Clothing! Clothing!! Clothing!!!
The Three Big Doors vs. The Western World!
150,000 made and ready to be offered on the most liberal terms to my old customers and the public in general. The Proprietor of this far-famed and extensive establishment has now, after returning from the Eastern cities, at much trouble and expense, just completed his fall and winter arrangements to supply his thousands of customers with one of the most desirable stocks of Clothing that has ever been offered in this or any other market west of the mountains. For neatness in style and workmanship, combined with the very low price which they will be sold for, must certainly render the old and celebrated Three Big Doors one of the greatest attractions of the western country. It is gratifying to me to be able to announce to my numerous friends at home and abroad, that notwithstanding the extraordinary efforts which I have made to meet the many calls in my line, it is with difficulty I can keep time with the constant rush that is made on this establishment. It is a well established fact; that my sales are eight or ten times larger than any other house in the trade, and this being the case on the amount sold, I can afford to sell at much less profit than others could, possibly think of doing if they wished to meet competition terms. I intend to make a clean sweep of all my present stock before the beginning of next year, commencing in November, 1848, when I will have in store of every man, who wants a cheap winter suit, to call and purchase at the Three Big Doors.

Clothing! Clothing!!
THE Spring and Summer stock thatwe now ready to be offered at the old original
THREE BIG DOORS.
Is one of the largest and choicest in selection that has ever been exhibited by any one concern in this or any other city in the Union. I will not undertake to describe to the reader the different assortments of articles which I now have to offer them; but will simply tell them that I have got a few more with a call; I will lay before them 175,000 different garments to make a choice out of, consisting in part of Coats, from the richest in quality down to the lowest in price; Pantaloons and Vests; in the entertainment of the beholder, with both mouth and eyes open, wondering in the most extravagant degree of astonishment, how such a vast collection of READY MADE CLOTHING could possibly be collected together under the control of one individual. But such things will be, as long as perseverance and industry is the main-spring of trade—Without any intention of boasting, on my part, I will say in the same time, it is of such merit I am principally composed, for nothing in the shape or form of difficulties, no matter what their magnitude may be, can deter me from accomplishing my object, in providing for the farmer, the mechanic, and the day laborer. My whole attention is taken up with the greatest care for their welfare, in getting up fashionable, and at the same time substantial garments, to meet their demands; and as for others, who fancy themselves moving in a different sphere, and require an article of the *ne plus ultra* kind; they have only to give me an outline of their wants, and they are suited to a word.
Now, let me say a word or two to my country merchants in the trade: If you wish to save from at least 25 to 30 per cent. on your wholesale purchases, call in at the "Three Big Doors," and if I don't meet your most sanguine hopes, in the way of getting cheap bargains, and fresh seasonable goods, I will not in future attempt to offer any inducements of a similar kind to a generous people of so noble a nature and close discernment.

DR. G. C. WARNER'S ANGLO-CELTIC LITHONTRIPTIC MIXTURE.
THIS celebrated remedy is constantly increasing in fame by the many cures it is performing. It is rapidly become the only medicine for family use, and is particularly recommended for Dropsy; all stages of this complaint immediately relieved, no matter of how long standing. (See pamphlet for testimony.)
Gravel, and all diseases of the urinary organs; for these distressing complaints it stands alone; no other article can relieve you; and the cures testified to will convince the most skeptical. (See pamphlet.) Female complaint, Bilious Diseases, Fever and Ague. To the Great West especially, and wherever these complaints prevail, this medicine is offered. Combined with this Mixture, a compound is a part of this mixture; it cures these diseases with certainty and celerity, and does not leave the system torpid. (See pamphlet.) Piles, complaints of a most painful character, is immediately relieved, and a cure follows by a few days' use of this remedy. It is far beyond any other preparation for this disease, or for any other disease originating from impure blood. (See pamphlet.) Debility of the System, Diseases of the Bladder or Kidneys, &c., or Inflamation of the same, is immediately relieved by a few days use of this medicine, and a cure is sure to follow. It is the only medicine in general use for such complaints, and also for derangements of the female frame; Irregularities, Suppressions, painful menstruations. Nervous and Sick Headache, a single dose of which would touch this kind of derangements. It may be relied upon as a sure and effective remedy; and, did we feel permitted to do so, we could refer to thousands as proof of cures in this distressing class of complaints.—See pamphlet. All broken down, debilitated constitutions, from the effect of mercury, will find in this remedy power of this article to act immediately, and the poisonous mineral entirely expelled from the system.
Eruptive Diseases will find the alternative properties of this article PURIFYTHE BLOOD, and drive such diseases from the system. Scrofula, Scrofulous Humors, and all such diseases, which the limits of an advertisement will not permit to be named here. Agents give them away; they contain 32 pages of valuable matter, and are worth a dollar a stronger argusy of proof of the virtues of a medicine, never appeared. It is one of the peculiar features of this article, that it never fails to give relief. Tenderness to the touch and muscle are left to build upon, let the emaciated and debilitated constitution rave, and keep taking the medicine as long as there is an ingredient. The proprietor is receiving, and concocted to gall the unwary: TOUCH THEM NOT. Their inventions are thought by many to be diseases of this article had done it. *A particular study of the pamphlets is earnestly solicited.* Agents, and all who sell the article, are glad to give them away, and for that kind, too, which cannot be found in books:
The Cottager's Directory, with remarks and directions for their removal, is really invaluable, and from every welcome visitors in every house they enter. Every family, whether possess or at least one of these Annuals. His Almanac for 1849 is now in press, and will be published, which he designs to publish at least *Two Millions*, and in order that every family of the United States and British America, may be furnished with a copy. As he employs Merchants and Store-keepers to forward their orders to him as early as possible, and they shall be supplied gratuitously with as many copies as they deem necessary to supply their various customers. They are also invited, at the same time, to send a copy of their "Business Card," which will be printed and placed on the cover of the Almanacs sent them, also without charge.
They are also requested to give all necessary directions how the Almanacs should be forwarded to them. By law they cannot be sent by mail unless the postage is first paid on them here.
Orders (post paid) directed to DR. D. JAYNE, Philadelphia, will meet with prompt attention.

Having been in the habit of carrying out a large number of passengers, they flatter themselves their character and long standing in business will give ample assurance that all their arrangements will be carried out faithfully.
Messrs. W. & J. T. Tapscott are long and favorably known for their superior class accommodation, and sailing qualities of their first class Ships—the QUEEN OF THE WEST, SHERIDAN, GARRICK, HOTTINGUER, NARCISUS, LIVERPOOL, and HODGSON, two of which leave each port monthly—from New York on the 21st inst. and from Liverpool the 6th and 16th; in addition to which they have arrangements with the Old Line of Union Lines of Liverpool Packets, to insure a departure from Liverpool every five days, being thus determined that their facilities shall keep them in the enjoyment of the patronage; while Mr. W. Tapscott's constant personal superintendance of the business in Liverpool is an additional security that the care and accommodation of the passengers will be particularly attended to.
The undersigned, having, as usual, extensively engaged in the Transportation Business between every part of the Atlantic Cities, are thereby enabled to take charge of their friends' passages, and forward them to the place of landing, without a chance of disappointment or delay; and are therefore, prepared to contract for passage from any seaport in Great Britain or the Continent, to any place in the business they are engaged in giving them facilities for carrying passengers so for inland not otherwise situated. Being thoroughly conversant with every part of their West by the best mode of conveyance, without any additional charges for their trouble. Where persons sent for decline coming the amount paid for passage will be refunded in full.
W. & J. T. TAPSCOTT.
REMITTANCES.
The subscribers are also prepared to give drafts at sight for any amount, payable at the principal cities and towns in England, Ireland and Scotland, by the mail, affording a safe and expeditious mode of remitting funds to those countries, which persons requiring such facilities will find to be their interest to call and examine.

Office.
HARNDEN & CO. continue to bring out persons from any part of England, Ireland, Scotland or Wales, upon the most liberal terms, with their usual punctuality; and attention to the comfort of passengers. We do not allow our passengers to be robbed by the swindling scamps that infest the sea-ports, as we take charge of them the moment they land, accompany them to the railroad depot, and despatch them without any detention by the first cars. To say this fearlessly, as we defy any of our competitors to do it, is sufficient to secure us the patronage of those on this side.
