The Morning Post dience. But after all the praise bestowed upon him, Edgar felt ill at ease; he saw his adored Lucretia in company with George Endly, and he L. HARPER, EDITOR AND PROPRIETOR. imagined much. Neither could he muster suffi-PITTSBURGH: cient fortitude to make any advance to his old companion. He remembered the treatment which | WEDNESDAY MORNING, JANUARY 31, 1849 he had received from her father. This caused Morning Post Job Printing Office. his spirits to droop-for he pretended not to deny CORNER OF WOOD AND FIFTH STREETS.

DHaving added to our Establishment, a splend steam-Power Printing Machine, we are prepared to, all kinds of Newspaper and Book work in a style of usurpassed beauty and heatibes, and upon the most resonable terms. We respectfully solicit the patronage to himself that he was straining every nerve to make his hand worthy of Miss Bentley, in the estimation of her proud father; and to see her leaning, apparently with fondness, upon the aim IF Advertisers are requested to hand in their favors be; o'clock, P. M. This must be compiled with, in order to ure an insertion. When it is passible, an earlier hour wa of another, while he dared not approach, was too much for him to bear. ure an inser s preferred. Down in spirits, he wandered to his lodgings, caring little, and thinking less about his victory. ILF E. W. CARR, United States Newspaper Agen "Thus," thought he, "she has forgotten me. She has accepted another. But why need I talk thus? I never made a declaration of my love. And For Commercial and River News, what am I? Why dare I aspire to her hand? I The Latest News, Market Reports, &c. will be found under Telegraphic Head am poor and dependent. Ah! yes, that curses me. She is rich. Why need I dream? Would, the lofty-minded Bentley condescend to receive, as THE SOUTHERN CONVENTION. "Sound and fury, signifying nothing."
The recent Southern Convention, held id the City the loxer of his daughter, a poor scholar-an or phan-the son of a common tenant. I'll go mad f Washington, was about as foolish and uncalled with my love."or an assemblage of men as ever collected together Such were Edgar's musings, as he walked homeward; but the scene now presenting itself dispelled his gloom, and broke up his train of it. The estensible object of this convention was to thought. At his boarding house, a large congreform a league or combination of Southern interests, gation of students and friends had met, with a to oppose the efforts of the North to prevent the spread of Slavery over soil already free. It is eviband of music, to congratulate him upon his unequalled success; among the number, was his nor unanimous in its deliberations, from the fact reverend benefactor, who stoutly maintained that he was proud of his adopted son. [TO BE CONTINUED.] closed doors-nor do we care. The inevitable Commerce-An Eloquent Extract. consequence resulting from this Southern move-Mr. Charles King's recent Historical Discourse ment will be, to force the people of the North to before the N. Y. Chamber of Commerce, concludes become more unyielding and determined in opposiwith the following eloquent and classically beau tion to the South and southern interests and influentiful tribute to the commercial profession, as one ces. These extremes of opinion only produce viof the most powerful of the agents of civilization. olence, and disturb the harmony of our beloved "If what has been said this evening shall tend Union. Much as we despise the ultra fanatics of the in any manner, to revive interests in the Chamber North, we have an equal abhorence for the fanatof Commerce, I shall derive the highest gratificaics and hot-spurs of the South. tion from being, in some humble degree, associa ted with a profession which is the civilizer, the receal or mis Corporation, by the God Mercury, with his winged cap and his soul-compelling care with his winged cap and his soul-compelling care of hidden wisdom and typical of higher things, has in some of the attributes ascribed to Mercury, well-foreshadowed the nature and conquests of Commerce, for it too, as is fabled of the youthful Hermes, robs Neptune of his trident, Venus of her girdle. Mars of his sword, Vulcan of his forges, and even Jupiter of his sceptre. It is Commerce which covers with its ships the subject sea, which sweeps over the globe for materials to adorn beant ty, which seals in its scabbard the red sword of war, and colitivates peace and the arts of peace; which seals in its scabbard the red sword of war, and colitivates peace and the arts of peace; which seals in its scabbard the red sword of war, and colitivates peace and the arts of peace; which seals in its scabbard the red sword of war, and colitivates peace and the arts of peace; which seals in its scabbard the red sword of war, and colitivates peace and the arts of peace; which seals in its scabbard the red sword of war, and colitivates peace and the arts of peace; which seals in its scabbard the red sword of war, and colitivates peace and the arts of peace; which seals in its scabbard the red sword of war, and colitivates peace and the arts of peace; which seals in its scabbard the red sword of war, and colitivates peace and the arts of peace; which seals in its scabbard the red sword of war, and colitivates peace and the arts of peace; which seals in its scabbard the red sword of war, and colitivates peace and the arts of peace; which seals in its scabbard the red sword of war.

The scan bear of the state the true hero, in of his is called by Prince Eugene, that "when, in of a liturate and conquests of a lateurana Colonel, whom he had delicacy of a liteurana Colonel, whom he had delicacy of a liteur finer, and the liberator of the world. The Genius tre the idols of his own creation on earth or in kept out of Congress, the South is satisfied—she is the skies, but, looking erect to heaven, to walk allow-men as an equal, while walking mong his fellow-men as an equal, while walking humbly and devoutly before the true and no longer see Slavery introduced into New Method of Cantor conjectural or unknown God.

"It was the distinguishing feature of the mer."

"It was the distinguishing feature of the mer." chants who formed this association, and of their pears like an invasion of their constitutional rights immediate successors, that they filled the most in ... We say to the North, hands off—Slavery will nevteresting portion of our history, when commerce was rising from its cradle and taking its first steps in that grand progress, which is already the marvel of the world; and which is yet advancing. "At such an epoch every movement was imporwere now momentous, casting forward shadows of dark and solemn import. Nor were the men of that day limited in their reward to that which the eye of faith alone could discern; for many were the instances where the individual pioneers lived to enjoy in real fruition the harvest earned by their industry and forecast.

"A young German was found among the number, pursuing within the solitude and depths of the neval forests of New York, the trapping of the beaver upon its remote and then almost inaccessile waters.
"That individual lived to be pushed before the advancing wave of civilization inward and inward, and yet farther inward, through the great range of inland seas to the utmost extremity of Lake Superior, and thence onward to the Rocky Mountains and still borne on by the waves, surmounting them till he was checked only in his progress by the of the Constitution as will allow the people to elect their Judges, says We are glad that this measure has at last been properly brought before that body, and we feel confident that no one will be found in the Legislature, who will assume the position that the people are either incapable or unworthy of the trust of electing their own Judges, by opposing the measure. ores of the Facilic.

"This humble German boy, thus urged on from ocean te ocean, stands (and his memory will long endure) as a type of American progress. The field of his earlier achievements—the Seneca Lake then a solitude and a waste, is now gemmed with gardens and temples of science and religion; and in this city, his final abode, resting place and sepul-It is a new thing to find a Whig, paper advocating e provided the means, through the muni cence of that young trapper, of building, furnishing and maintaining a public library, on a magnificent scale, free to all, and which will bear to all time the name of John Jacob Aston." Facts in Physiology. A man is taller in the morning than at night to the extent of half an inch, owing to the relaxation of the cartilages. The human brain is the 28th of the body; but in the horse only the 400th. Ten days per annum is the average sickness of human life. About the age of 30, the lean man generally becomes fatter, and the fat man leaner. Richter enumerates 600 distinct species of deseases in the eye. The pulse of children is 180 in a minute, at puberty it is 80, and at 60 it is only 60. Dr. Letto ascribed health and wealth to water, happiness to small beer, and disease and crimes to spirits. Elephants live 200, 300, and even 400 years -Bats in India are called flying foxes, and measure six feet from tip to tip of their wings. Sheep, in wild pastures, practice self-defence, by an array, in which rams stand foremost in concert with ews and lambs in the centre of a hollow square. Three aded with 300 to the fullest extent. The Daily News prefaces the Hudson's Bay dogs draw a sledge los pounds 15 miles a day. One pair of pigs will increase in six years 119,160, taking the increase at "We copy the following fourteen times per annum. A pair of sheep in the same time would be but 64. A single house fly produces in one season 20,080,327 eggs. The flea, grasshopper, and locusts jump two hundred times their own length; equal to a quarter of a mile for Anecdote of Dr. Beecher. Rev. Dr. Lyman Beecher, as he was going home one night, carrying a volume of an encyclopedia under his arm, saw a small animal standing in his under his arm, saw a small animal standing in his path. The doctor knew that it was a skunk, but our railroad project, to which we invite public atvery imprudently hurled the book at him. Where imprudently hurled the book at him. Where it is much credit due that paper by contion. There is much credit due that paper by our citizens, for the active interest taken by its editor in furthering this enterprise." upon the skunk opened his battery with a return ire so well directed that the doctor was glad to retreat. When he arrived home his firiends could scarcely come near him. His clothes were so infected that he was obliged to bury them. Some time after this one of Dr. Beecher's enemies published Ohio U. S. Senator. As yet, no election for U. S. Senator has been held in Ohio, owing to the difficulties in the Legisissued a pampniet speaking very abusively of him.

"Why don't you publish a book and put him down at once?" said one of his advisers. "I have learned better," said the doctor "some years ago I issued a whole quarto volume against a skunk, and I got the Korst of it. I never mean to try the experiment again."

ADDRESS. While the press of our country, as a general thin Delivered before the Philogical Institute, Decemis led into gross misrepresentation and calumny of the truest Democrats in France, by the base slanders a hireling press in England, it is satisfaction indeed. 8th, 1848, the 21st Anniversary. By HENRY C. to find so justian appreciation of the motives and doctrines of Lamartine and his co-laborers as evinced in the following article, taken from the N.O. Crescent, one of the best papers in the country:

"Lamartine and Blanc and Rollin were got the men for the time the known friend for a copy of the above Address The name of the author is familiar to most of our itizens, as he once filled the office of Prosecuting nen for the time—they wanted to do what Attorney for this county. He is now a resident of. could not do with the present race of men. They desired that all should be upright, industrious, frugal, just, benevolent and wise; and they expected to New Port, Perry county. We have pored over the passages of the pamphlet, not hastily, as is often our custom, but with considerable attention, for we expected to find much
that was new and true in its pages, and were not disthat was new and true in its pages, and were not dismen of the time. The age is utilitarian—the po-litical economists have brought selfishness to a science—and the utilitarian predominates over all; even those who see its ruinous effects in the permaappointed. He chose a prolific theme-Courage; and he handled his subject with the skill of an experienced mind worker. He had evidently imbibed nent degradation of the larger portion of the species and who confess that society is diseased and is sink that progressive spirit which characterizes the young men of this age, and which is sweeping away old ing to decay, have not the knowledge, the w forms and antiquated absurdities. The subject is new, but understood only by those whose minds have been trained to thinking—to courageous thinking. desired and nestrative. But the revolution attempted that is the question which the revolution attempted to solve, and in the solution of which its leaders failed, because they did not calculate the strength of the selfish, utilitarian spirit predominant in the world, and attempted to oppose that spirit, which was stronger than themselves and their revolution, actional guarde standing army, ouvries and all. We wish that this Address could be generally read by our people. We commenced by making extracts for "copy," but when we reached the end, we found that we had almost the entire of the little the least.

The difference between moral and physical courage is faithfully depicted; it is the difference between the courage of a dog and that of a true manner of the speaker seems to be to prove that he who has the courage to do right even though disgrace may be his meed, is the true hero. We its deliberations, we have been unable to discover age is faithfully depicted; it is the difference bedisgrace may be his meed, is the true hero. We aver des give an extract touching this point :-dent that the convention was neither harmonious give an extract touching this point in its deliberations, from the fact that the address put forth was barely adopted by a meagre majority. As to the cause of difference, we of course are unadvised; as the Convention sat with closed doors—nor do we care. The inevitable closed doors—nor do we care. The inevitable convention of the correct of popular error, and in danger of being the correct of popular error, and in danger of being the correct of popular error, and in danger of being the correct of popular error, and in danger of being the correct of popular error, and in danger of being the correct of popular error, and in danger of being the correct of popular error, and in danger of being the correct of popular error, and in danger of being the correct of popular error, and in danger of being the correct of popular error, and in danger of being the correct of popular error, and in danger of being the correct of popular error, and in danger of being the correct of popular error, and in danger of being the correct of popular error, and in danger of the Grandeur and Decay of the Old

We cannot deny that Ninevah once existed the path of duty leads him not to popularity, but to disprace a suppose that the satisfact of the scanner and popular error and in the path of duty leads him not to popularity, but to disprace a extract touching into point. nor gainsay the magnificence of Babylon, Susar and Ecbalana; we have visited the astonishing ruins of Persepolis; we are aware that the ware-houses of Coechis were once filled with the sumpverwhelmed by it; suppose that the shouts of ap-lause which he has so well loved to hear are turnplause which he has so well loved to hear are turned into hisses and executions; suppose that he sees around him enemies exulting with joy, and friends hanging their heads in shame and condusion; suppose their heads in shame and condusion; suppose their heads in shame and condusion; suppose his conduct condemned his motives improped. nanging their neads in sname and contusion; suppose his conduct condemned; his motives impugned, and a pittless storm of contempt and indignation descending upon his unsheltered head; suppose him to bear those extremities alone, without one friending the state of t dreds of cities once stood, in which opulence and luxuries were accumulated by industry and enjoyed by the nicest taste; we climbed the mour tains of Lebanon, and surveying the Phænician hand to aid, or one kind voice to cheer him, and uppose that whilst these evils are present and cor-ain, the hope of justice is distant and precarious, coast, have called to our men of Sidon, the fleets of Tyre, and dockyards of Arad, we have stood upon the remnants As to the question of Slavery in the new territories, we consider it as settled long since. New Mexico, and California became the property of the United States, in consequence of the late war. man struck with the countless multitude of superb col umns, with the fragments of cornices, entablatures, and pilasters that met our view, a ted to excite the South, and disturb the peace and harmony of the Union. If the subject of Slavery is kept out of Congress, the South is satisfied—she is willing to leave the question where the Constitution leaves it. Our Southern brethren do not expect to see Slavery introduced into New Mexico or California; but they are opposed to every thing that appears like an invasion of their constitutional rights.

We say to the North, hands off—Slavery will never a pead over another foot of free soil. Its boundate in the soundard and an ignorant man, nor a man of impulse; is a consequence. It is not the courage of a weak observed the deplorable change that has taken observed the Mediterranean sea, and prometric traces of former civilization; we have stood upon the African shores of the Mediterranean sea, and pondered on the greatness of Caribage; we have trossed over to Europe, and pondered on the greatness of Caribage; we have to considered and the prosent moment, and end formers time mounting the breach; but he African shores of the Mediterranean sea, and pondered on the greatness of Caribage; we have trossed over to Europe, and pondered on the greatness of Caribage; we have to consider the African shores of the Mediterranean sea, and pondered on the greatness of Caribage; we have to constitution; aligned that have gazed upon the majestic monuments of an interest of the same time aligned. This but he was the analysis of the Mediterranean sea, and the African shores of the Mediterranean sea. their pears like an invasion of their constitutional rights in way to the North, hands off-Slatery will not steeper and the least apprehension that Slavery would be introduced into our new terrisories, the word of California, from the North, would forever refer to the more than the new form of the new form our mind.

We say to the South,—the warm-hearted, chiral-ton the goal regions the more to the frequently shows itself. In an army of the first own of the same cannot but ask, bow has it happened that so many splendid cities have sunk into the dust?—Why have the first own of the same that the want of nouthing to the first own of the same that the want of nouthing to the first own of the same that the want of nouthing to the first own of the same that the want of nouthing to the first own of the same that the want of nouthing to the first own of the same that the want of nouthing to the same that the want of nouthing to the first own of the same that the want of nouthing the same that the same time that the want of nouthing the same that the same time that the want of nouthing the same that the want of nouthing the sam fear the name of fear.? The true here will rise above even that, and perform his duty in spite of all imputations. Yet such is the dread of unjust consure that it is often the goverest trial of a General accorage to order a retreat; of a Statesman's to abandon an unwise policy, of a Physician's to withhold a peroicious remedy; of a Judges to reverse an unjust decision; of a Sectatian's to abandon an unique tripotonus creed. It is then set out parmanently.

The trees are set 30 feet apart, in diamond order-Mr. Moorhead argues forcibly against the " right male tree in the centre. They begin to bear it of instruction." We do not say that we agree with him, but we confess there is something more than what he any. We regret
the resulting no.

what he any. We regret
