ILT Aporixxy—This dreadful complaint is generally preceded by pain in the head, giddiness, especially on turning suddenly around, dinness of sight, stupor, loss of memory, and other unpleakant symptoms, which indicate a loaded and corright state of the blood.

Wright's Indian Vegetable Fills are a certain preventive of appoplexy, because they expel from the blood those stagnant and corrupt humors, which are the cause of, this and every other malady incident to man.

Wright's Indian Vegetable Fills also and and improve digestion, as well as purify the blood, and therefore drive disease of every name from the body.

Benoaved Counterfeits and Imitations.—Remember that the Original and Only Genuine Indian Vegetable Pills have the written signature of William Watour on the top label of each box.

Remember, also, that Messrs: Fenchtwanger & Co., of New York; Jas. S. Glascoe & Co., at Cincinnati; and J. B. Wilder & Co., of Louisville, are not agents for this medicine, and we cannot guarantee the genninness of that offered by them for sale.

The gennine is for sale at Dr. Wright's Principal Office, 169 Race street, Philadelphia; and by Jonn Thomston, 158 Liberty street, Pintsburgh, Pa., who is sole agent for this city, by whom dealers can be supplied at the wholesale rato. M. Bixio is appointed Minister of Commerce izes.

This property, for beauty of location, commanding triew of the two cities, the Allegheny, Monongahela and bhio rivers, is unequalled. It has the advantage of a bundance of the choicest spring water. The new road low finishing, will render it easy of access, and bring it within a convenient distance of the Allegheny market. It may appear trifling and unworthy the attention at fart, but it will not remain stationary long: it may progress slow at first, and its augmentation may oe scarcely perceptible; yet when it once sciezes the lungs, all the other parts of the body will be sympathetically affected, and a confirmed Consumption and premature death will be the inevisible result. A little care would save many a life, and the timely use of a proper remedy might have arrested many a consumption. But many persons have an invincible repugnance to taking any medicine, and rather than use the means towards arresting a disease, simply because the remedy may not be a pleasant one, would suffer and languish fer's long time, before they would resort to the aid of medicine.
