New Vapor Engine new invention called the Combined Vapor " has been exhibited in London. Its obto produce from steam a greater motive pow n is now employed. In low pressure steam ies, the steam, after performing a single oper passes off from the cylinder to be condensed ch process it is deprived of its heat. The vention turns this heat to account, and makes iteam perform a double operation—generation process of condensation, a new motive pov Chloroform is used in the process-being ex ely vollatie, it is converted to vapor by the nt heat of the steam, and is thus used like the n itself. The experiment is said to have been sful, and the invention is one of great impor If this we have no doubt-we see no possibility sing chloroform in any capacity to produce an nomical result in mechanical propulsion. body almost, remembers the gas engine o Brown that made such a fuss in the mechani world in 1825. Where is it now? "with the gs that were." It is not the volatibility of a stance, that is going to make it a good prop agent—it is its general economy, and so far we have examined, the subject—and that is not ttle both practically and theoretically, we know to substance that can surpass coal and water cientific American. o Mode of Manufacturing Substances he following process has recently been patent in England for the manufacture of candles, ich is something of a novelty by the way. The cess is to combine resin, with tallow or any er fatty or oleaginous substance in the propo of about from 20 to 30 per cent. of resin in combination. When the composition is mel-and well mixed together, there is to be added degrees any discription of strong acid, concen-ted sulphuric acid; it is then to be submitted to ficient heat to evaporate the sulphurous acid which will be accomplished in about from elve to eighteen hours; it is afterwards to be mitted to the process of distillation well known substances of this description, and when cold, id from the solid parts, which are then formed candles or other suitable articles for illuminawhich are said to endure well and give a very Illiant light - Scientific American. Soldering Iron. When the fillings of soft cast from are melted in ucible with borax, which has been prevously leined in order to get rid of the water it conns, a hard, shining, black pitch like soldering bstance is obtained, being glass of borax colour-Sal ummoniac having been applied to the inter l joining, or between the overlapped edges of in sheet fron, some of this black solder being owdered is to be laid along a short portion of th int, and as soon as it is melted over a clear forge e, the soldered part is to be placed on the beak an anvil, and beaten with a light hammer and nick hand, as long as the heat permits. More of he powder is then to be laid upon the adjoining art of the joining, until the whole of the seam is Another method, which has been published fo is purpose, is to melt five ounces of borax in an pern crucible, and when melted, to add halfan ance of sal ammoniac, and pour the melted mat upon an iron plate. When cold, it will appear ke glass, and is to be powdered and mixed with n equal quantity of unslacked lime.
The iron or steel being heated to a re on or steel is then to be again heated, but conderably below the ordinary welding heat, then rought to the unvil, and hammered until the suruces are perfectly united .- Scientific American. Black Lead in Pennsylvania. We learn that an enterprising company from hiladelphia have commenced digging for Black ead or Plumbago, at the old mine on the farm Edmund Plumy, in Southhampton, Bucks coun This mine was worked some years since by Villiam Rodman, Esq., of Bustleton, and others nd a large quantity of Black Lend taken out, mos f which was exported to England, but owing t e low price of the article, the digging was di i. At the present time, we are informed sequent high price, offer sufficient inducement working the mine again, which is to be carried with vigor, some of the best miners in the coun ry having been engaged. The Black Lead from this mine is of a superior quality, and is reported to be the purest found in this country or Europe. Diseases in Horses. WEARASS.-Horses are sometimes in a weak ole condition, without having any real disease. They should have food of a good quality, derate exercise, and careful grooming with lenty of salt. WESS.—Tumors, at first soft and indolent which grow under the skin, and which have a tendency o become hard, and increase in size indefinitely.-WINDGALLS.—These soft and lymphatic swe ings, which are generally caused by a sprain or hard driving, may be relieved, and sometimes cured, by astriagent washes, or by a mixture of oi and ammonia in equal parts, commonly called vo-Worms.—It is to be presumed that the horse is roubled with worms when he has frequent attacks of colic, when he loses his appetite and strength, without may apparent cause. He should take bitfuge is soot, from a chimney where wood is bnrnt | we do! given in doses of three or four ounces, mixed with THE FRENCHMAN'S COWS .- We remember to Pettsburg, to ze riviere to Louisville. No preference is to be given to citizens or merchan dize of any country over those of any other country The Company agree to transport either passenger or freight without distinction of national character The bill passed by Congress is also very favorable Messenger .- Lewis Frank. Its principle feateres we extract: They shall transport by steam, on said road, across They shall transport by steam, on said road, across the said isthmus, for a period of twenty years, free of cost, or charge, the mails, all persons in the employ or service of the United States, with their proper or personal baggage, and all supplies and freight of every description belonging to the government of the United States. The Gold Fever seems to be spreading over all the country, and large numbers of vessels are pu up at all our principal ports for California. The hip Apollo, which sailed from New York, on Tuesday, took out two printing presses, and everything cessary to a complete newspaper establishme Two sons of M. Y. Beach were also passengers in chandise, which may be transported over said road, from one ocean to the other, belonging to Ameri-can citizens, or which may be convoyed to the harher, and several compositors, formerly employed the Sun office. bors or depots of said railroad in registered or en rolled vessels of the United States, shall not exceed PHILADELPHIA REPUBLIC .- This daily paper, the not more than five dollars fare shall be charged t ce, where it will melt like sealing wax. The any American citizen, or to any other person who or steel is then to be again heated, but conmay arrive in vessels of the United States, for passontinued, because, as Dr. Elder says, the " capital invested was not large enough to sustain the paage over said road.

The said contract shall continue in force for twen per." It has been a very ably conducted sheet. ty years from the completion of said Railroad du ring which time the Government of the United State shall pay to the said William H. Aspinwall, John I AN ARTEUR DODGER .- The Hon, Daniel Webster shall pay to the said William H. Aspinwall, John I. Stephens, Henry Chauncy and their associates or their assigns, being citizens of the United States, two hundred and fifty thousand dollars per annum, in consideration of the services to be performed by, and the restrictions imposed on them: provided, Congress may at its first session after said Raiiroad shall have been completed and in operation ten years, resemd the said contract by joint resolution, otherwise it shall continue in force.

At legist seven eighths of the stock of said road shall, at all times, be owned by citizens of the United States, and the principal office of the said company shall be in some scaport town of the United States. has been absent from his place in Washington, during the whole acssion. He thus avoids committals on the vexed question of slavery or freedom. city. The city, with the exception of colds, is REV. GRORGE S. HOLMES. The Wheeling Argus, f Saturday, says: "The Rev. Geo. S. Holmes, pastor of the 4th street Methodist Episcopal church, f this city, has been dangerously ill since Monday A New "Organ" at Washington. last. Hopes are yet entertained of his recovery." The Boston Republican states that it is rum that Bullitt, of the New Orleans Picayune, and Mr. NUMBER OF BOATS PASSING CAIRO.—The number of boats which passed Cairo (says the Delta of that place,) in the year just expired, 1848, was 4566! Fuller, of the New Mirror, are about to commend the publication of a Taylor paper at Washington .-This is about one arrival every one and three quar-ters of an hour. Beat that, you villages up the Ohio Bullitt is an out-and-out slaveocrat, and Fuller a fullblooded free trader. Gen. Taylor's troubles have and Mississippi, if you can. begun already. There appears to be a determination THE Pittsburge Post, we learn, is offered for sale. amongst the original Zachayites, to prevent the old Federal National Intelligencer from becoming the "organ" of the new administration. That paper has Neighbor Maclane you have been mininfo for many years been the peculiar advocate of all those obnoxious measures which the Taylor party repudiated, in order to elect the old chiestain .-From the Chinese Repository for September CHINA. Should the in-coming administration give the cold The Russian bark "Prince Menshikoff," J. Lindenburg, from New Archangel, 220 tons, 28 men and 8 guns, is now in port. The following articles are said to compose her cargo :—1000 for shins; 4100 seal skins; 225 land otter skins; 250 bear. the only sure method of cure is to cut them out.—shuolder to the Intelligencer, it is as clear as the This may be safely done, care being taken not to sun at noon-day that the great body of the Federal party will abandon the General as they did John Tyler in 1841; and then where will the " whig " party skins; 10 sea ofter skins; 10 sea ofter tails; 50 lyux skins, and 40 barrels of flour. It is the first Russian vessel that has entered the Chinese waters since the formation of the late treaties; and it is be? The" National Whig," another Taylor paper, has been revived at Washington, and now professes to speak the sentiments of Gen. Taylor by the card! omewhat doubtful whether the Chinese govern-Its editorials smack a good deal of the Madisonian nent will allow her to trade.

Destruction of life on the island of Tsungming, -sort of half whig and half democrat! But the 4th of March will soon be here; and then we shall see sights for certain. The removals, the appointments, ions; as wormwood or tansey, and infu- and the dis-appointments, will afford themes for masions of Carolina pink. Another excellent vermi. ny a humorous chapter. We pity the poor whige-VIRGINIA IRON-The Valley Star gives an encourageing account of the present condition of the ron business in Rockbridge, Allegheny, and Bothave heard a story told with some humor, by a friend, which we believe has not been "in print" and all of them operating with renewed activity. The Frenchman is relating, with great energy, and appropriate gesture, his first voyage down the Ohio river.

"Vell, Monsieur you see I got on the boat at that has a deeper interest in the protection of dothom, the people of Virginia can lend their support to Free Trade. There is no state in the Union, with perhaps the single exception of Pennsylvania, that has a deeper interest in the protection of demestic industry than Virginia. When will she open The above is copied from the Philadelphi Daily News, an "altra whig" paper, Edited by Judge lady, indeed. Vell, Monsieur, we leave ze dam Conrad. It is a remarkable fact, that even the presentations; vich smoke my eyes tell dem red as if I see of the opposite party are compelled to admit the Conrad. It is a remarkable fact, that even the pres drink moshe visky, vat you call 'red eyes'—vera appropriate name indeed vera appropriate. As I appropriate name indeed vera appropriate. As I tell you. Monsieur, ze riviere vera low, and we have

by the late tyloon, is said to have been very great indeed, almost incredible, amounting to sixteen thousand soule. The exact extent and population of the island are not known; it forms, however, a distinct hien and has its own magistrate. The whole surface is very little above the level of the sea, and surface is very little above the level of the sea, and over no laconsiderable part of it the waves rolled furiously. The statement given above, that 1800 persons were lost, is said to have been sent officially by the magistrate to his superiors.

An imperial commissionership for foreign affairs, is, henceforth, it would seem, to form a distinct department in his imperial majesty's government. According to rumor, Keying has been received with the foreign form at court, and the Emperor is anxious to great favor at court, and the Emperor is anxious to bave him return to Canton and resume the office, the duties of which he has performed with so much satisfaction to his master. Whether Keying will or will not accept this, seems not to be known. SANDUSKY BANK. From the Sandusky (Ohio) Mirror.
Burying a Bank—Eight of January Celebration A funeral procession passed through our streets to-day, headed by a dray, on which was drawn a coffin labelled with bills of the Bank of Sandusky, operations of the much abused Tanifi of 1846. The coffin labelled with bills of the Bank of Sandussy, operations of the much abused Tanifi of 1846. The and a band of music playing the dead march. It also carried a black banner on which was painted "We will bury the rescality." The followers had their pockets turned wrong side out, and tied up supply the jincreasing demands of this great and growing Re public. The cry of "MORE PROTECTION— mostly made up of German laborers. It halted in front of the old Bank boulding, where a large crowd route of the mostly made up of German laborers. It halted in front of the old Bank bot and was painted. They were addressed in German laborers. MORE PROTECTION," proceeds from men who are of people gathered. They were addressed in German by Mr. Remley, and in English by Mr. White. Although the speakers appeared to be laborors, unaccustomed to public speaking, their remarks elicinever satisfied unless Congress is constantly legisating money into their already well filled coffers, and sees zing the very life blood out of the great masted loud applause.

The procession then marched to the bay, where ses for their exclusive benefit. Under the policy of the Democratic party all the great interests of the hole was cut in the ice, and the coffin with appropriate town try—Agricultural, Mechanical, Commercial and ate ceremonies, plunged in. The crowd then quie coun try—Agricultural, Mechanical, Commercial and ate ceremoni Martufacturing—must prosper; for all are protected by dispersed. EXHUMED: The bank coffin buried this morning by the Gerglorious beams of the god of day, should fall alike mans has been raised by the boys and opened. The body was found to consist of Daily Sanduskians of he had the near the t

rich and the poor. Bank of Missourt. Flogging in the Navy. The citizens of Auburn, N. Y., held a meeting on he 9th inst., and adopted resoulutions strongly condemning both the use of the lash and liquor in the d to \$208,209 71, which is an average, for the Navy. Gov. Seward, being unable to attend, sent a whole time, of about seventeen and one-libral per con. per annum.

There is not, probably, another Bank in the United States that can show, for the same period, a larand the lash from every place. I feel quite assured ger net profit.

The capital of the Mother Bank is only \$600, that if the first could be excluded from the navy, the 000. The branches have an aggregate capital of the This subject is begining to attract attention in every part of the country. The custom of flogging in the navy is both inhuman and barberous it is revolting to the senses, and disgraceful to the nation. Let the abolished by law at once. A petition as the law and barberous it is revolting to the cashier of the Branch.

Same amount,

There is no Bank in the Union in a more flourishing condition than the Bank of Missouri.

From a statement of the Cashier of the Branch.

Bank of Lexington, it appears that its net profits

Gen. Taylor and Mr. Clay. The following telegraphic despatch appears the Baltimore Sun, dated New Orleans, January 15: the Battimore Sun, dated New Orleans, January 19.

"The Hon. Henry Clay has arrived at Baton Rouge, in the epidyment of fine health and spirits.

Rouge, in the epidyment of fine health and spirits.

"Our host?" of the old "Merchant's Hotel," and more recently of the "Exchange," has again entered public, tile, as one of the proprietors of the dect is making his arrangements to depart for Washington about the 1st of next month, and it is said that Mr. Clay will accompany him."

The proportion of the state of the properties of the said that Mr. Clay will accompany him."

Connelly, with whom we are not personally accompany in the proportion of the said streets. The announcement that Mr. Clay has been on a risit to Gen. Taylor, prior to his departure for

Washington, appears to be highly gratifying to the 45,933 8 ultra whigs;" but at the same time it is gall and 215,355 known by the name of "Taylor Republicans." A

prodigious effort is being made to get Mr. Clay back
into the Senate; and if the wishes of those who are
urging the matter, should be gratified, we no doubt
shall witness a re-enactment of the same drama that
was enacted in 1841, immediately after the death of
Gen. Harrison, when Banks and Bankrupt Laws

Gen. Harrison Laws

Gen. Harr known by the name of "Taylor Republicans." 494,698 54 were chief subjects of Congressional Legislation. A REMINISCENCE. In the year 1841, we think

it was, Mr. John C. Calhoun was seen to enter the Senate Chamber very hastily, pack up his books and papers, put on his cloak and hat " in a harry," and make his exit. The inquiry was, on all sides, what does all this mean?

The reply was, that Mr. Calhoun had, that day, received a latter informing him that there had been . \$238,462 2 The reply was, that Mr. Cathoun had that any received a letter, informing him that there had been discovered on a lot of land of his, in Georgia, a gold mine, sixty feet wide by forty deep, that was a solid mass of unadulterated ore! Mr. Calhoun ... 472,341 61 was to resign at once, and take care of the gold—
He did'nt do it, however; but, he went down to
Georgia; put his hand upon the gold mine, sixty by
forty feet, and, like Pat's flea, "it was nt there." Mr. Calhoun came back to Washington, hung his hat and cloak up in the Senate, and the same day tulk-ed about "a crisis."—N. Y. Sunday Atlas.

e had.

Connelly, with whom we are not personally acquain The Rev. Wm. M. Hall, who recently furnished ted; but who comes before the public well comme communication for the columns of the Post, on he subject of colonization, has laid upon our taole a small pamphlet entitled "Republic of Libe-ia—statistics of the Republic—benefits resulting Ih relation to this Hotel, under its new propri 'ultra whigs;" but at the same time it is gall and torchip, we copy the following from the Journal:—

wormwood to that amphibious class of politicians,

Ma. Epiron: On my arrival at Pittsburgh, on been printed for gratuitous distribution, and cap pe procured at the stores of Johnston & Stockton and J. D. Williams. We observe by extracts from the minutes of the Presbytery of Ohio, January 9, 1849, published in the pamphlet, that a committee consisting of Rev. Dr. Elliott, Rev. Daniel E. Nevin, and Malcolm Leech, Esq., submitted the following report; which was adopted:

"That in the establishment of the Republic of I have stopped at Brown's house often, and in se-Liberia, on the coast of Africa, by the agency of ere sickness have found him the good camera. Comfort, quiet, order and all that even the opicvere sickness have found him the good Sam ure could require, are to be obtained here. And above all, you can find an honest man at the head

the Colonization Society, they recognise the pro-gressive developement of a scheme of benovolence of the house—one who never permits any imposition to be practised on those who patronize him. Travelling friends, give him a call, and if you ever pass him by again, I am mistaken.

Mr. W. C. Connelly, long associated with Mr. Brown, and well known to the travelling public, is connected with Mr. Brown, and his name is an additional pledge to the public that "Brown's Hotel" cannot be beat. which promises inculculable good to the colored race. The beneficial results arising from the continued action of the same agency by which this Republic has been called into existe nce, are set orth in a lucid and forcible manner by Mr. Hall, in an article published in the Presbyterian Advocate of January 3d, 1849, which well deserves the consideration of all who would form an enlightened and accurate judgment of the subject. Participa-ting in the common desire of good men in this KENTUCKY MERCHANT. himunity, to see the colored race placed in a The charge of the Court in the Riot case position where they can enjoy the rights and im-munities of free men, they do hereby recommend vas published in the Gazette of yesterday morning. Mr. Hall, and the cause of which he is the agent to the affectionate regard and liberal patronage o was furnished at the request of the proprietors of the public."

LANGUAGE OF THEES .- There is a pathos and

informed of a little circumstance in regard to thi entiment about some of the Eastern poets that Company which the public should be made acquaintruly affecting. A correspondent of the Boston ted with. They were urged to unite in the recen Post writes as follows: Suppose a tree's long reaching limbs;
Should gainst a window dash,
In one of nature's breezy whims
And break it all to smash;
Amid the clatter and dismay,
What think you would the fragments si
5. Ye ministers of grace defend us!
Not that, friend Charles; they'd cry;
"Tree-mend-us!" strike against the weavers—the strike to reduc their wages. "No, when we can't pay our girls a living share of our profits, we'll stop the Mill," was the reply of Messrs. Voegtly, Myers and Hunter. Queny,-If all cotton manufacturers were lil these gentlemen, would there be fear of mobe? BELONGS NOWHERE !- Yesterday afternoon v The Poet tells us that .. met two of the Allegheny Police officers walking towards the city with a poor crazy boy in custody.

"A fellow feeling makes us wondrous kind." low, it strikes us that it would depend very much spon where a fellow is feeling. If he were feeling n our pockets, for instance, it would not make us We were informed that he had wandered from this side, and the Aflegheny Mayor concluded that Pittsey kind we fancy .- Times & Keystone burgh should support him, and consequently he was HUMBLE LOVE-A TENDER LINE. at 5 or 6 o'clock, we met the same lad, on his way His brawny arms beclasped her waist, With love their eyes did burn, From his warm lips she snatched a taste, And then he tasted hern. back to Allegheny. We were told that he was sent ack, because he did not belong to this side! * Where did he belong ? No doubt he will be found

An "anxious parent," who had taken her firs born to a resort where strawberries and cream were supplied, ad libitum, for one shilling a head, advired of the bloated little urchin, "if he could nanage another plate.' "Aint quite sure," he gasped out, "but if you'll shake me a bit, I'll try." What carroty-headed, ugly little brat is tha nadam'; do you know his name?"

You don't say so indeed! what a heautifu THE MOON .- "The moon," said a tectotaller, "in quite one of our sort; she lets her moderation be known to all men, and only fills her horn once a SAT TES, Pussy .- A gentleman, not very long since, wishing to pop the question, did it in the fellowing singular manner: Taking up the young lady's cat, he said, "Pussy, may I have your mis

A.A. MASON & CO.,
No. 60 Market street, Pittsburgh, Pa.,
DEG leave most respectfully to announce to their nu Discover most respectfully to announce to their nuamerous patrons and the public that they, in consequence of contemplating a change in their business, propose opening the whole of their extensive Warchouse,
tincluding all their Wholesale Rooms, for retailing, and
will continue open until the first of February, commencing on New Year's Day, 1849. Our whole stock; comprising one of the most extensive and varied assortments
of FANCY AND STAPLE DRY GOODS ever exhibited
in the Western country, will be offered at lower prices
than ever before known. Upwards of fifty thousand dol
lars of our stock has been recently purchased, the great
er portion of which are foreign Goods, received at New
York by late European arrivals, which, from the lateness
of the season, as well as the well known pressure in the
money market, were sold at immense sacrifices at the
public sales, at rates varying from twenty-five to fifty per
cent less than similar godies brought the first of the season. We therefore confidently believe that our prices for
the time above mentioned will be found to be even lower
than any Eastern wholesale rates

We anxiously invite all persons to visit our establishment, whether they purchase or not, and test the truthof
the allow-—assuring them that they will incur no obligation thereby, but confer a favor upon the proprietors—
Our assortment of SILKS, SHAWLS, and FINE DIETSS
GOODS will amply repay one for a visit, and fine DIETSS Our assortment of SILKS, SHAWLS, and GOODS will amply repay one for a visit, industral display of DOMP Induced (1802).
