LLUSTRATED ENGLISH EDITIONS OF tual necessity, and no remedy could expect to become popular without this essential recommendation. The very idea of administering mineral substances internally is absolutely preposterous. Nature never intended them for that purpose. Their node of operation is too violent, and they seldom fail to leave the system in a worse condition than they find it. The Clickener Sagarcoated Vegetable Pargative Pills being compounded not merely of vegetables, ru of their extracted juices, is enirely free from this objection. Their operation is perfectly southing. They penetrate the minutest fibres of the human frame by a gradual process, and never cease in their operation until every particle of diseased matter is expelled, and every symptom of disorder removed.

Loss of the Steamer Tributary, and Damage to the Arkansas Rail.

Between 4 and 5 o'clock, yesterday morning, as the watchman of the Memphis packet Tributary entered the cabin, for the purpose of awaking the servants, he was met by a volume of smoke and a current of air rushing in. The cabin was most instantaneously in a blaze. So rapid was the progress of the flames, that Mr. Hewett, the cierk, although immediately aroused, was unable to open his money drawer and take out its contents, amounting to some \$400, or to save his books, all of which were lost. The bar keeper lost his gold watch and all his clothes. Indeed, all who were on board were glad to escape encased in but little more than their night clothes. The Mustang and Empire were laying immediately above the Tributary, and at one time were in considerable danger. The Tributary was cut from her moorings ar soon as possible; but in floating out, she ran against the Arkansas Mail, and the fire communicating to her, it was not subdued until her cabin was nearly entirely destroyed. After burding nearly to the water's edge, the Tributary was scuttled and sunk. She was recently purchased by Capt. J. W. Denny, and refitted and re-invisible. dec25

DR. CLICKENER'S SUGAR COATED VEGETABLE EXTRACT PILLS.—These celebrated Pills have obtained an enviable notoriety in the United States, as a curvive for Giddiness, Dyspepsia, Sour Stomach, Headache, Fevers, Piles, Costiveness, Coughs, Heart burn, Liver Complaint, Scurvy, Sore Throat, Inward Weakness, Palpitation of the Heart; Indigestion, and a variety of other diseases to which fiesh is heir to, as a medicine for the million. In all seasons of the year,—spring, summer, autumn, and winter,—and under all circumstances, they can be taken with perfect safety and success. As a Vermifage and general medicine for children, they are unricalled. Being coated with pure white sugar, chidren will easily take them; they netter gripe nor nausente; are gentle, but thorough in their operation. For adults, by increasing the dose, they are equally ben eficial. As an Anti-Bitious Pill they will be found without a superior. Ask any one, among the thousands who use them, and an unqualified approval will be the certain result.

Remember Dr. C. V. Clickener is the original inventor of Sugar Coated Pills, and that nothing of the sort was ever heard of until he introduced them in June, 1843. Purchasers should, therefore, always ask for Clickener's Sugar Coated Vegetable Pills, and take no others, or they will be made the victims of a fraud.
