...hant's and Manufacturers' Bank has ...ed a dividend of four per cent. on the ...out of the profits for the last six months.

W. H. DENNY, Cashier.

...ugh should never be neglected. It may ap... and unworthy the attention at first, but it ...mains stationary long: it may progress slow at ...is augmentation may or scarcely perceptible; ...t it once seizes the lungs, all the other parts of ...y will be sympathetically affected, and a confirm... Consumption and premature death will be the inevi... results. A little care would save many a life, and ...mely use of a proper remedy might have arrested ...y's consumption. But many persons have an invin... repugnance to taking any medicine, and rather, ...han use the means towards arresting a disease, simply ...because the remedy may not be a pleasant one, would ...suffer and languish for a long time, before they would re... sort to the aid of medicine.

B. A. Fahnestock & Co.'s Cough Balsam has a great advantage in this respect over many other Cough prepa... rations, as its pleasant taste permits it to be used without inconvenience. But its value as a Balsam consists in the speediness of its cure. We have known some of the most desperate coughs, some of which had been running on for a considerable length of time, yield almost imme... diately to its power.

☞ The columns of the Press throughout the country seem to be filled with notices of cures and specifics for all diseases flesh is heir to, that one scarcely knows what to do in case of disease, for fear that in using one medicine, another and better may be overlooked. But from the extraordinary cures, high character and vast amount of testimony daily brought under our personal notice, of the extraordinary efficacy of Dr. Rogers' Liverwort and Tar, we are compelled to regard the evidence of our senses, and confidently state that for Coughs and Colds, and that hydra-headed monster, Consumption, we think this preparation a safe, speedy and certain cure. At all events, we may say to our friends—try it.

☞ THE UNIVERSAL FEVER CURE.—Typus and scarlet fevers, fever and ague, and in fact fevers of every description have a speedy and never-failing remedy in Glickener's Sugar-coated Vegetable Purgative Pills. Owing to their mercurially purgative and cooling qualities, their freedom from unpleasantness of taste, gripe and nausea, and the peculiarly powerful influence by which they control and purify every portion of the system, the great majority of the medical faculty of N. York think of using no other purgative medicine in these diseases; and the certificates of these gentlemen have been so numerous and full of eulogy as to justify the proprietor in warranting sure, when the pills are taken according to directions. Furthermore, to show his confidence, he will return the money paid for his pills, in all cases where they do not give entire satisfaction. Unlike all other medicines, Glickener's Sugar-coated Vegetable Pills are perfectly pleasant to the taste, which greatly enhances their value with children or persons of weak stomachs, who find the taking of all other medicinal preparations a matter of much difficulty.
