WHEREAS, The experience of past ages in all countries has clearly shown that Capital and Labor are more or less antagonistical. And although labor is vasily in the majority, yet there are but few in stances on record, where an attempt has been made by the operative or producer, to rob or oppress the capitalist. While, on the other hand, from a want information, and unity of action on the part of the operative, capitalists almost from pole to pole have used every possible means by uniting with cor runt and despotic forms of government, the gettir

of grants, and the concentration of their wealth and power, by establishing monopolies, and all for the purpose of more effectually reducing the masses to the lowest possible state of mental and physical exthe process of that they may grasp a larger portion of the proceeds of their industry. The object of all good men and true republican

will be, to harmonize, as far as possible interests, by advocating whatever policy or meas may be calculated to elevate and ameliorate condition of the many-the immediate wealth pro

ducers. Therefore Resolved, That we are in favor of the TEN Hour System, as a most important measure of reform, and desire to see it enforced in its true spirit, " efficient in its application to the wants of the factory opera-

ves" and untrammelled by any Proviso. Pesolved, That we heartily deprecate the exist Presurez, i hat we nearly deprecate the exist-ence of any party spirit or feeling that could lead the attention of the operatives and their friends from this all-important issue, or cause them to forget a measure fraught with such blessings to themselves

and posterity. Resolved, That we feel confident, from the pro fessions of the two leading parties of the State, du-ring the last election, that the honorable represen
