The Daily Morning Post. Commercial and Financial. Worms cannot exist in the system, if a liberal use be made of the Clickener Sugar-coated Vegetable Purgative Pills. They not only destroy the worms, but thoroughly cleanse the stomach and bowels of the mucus or silmy substance which supports them. Their operation is so gentle, that they may be administered to children of the most tender age, without producing those injurious effects upon the general health, which heve always constituted the most serious objection to Vermifuges. Their metallic base is generally so violent in its operation, that the system seldom recovers from the shock that the patient has arrived at years of maturity or of one patient has arrived at years of maturity or of one patient has arrived at years of maturity or of one patient has arrived at years of maturity or of one patient has arrived at years of maturity or of one patient has arrived at years of maturity or of one patient has action of ordinary business. The Clickener Sugar-coated Vegetable Pills, on the contrary, have never been known to leave any injurious effects behind them. They rather serve to invigorate the system, and render it proof against the most inveterate alments.

Was taken with a most distressing cough, and my-lings
secame so diseased that I bled in a short time several
juarts. I was reduced so low that all of my friends, and
even my Physicians, though! I must die with Consumption! My brother hearing of the remarkable cures made
by Dr. Rogers' Liverworr and Tar, procured a bottle, and
before I had taken one-half of it, it seemed to go to the
very sear of the disease. I raised a large quantity of
phlegm and matter, and my cough was stopped as by a
charm; and by its use I was restored to perfect health.

IJ A cough should never be neglected. It may appear trifling and unworthy the attention at first, but it will not remain stationary long: it may progress slow at first, and its augmentation may be scarcely perceptible; yet when it once seizes the lungs, all the other parts of the body will be sympathetically affected, and a confirmed Gonsumption and premature death will be the ineviable result. A little care would save inauly a life, and he timely use of a proper remedy might have arrested many a consumption. But many persons have an invincible repugnance to taking any medicine, and rather than use the means towards arresting a disease, simply because the remedy may not be a pleasant one, would soft to the add of medicine.

B. A. Fahngeiock & Co.'s Cough Balsam has a great advantage in this respect over many other Cough preparations, as its pleasant taste permits it to be used without inconvenience. BR. CLICKENER'S SUGAR COATED VEGETABLE EXTRACT PILLS.—These celebrated Pills have obtained an enviable notoriety in the United States, as a curative for Giddiness, Dyspepsia, Sour Stomach, Headache, Fevers, Piles, Costiveness, Coughs, Heart, burn, Liver Complaint, Scurvy, Sore Throat, Inward Weakness, Palpitation of the Heart, Indigestion, and a variety of other diseases to which flesh is heir to, as a medicine for the million. In all seasons of the year—spring, summer, autumn, and wintef,—and under all circumstances, they can be taken with perfect safety and success. As a Vermifuge and general medicine for chill-dren, they are unricalled. Being coated with pure white sugar, children will easily take them; they neither gripe nor nauseate; are gentle, but thorough in their operation. For adults, by increasing the dose, they are equally ben eficial. As an Anti-Butous Fill they will be found without a superior. Ask any one, among the thousands who use them, and an unqualified approval will be the certain result.

Remember Dr. C. V. Clickener is the original inventor of Sugar Coated Pills, and that nothing of the sort was ever heard of until he introduced them in Jane, 1843. Purchasers should, therefore, always ask for Clickener's Sugar Coated Vegetable Prils, and take noothers, or they will be made the victims of a fraud.
