WISHES. Sweethe her dreams, the fair, the young Gruce, heauty, breathe upon her; insie, haunt thou about her tongue-Life, fill her path why honor ! All golden thoughts, a 1 wealth of days-Truth, Friendship, Love, surround her So may the smile till life be closed, And ungel hands have crowned her.

For the Pittsburgh Morning Post. BOOKS. BY EPHRA

Bools which are Books."-CHARLES LANE. The Arts, Sciences and Literature, which n vily and adorn civilized society, had their origin in a remote antiquity. The natural love of property gave rise to the mechanic and commercial arts; but the liberal arts sprung from the noblest attributes and sentiments of the human soul, and dreamy and ennobling pleasures of Book Land, could only have been promoted when the mind How dear is the fibrary in the long winter evenwas free to enjoy them. War might call forth and ings, when the fire burns with a warm and cheerlevelope the genius of an Archimedes, but only ful brightness, and Boreas blusters against the wingentle Peace could build a Parthenon, and enrich dow casements; when the rain patters, and the it with the wonderful creations of a Phidias." All snow falls! In my dressing gown and slippera, things have had their beginnings, and beginnings with well trim'd lamps beside me, and a chosen have been mostly humble: it was but a fable that Minerya came forth ready armed from the brain of Jupiter. A coralliferous island in the Indian Ocean, glorious in the sunlight of Heaven with its foliage and its flowers, and redolent with fra tic snows by the Borealis light; or in fiery climes, grance and vocal with melody, was in its beginning but & minute shell lish beneath the wave --- of camels grazing, and goodly steeds fastened near One entity begat another and in the process of the ages there arose over the remains of that first cor- | the while, and a self-exiled Wanderer with a face al, everiasting battlements defying the waves and of beauty, traced with "unutterable thoughts,"

the tempest. So it has been with knowledge .--Humble in its origin, nurtured by Peace, and retarded only by War, which has ever been its enemy, knowledge has now taken deep root in the arth, is covered with all manner of fruits, and its ives are for the healing of the nations. If an Alphabet had never been invented, Socie.

ty would never have progressed beyond a state of harbarism : its only history would be vague traditions, and its only literature confined to amorous and beroic songs. Josephus says he had seen in. I can laugh with Cervantes; if inclined to be pen scriptions by Sets, the son of Adam; if this as sive, I can anatomise melaucholy with Burton, or sertion be true, then writing came by inspiration. But the probability is, that the story is a fable, avented by the Jewish historian to magnify the bear me back to the fierce encounters of chivalryliterary character of his nation in the eyes of their or Walter Scott tell in wonderful eloquence how Roman conquerors. Profane history confers on the Egyptian Hunnus, the immortal honor of inventing writing by hieroglyphics. From the cities becca from the savage revenge of the Templar. of the Nile the art was carried into Phoenicia, and Do I want to become acquainted with the rise and fall of empires, with national glory or national hundred years before the Christian era. The first writings were songs commemorative of martial bland, Livy, Tacitus, Plutarch, Rollin, writings were songs commemorative of martial from thence into Greece, by CAUNUS, about fifteen fall of empires, with national glory or national writings were songs commemorative of mathal glory; after these followed more practical subjects. such as chronology, history and geography, to gether with astronomy and observations of mathal

Gold has also been discovered at Los Angelos, equal in quality and abundance to San Fransisc The artists had held a meeting to memoralize Co gress to establish a mint there. Major Lovenworth has been elected Alcalde. no The Gold Feaver prevails in Pottsville. The reiheit's Press of the 18th states that a number of oung non of that place are about organizing a con bany for California, in search of gold. 52 The Cleveland Plain Dealer gravely announ

es the existence of the yellow fever in that city-a fever for the yellow boys, to be coined from the rich mines lately discovered in California. The same disease rages in other parts. 127 A man who has returned from California, he ng asked what goods were the best investment to

be carried to California, replied, "Green Spectacles y all means; for they are needed to protect the eves of the gold diggers from the brilliancy of the met-Ber Horace Greely thus discourseth over the spe-

imens of California gold in Washington: "Any goose who could talk of 'mica' after seeing these specimens would not be worth noticing; it is no more like mica than it is like cheese; and just as litle like any sort of iron, magnetic or otherwise. It is the real froot of all evil-I mean the love of

> Land to Actual Settlers That excellent Democratic journal, the Pittsburgh Post, has a very powerful article in favor of making the public lands free to actual settlers.—Pennsylva-This is not a new idea with the Post, as many ap

fallen short of especiations. In the Like Supérior District, Michigan, there have been sold 2016 acres at \$5 per acre, and 6,464 under teases at \$5,60 per for some time past by many of the ablest presses it the country; and soveral distinguished Statesmen have taken a decided stand in favor of the human at 50 per adre, and 0,000 induce lease at 50,00 per dere, ambuning to 820,342. There is no doubt there are many valuable mines there, but there are also many deposites not worth working. Further facilities for setting these andars should bo afforded Several of the mines that have been worked have measure. In Mr. Bonton's Oregon letter, we find

LOGAL-MATTERS. The Report of the General Land Office is spoke MEETING LAST EVERING .- The " Friends of the Sabbath " had a meeting last evening in Dr. Hertoo busily engaged in arranging Old Zack's cabi on's Church. Dr. Herrop suggested that is would be proper to appoint a layman to preside, and thereupon mentioned HABMER DENNY, Esq. Mr. White of the

The public domain lies in twelve-States: Ohio, Indiana, Illinois, Missouri, Alabama, Mississippi, Louisiana, Michigan, Arkansas, Wisconsin, Iowa, Gazotte was appointed Secretary. A prayer was offered by Rev. Dr. Black ber The Ship James Cuiter, which arrived recert, ly at New Orleans brings information that the gold mines of California are inexhauttible. One lump ha been seen weighing thirteen pounds. (nunces, probably.) One mind was how a to the officers who had obtained eighteen hundred dollars worth of the precious metal in a single day-though this wag an Rev. West moved the appointment of a Commi ent of a Committee to prepare a Report. It was suggested that the Committee of the forer meeting was ready to report ; whereupon Rev. Rodgers, the chairman, asked leave to retire with the other members for a few minutes, which was granted. The Committee retired. Rev. Riddle, proceeded to address the

Report on the Public Lands.

He had no thoughts which were not familiar with all present upon the subject of Sabbath desecration; he had no prospect of doing any good by any re-

Making a total of ..... 9,459,741 The quantity surveyed and prepared for market, bu which cannot yet be offered, is 4,716,375 acres. Th antity estimated for survey expected to be close ring the next year, is 9,118,400 acres. o omnibuses running through the strests on the Sab- | ted Sth October, 1844. during the next year, is 9,118,400 acres. During the year 1647 there was sold of the public lands 2,521,305 acres, for which there was received in cash 93,201,284; in treasury notes \$20,452; in treasurer's receipts \$72; in military land sorp \$65-196; in furfeited land stock \$92; and in Choctow cert ficates \$69,306-making a total of \$3,506,404. During the first three quarters of 1343 there was sold 1,448,240 acres, for which there was received a to-tal of \$2,030,688. There have been located with Choctow certificates, distinct from the ordinary sales; bath. The Rev. gentleman proceeded to illustrate how this evil may have been started up-for the purpose of arresting the attention of Christians, thus bringing good out of sevil-Sabbath sanctification

out of Sabbath desceration. The Committee sp-peared and Rev. Riddle took his seat. Rev. Rodgers read the report of the Commit tal of \$2,030,055. There have been socated with Choctow certificates, distinct from the ordinary sales, from July 1 to Dec. 25, 1847, 55,903 acres; and du Memorial to Counsels and Resolutions The Memorial was the same we published on the

ring the first three quarters of 1848, 42,083, and in October 1848, 3,216. There have been located with 12th inst.] bounty land warrants, under the act of 1842, for services during the war of 1812, during 1847, 37,440 The Resolutions required the appointment of a acres, and during the first three quarters of 1848, 3,840. With Mexican war warrants there were is-used during 1847, 250,320 acres, and in 1848 so far, 1,525,200. The total amounts of Public Lands disof the memorials, receive signatures, and present them to Councils, &c.

Rev. Riddle did not like the words " doggeries posed of in the periods aforesaid, is thus seen to be 5,887,550 acres and groggeries," and moved that the latter be strick-Since March 19, 1847, (the date of the first,) there en out. It was a mere matter of taste, of not much have been issued, 39,825 Mexicon war warrants for 160 acres each-fur 6.372,000 acres-2,349 of 40 mportance, but he hoped a paper from such a body as the meeting, would be couched in unobjectionable -for 133,960 acres, making phraseology, assessment of jumber issued up to November 30, 1848, 43,174. Dr. Wray wished to know what the Committee

ingly.

## -Before Judge Pation. -Before Judge Pation. The case of School Directors of Kirabeth iownship r. Andrew Fife, went to the Jury this morning, af-ter address of counsel, and in able charge from Judge Patron. His Honor took an extensive yiew of the law, involved in the case, upon the numerous points sub-

mitted to him on both sides, and the instructions t the jury were clear and succint ... We cull from the notes we took, the following a stracts, which will be found useful and important; and we may state that the principles decided will

have a salutary effect, by producing a more careful attention to the requirements of the law, on the part both of School Directors and Collectors, Fife the defendant, was duly appointed Collector of Count and State Tax. Alterwards, on the 15th of July 1844 File appointed Lettle his seent to collect these two taxes. The latter entered the School Tax on marks he would make. Such reforms are always the County duplicate, in a blank column, about the started by particular evils which become so promi- first of September, doing so after strinterplew to nent as to force themselves upon the attention of consultation on the subject, with some of the School the community. In the present instance, there was Directors, and by the information given by the one evil that had become enormous. He referred The warrant from the School Board to Fife was da-

ed, and in process of time books and gathered into Libraries. The most extensive and famous library of ent juity was that formed by the Ptolemies at Alex-

ndria in Egypt, which contained 700,000 volumes Part of this was burned by the flattes of Cæsar's fleet, when he set it on fire to save himself, but the ooks were afterwards, replaced by the beautiful and frail but intellectual Cleonatra, who added to it also the library of the kings of Pergamus. This stonishing collection of manuscripts survived the avages of war until A. D. 604, when its was de-

troyed by one of the military curses of our race. Oxin, the son-in law of Motiaumed. Upon the reduction of Alexandria, one of the Kahlif's lieu tenants annlied to him to know his pleasure con-

cerning the contents of this library; he commanded its destruction. " for." said he "if the books o be Greeks agree with the book of God (Koran.) they are superfluous, and need not be preserved and if they disagree, they are pernicious, and ought to be destroyed." In consequence of this decision, the manuscripta were delivered up to the 4000 public baths of the city, and to which they

served for precious fuel for eix months. Some of Convergers Wanted. these books possibly may have been saved, for we

have historical evidence that the Arabs afterwards established extensive libraries in Asia, Africa and Spain; but of these collections only a few stray THE SATURDAY MORNING POFT. Constant employ folumes have come down to our times. Before but trust-worthy persons need apply. the art of printing was discovered, books were in.

credibly dear, and usually fetched double and treble their weight in gold. Jerome states that he had roined himself in buying a copy of the works lives, Mr. Root introduced a resolution, instructing of Origen. The bequest of one to a religious house entitled the donor to masses for his soul, and they were chained to their stations for fear of being stolen on account of their great value. To

what honor, then, is GUTTENBERG entitled, who had the genius to invent movable types, those little instruments that have made the pen mightier than the sword ; and, aided by lightning and driven by steam, are now producing more astonishing changes and transformations in the world than was ver dreamt of by Arabian romancers!

I may here mention the number of volumes an MSS, in the principal libraries of Europe. MSS

Royal Library of Paris 450,000 Bodleian, Oxford 420,000 Munich Ilution 77.000 30.000 Munich University -9.000 100,000 Vatican, at Rome 40,000 Gottingen University British Museum 309.000 5.000 500,000 120.000 In this country, according to the Encyclopedia

Americana, the library of Harvard College con. ained, in 1831, 36,000 volumes; the Philadelphia Library, 27,000; that of the Boston Athenæum, 25,000 ; that of Congress 10,000; and that of Charleston 13 000. Of course these have vastly ncreased since that date, when we take into conideration that, in addition to reprints of old books. (as near, as I can estimate,) 5000 new books are

produced annually, and in no country of the world a the progressive spirit of accumulation so vigor-

ons as in our, owp. This is the age of book-making. The steamdriven presses of the world are flooding the bookstalls, with reading for the million; but, alas I most of these publications are utterly worthless, if not positively injurious. They neither stimulate gepointed 7th April, 1839. ins to widen the boundaries of natural science, or give a new humanitary pulsation to the human heart. Still every book we read, though it may be is light and ephemoral as the insect that floats upon the breeze of summer, tends to modify our character. If the author does not do the thinking, he fires a train, and we think for ourselves. So it is better to read, unless the book is positively viious, than to be idle. When the mind is arouse from the torper of ignorance it demands food; bu while it can have nutricious and palatable food in abundance, O what folly it is for it to feed upon garbage ! Why will it take the coun terfeit when be genuine is presented ; why embrace the simplated when it can have the real! There are abund. ance of "books which are books" to be had (and how very cheap!) without any one being obliged, from a difficulty of obtaining them, to fill his library or book closet with trash. But let us not
