PITTSBURGH: THURSDAY MORNING, November 7th, 1848.

☞ The Merchants' and Manufacturers' Bank has this day declared a dividend of four per cent. on the Capital Stock, out of the profits for the last six months.

☞ A cough should never be neglected. It may appear trifling and unworthy the attention at first, but it will not remain stationary long: it may progress slow at first, and its augmentation may be scarcely perceivable; yet when it once seizes the lungs, all the other parts of the body will be sympathetically affected, and a confirmed Consumption and premature death will be the inevitable result. A little care would save many a life, and he timely use of a proper remedy might have arrested many a consumption. But many persons have an invincible repugnance to taking any medicine, and rather than use the means towards arresting a disease, simply because the remedy may not be a pleasant one, would suffer and languish for a long time, before they would resort to the aid of medicine.

H. A's Fahnestock & Co.'s Cough Balsam has a great advantage in this respect over many other Cough preparations, as its pleasant taste permits it to be used without inconvenience. But its value as a Balsam consists in the speediness of its cure. We have known some of the most desperate coughs, accompanied with a pain in the side and breast, attended with a distressing cough, and for the space of one year grew rapidly worse. Although it had in attendance three physicians, one of whom was considered very skillful, at their efforts proved alike unavailing. At last one of the physicians came in, and decided that 2 could not live more than one day longer. All of my friends believed that a few days, at most, would end my earthly career.

My brothers, at this crisis, hearing of the astonishing cures made by Dr. Rogers' Liverwort and Tar, went to Chillicothe, and, nothing daunted, procured the above medicine; and, strange to relate, before I had used a bottle, my cough was entirely cured, and when I had used two bottles, I was able to attend to my family occasions, as usual. HARRIET ROWE.

We, the undersigned, do certify that this account of Mrs. Rowe's is correct, we being personally acquainted with all the circumstances. P. P. JOHNSON.

For Sale, Exchange, or Rent:

THE subscriber, intending to retire from his present business about the first of April next, or as soon as circumstances will permit, will dispose of his property on or near Blairsville, in one or other of the ways specified above. They are situated in the order he would prefer as to the disposal.

The property consists of extensive Brick Buildings, erected expressly for the purpose of being used as a HOTEL. Another Brick Building, suitable for a DRY-GOODS and GROCERY STORE—all on the main street, near the Connaugh Bridge and Pennsylvania Canal. There are good cellars under these buildings; also, two wells of never-failing water, one convenient to the tavern kitchen, (besides a large cistern) the other at the stable, with pumps in both.

There are two Lots on the main street, on which the above and several other needful Buildings are erected; and two Lots immediately North of these, separated by an alley, one part is used as a Garden, on which a large brick Stable, a large frame Stable, a Blacksmith Shop and Carriage Maker's Shop are erected. Also, about 20 ACRES, within the Borough; a portion of which is EXCELLENT MEADOW, producing over *forty tons of Hay* annually. The remainder is under fence as pasture ground, through which there is a stream of RUNNING WATER.

I would dispose of all, or the tavern part and portion of out-lots, as might suit. If a sale cannot be effected, I would exchange the whole, or a part, for other property. And if neither is accomplished in time, I would rent the town property for a term of years, and out-lots sufficient for use, of the owner.

To persons desirous of engaging in the business of keeping a public house, there are few, if any, situations in the country combining so many advantages.

Daily Review of the Markets.

OFFICE OF THE POST,
Saturday Morning, *December* 9, 1848.

The river seemed to be flood high yesterday, and a sharp stream flowed on. The Lumber and Metal from above, will all be here; and the Coal has started downwards. This is the best commercial week of the season. The dealers from the upper Allegheny will take back goods for their articles; while the coal boat men will all come back in a few weeks with pockets full of cash. These circumstances are not unimportant; and will be felt to advantage during the winter.

We found the markets unchanged yesterday, in regard to prices; and there seemed to be but little business doing.

FLOUR—We have only to say, that Flour exhibited no change yesterday; we heard of no sales from wharf. Sales from store at $4,00@4,10.

BUCKWHEAT FLOUR—Sales from first hands at $1,70@1,75.

CORN MEAL—Sales from first hands at 34c., which is under the market, as the article is worth fully 40c., which figure can be obtained. Sales from store have been made at 45c., which is the same we have been quoting for weeks.

PROVISIONS—No change in Butter, Lard, Cheese or Bacon, and very little doing.

GROCERIES—No change in Coffee, Molasses, Sugar or Rice; but sales regular at former quotations.

GRAIN—Sales of Rye from first hands at 40c., from store at 45@50c. Barley has become dull; now worth not more than 55c., from store. Oats: No change.

HOGS.—The Peoria *Register* of the 24th inst., in speaking of the pork packing business in that city says:

The business for the season commenced some days since and we learn that several fine lots of hogs have been taken in by different houses, the prices ranging from $2,50 to $2,75 per 100 weighing corn fed hundred bringing the former and over that weight the latter prices. It is thought that a larger amount of pork will be packed here the present than the last season.

THE NEW STEAMER JAMES NELSON.—As we failed to notice Capt. Moore's new boat, on her making her first trip, we copy the following from the Wellsville Patriot:

It will be seen by reference to advertisement in another column, that this new and beautiful packet, G. D. Moore, Master, will make her *first* trip from Pittsburgh to Wheeling, to-day. While at Pittsburgh the other day, we visited the "Nelson" in company with Capt. Moore, who conducted us from the *hold* to the *hurricane*, and showed us her splendid state rooms, her large and commodious lady's cabin, her strong and substantial machinery, in short every thing about her. Her construction throughout exhibits great skill and experience on the part of those engaged in building her; and if she does not prove to be the *swiftest* boat of her class on the river, it will not be for the want of powerful machinery, and a superior model. Under the judicious management of Capt. M., we also prove a profitable "craft" to her enterprising stockholders.

ANOTHER STEAMBOAT COLLISION.—The steamer DeKalb, a small stern-wheel boat, from Smithland and bound for Nashville, was run into, on the night of the 24th instant, at Cumberland bar by the steamer Cutter, and completely capsized. No lives are believed to have been lost. Several lady passengers saved themselves by clinging to the bottom of the boat.
