Number 151,

FASHIONABLE FALL AND WINTER HEADDRESS

CLOTHING

THE Proprietor of this far famed establishment would most respectfully call the attention of numerous customers and the public in general, to one of the largest, cheapest, and most fashionable lots of CLOTHING in connexion therewith, that has ever been exhibited in this or any other city, East or West.

It will not undertake to describe in the remainder the various articles which now have to offer them, but will simply say to them, that if they only favor him with a call, I will lay before them *Two Hundred and Seventy* of the richest in quality and finest in workmanship, all of which they can select to suit the most fastidious taste, in point of fashion and quality.

A priced catalogue of the numerous garments in the various departments, would occupy too much space and time in this notice. A correct idea of their real value. The Proprietor and assistants will be pleased to wait upon them and show them the articles, and you are invited to compare them with the price attached to any part of the body, either externally or internally, in a definite, gentle stream, and with shocks, or pain—with perfect safety—and often with the happiest effects.

This important apparatus is now highly approved of by many of the most eminent physicians of this country and Europe, to whom the afflicted and others will be referred. Reference will also be given to many highly respectable citizens, who have been cured by means of this most valuable apparatus, after some of the most inveterate, nervous, disorders, which could not be removed by any other known means.

Among various others, it has been proved to be admirably adapted for the cure of the following diseases, viz.: nervous headache and other disorders of the brain. Its the galvanic fluid with ease and safety to the eye, to restore sight, or cure amaurosus; to the ear to restore hearing to the tongue or other organs, to restore speech; and to the various parts of the body, for the cure of chronic rheumatism, asthma, neuralgia, or tic doloureux, paralysis, or palsy, gout, chorea or St. Vitus' dance, epilepsy, fits, convulsions, contraction of the limbs, lock-jaw, etc., etc.

Rights for surrounding counties of Western Pa., and privileges with the instrument, may be purchased, and also tested for the cure of diseases.

Full instructions will be given for the various chemicals to be used for various diseases, and the most prompt attention for the cure of these diseases, will be paid by the patentee. Enquire of S. WILLIAMS, Vine street, near 4th st. Road, Pittsburgh.
