to a mere skeleton and quite emaciated, but on application to Dr. PERRY'S AGENT, Esq., of Aurora, I was induced to try Dr. JAYNE'S SANATIVE PILLS and TONIC VERMIFUGE, and, to my great astonishment, an immediate and thorough change was produced in my system, followed by a complete restoration to health. JAMES ELLIOTT.

Aurora, In., March 9th, 1848.

Dr. D. Jayne—Dear Sir: I hereby send you a copy of a certificate which I obtained of a young man, who, as you will perceive, had been cured by your SANATIVE PILLS and TONIC VERMIFUGE. The case is under my immediate observation, and I vouch for the truth of the statement. Respectfully yours, &c. B. B. VAIL.
