Sheep ILT REMARKABLE CURE OF CONSUMPTION—Mr. Scoull: I was taken with a most distressing cough, and my longs became so diseased that I bled in a short time several quarts. I was reduced so low that all of my friends, and even my Physicians, thought I must die with Consumption! My brother hearing of the remarkable cures made by Dr. Rogers' Liverwort and Tar, produced a bottle, and before I had taken one-half of it, it seemed to go to the very seat of the disease. I raised a large quantity of phlegm and matter, and my cough was stopped as by a charm; and by its use I was restored to perfect health.

Jan A cough should never be neglected. It may neglect trilling and unworthy the attention at first, but if will not remain stationary long; it may progress slow at first, and its augmentation may see scarcely perceptible; yet when it once seizes the lungs, all the other parts of the body will be sympathetically affected, and a confirmed Consumption and premature death will be the ineviable result. A little care would save many a life, and be timely, use of a proper remedy might have arrested many a consumption. But many persons have an invincible repugnance to taking any medicine, and rather than use the means towards arresting a disease, simply because the remedy may not, be a pleasant one, would suffer and languish for a long time, before they would resort to the aid of medicine.
