PITTSBURGH, ... November 7th, 1848.

☞ The Merchant's and Manufacturers' Bank has this day declared a dividend of four per cent. on the Capital Stock out of the profits for the last six months.

nov9 W. H. DENNY, Cashier.

☞ A cough should never be neglected. It may appear trifling and unworthy the attention at first; but if it will not remain stationary long; it may progress slow at first, and its augmentation may be scarcely perceptible; yet, when it once seizes the lungs, all the other parts of the body will be sympathetically affected, and a confirmed Consumption and premature death will be the inevitable result. A little care would have many a life, and many a consumption. But many persons have an invincible carelessness, to taking any medicine, and rather than use the means towards arresting a disease, stupidly imagine the remedy may not be a pleasant one, would suffer, and languish for a long time, before they would resort to the aid of medicine.

R. A. Fahnestock & Co's Congo Balsam has a great advantage in this respect over many other Cough Preparations, its pleasant taste permits it to be used without inconvenience. But its value as a Balsam consists in the speediness of its cure. We have known some of the most desperate coughs, some of which had been running on for a considerable length of time, yield almost immediately to its power.

☞ Luck or Diseases, General Debilitation.—At length a cure for the above, which may be most confidently relied on, has made its appearance; a cure so positive that it never has failed, and never can fail, if proper, ly administered in every case where, at least, it will be instantly returned in every case where, it does not give the most thorough satisfaction. Dickerson's Sugar-coated Vegetable Purgative Pills is the remedy spoken of, and reference is made to all respectable physicians, who will, where duly given the most unqualified testimony in their favor. Let any person afflicted with either or these diseases, give them but one trial, and he is sure to purchase them for life; not only because they cure them more speedily, and better than any other medicine, but also because they are so easily swallowed as bits of loaf sugar, and are entirely unnoticed, with griping; nausea, &c. They are so powerful that three of them will infallibly overcome a chill, and yet so mild and pleasant that a child might swallow a half a box full without repugnance or injury.

☞ *Brownrigg, Swimming, of the Head, a roaring noise in the ears, headache, confusion of the heart, &c.*—Wright's Indian Vegetable Pills are a wonderful cure for the above complaints, completely purging from the body those stagnant and corrupt humors which when floating in the general mass of the circulation, are the causes of a thin state of blood to the head, giddiness, dimness of sight, deafness, pain of the head, and other symptoms of a corrupt state of the blood.

Wright's Indian Vegetable Pills are one of the very best medicines in the world for the cure of indigestion; and therefore will not only remove all the unpleasant symptoms, but will finally assuredly restore the body to a sound state of health.

Beware of Counterfeits and Imitations.—Remember that the Original and Only Genuine Indian Vegetable Pills have the written signature of WILLIAM WRIGHT on the top label of each box.

Remember, that Messrs. Feuchtwanger & Co., of New York; Jas. S. Gisacke & Co., of Cincinnati; and H. B. Wilson & Co., of Louisville, are *sole agents* for this medicine, and can only guarantee the genuineness of that offered by them for sale.

The genuine is for sale at Dr. Wright's Principal Office, 105 Race street, Philadelphia, and by John Anderson, 150 Liberty street, Pittsburgh, Pa., who is sole agent for this city, by whom dealers may be supplied at the wholesale rate.

DISSOLUTION.—The Partnership of Gallogher & Reed, in the Grocery business, this day dissolved by mutual consent. The business will be settled by J. Gallogher.

JOHN GALLOGHER,

JAMES REED.

Birmingham, November 1st, 1848.—(nov29-1w*

For Sale, Exchange, or Rent.

THE subscriber, intending to retire from his present business, about the first of April next, or as soon as circumstances will permit, will dispose of his property in or near Elizabethtown, in one or either of the ways spoken of above. They are stated in the order he would prefer to put to the disposal.

The property consists of extensive Brick Buildings, erected expressly for the purpose of being used as a TANNING AND RETAIL STORE—all on the main street, near the Conemaugh Bridge and Pennsylvania Canal. There are good cellars under these buildings; also, two wells of excellent water, one convenient to the tanners' kitchen, (besides a large cistern,) the other at the stable, with pump in both.

There are two Lots on this main street, on which the above and several other needful Buildings are erected; and two Lots immediately North of these, separated by an alley, occupied in part as a Garden, on which a large brick Stable, a large frame Stable, a Blacksmith Shop and Carriage Maker's Shop are erected. Also, about 20 ACRES adjoining the Borough, a portion of which is EXCELLENT MEADOW, producing, over *forty tons of Hay annually.* The remainder is under fence as pasture, and watered through which there is a stream of RUNNING WATER.

I would dispose of all, or the tavern part and portion of out-lots, as might suit. If a sale cannot be effected, I would exchange the whole, or a part, for other property, if in a compliment to the time. I would rent the town property for a term of years, and out-lots sufficient for use of the tavern.

To a person desirous of engaging in the business of keeping a public house, there are few, if any, situations in the country combining so many advantages.
