107 Cousimplien, is a disense which is carrying its victims to the tombs by thousands, willout being arrest-ed in its progress by the medicines in commonuse at the present time. But a brighter day is coming, and has come-ns to successfully arrest thus disease. Dr. Rogers Liverwort and Tar not only, gives immediate relief in Goighs and Colds, but from the testimony of men of the highest standing here and elsewhere, it is making some very remarkable cures of Consimplion. Improvements in the treatmont of diseases ure onward, and nothing can arrest in spirit in the present age. Those who are affilicted with diseased Laugs, would do, well to call on the agent, and see the certificates of Dr. Wm. J. Rich-ards, Jadge-Wm. Burke, the wife of the Rev. George W. Maley, and of Dr. Hiram Coz, late Professor in the Ec-lectic Medical College of Cinainnai. This medicine not only cures Consumption. but breaks up the most distressing Cough in a few hours time, or the money will be checefully reluaded. The Boording announce to their tellow-citizens that they have perfected their ar-rangement to carry on the basiness of Tin Roofing on an extensive scale. It is now close on four years since we first introduced tin roofing in this city. Durine that time we have cover-ed over finy thousand square feet of roofs with tin plate, and in all cases we believe we have given the most en-tire satisfaction. This kind of roof has been applied to the very hest buildings in this city, including, among a large number of others, the two superb buildings on Penn street, owned by John L. Shoenherger and John Bissel; Esque. That tim roofing (when skillinly laid on) is both permanent and durable, there can be no doubt; in froof of this, we can refer to the almost universal application of this, we can refer to the almost on the sca-board during the last twenty years; and from enquiring on the subject, we have yet to learn of any one of those roofs having been worn out. The roofs covered with the in our owa city are open to the estimination of all who take an interest in the matter. We have also prepared a miniature plan of roofs, which may be seen ut our estab-lishment, where any other information will be given with pleasure. JOHN DUNLAP & CO. mar?
