## Farmers' Department.

## [Correspondence of the Dollar Newspaper.] Spring Plowing.

As the season is fast approaching when the earth released from winter's icy fetters, is ready for the active operation of the farmer, a few facts in rela tion to the utility of spring plowing, as opposed to fall plowing, and the experience of an old far mer, in the matter of getting in spring crops, may be of some practical use to some of your readers I therefore readily impart the light which my long experience enables, mento, In supporting the utility of spring plowing, fo

all except fall erops. L bave the strongest opposi-ling to cope with. The opinion of some of the best agriculturalists of the day are against me; the voice of almost every sgricultural journal the Union is opposed to me ; article upon article, line upon line, and precept upon precept has been thrown to the public through the medium of other publications, in favor of fall, plowing , yet with sides of the Atlantic. The Democratic Press. all this evidence in favor of it, the experience o We have been placed under lasting obligations

twenty five years directly to the contrary will not allow me to become convinced of its utility. My rule in this matter has been fall plowing for fall ur friends of the Democratic press, throughout the we have received from them during the last few crops, and spring plowing for all others, and I bave succeeded equally as well as my neighb who have adopted the system of fall plowing for the manner of preparing ground for spring unreservedly indersed our course in relation to the The manner of preparing ground for spring Tea Hours Question and the Rights of Labor; and

ctops is as follows: For wheat-I commence plowing as soon as the bave condemned, in the most unqualified manner, the persons who undertook to break as down. The ground is dry enough to admit of it, and plow from four to five inches deep, barrow enough to level it, leading Democratic journals in nearly every State. then sow in the grain in quantities from two to in the Union, and many of the neutral or independthree bushels to the acre, according to the capacity of the soil to sustain it, and harrow it until it is ent papers, have also planed as under obligations. The resolutions of our recent County Convention well covered, and then go over it with a heavy have been copied into the principal Democratic paroller. The process not only leaves a smooth, level surface for harvesting, but it also buries the purs in the State, and those which refer to the course of the Post, have been especially commented upon grain the same depth, and consequently (other cir-cumstances being equal) it is ready for harvesting n terms altogether too flatering for re-publication at once, which saves what would otherwise be lost in our columns. All we can do at present, is to rein harvesting by shelling. For com-I delay plowing until nearly ready turn our heartful thanks to our Editorial brethren of

the Democratic Press for the many acts of poble to plant, and for this reason, when it is done earlier and disinterested friendship we have received at ous seeds and roots sprout and grow soon their hands, since the enemies of Popular Rightser than they otherwise would, and by the time the "conservatives" and whigs-undertook to dethat the corn is well out of the ground, they are so stroy the Usefulness of our paper. We shall rememlarge as to impede the growth of it very consideably. On the contrary, when they are left until near planting time, and then plowed under, it kills them in our heart. greater part of them, and leaves the ground clean

for receiving the seed. In regard to fall plowing for corn, as far as my experience and observation go, the facts are cer-tainly against it. L will relate one instance, touching this point, in which this principle was direct. My neighbor, Mr. W., who is a convert

same result ; both yields, however, being about two bushels in advance of the preceding, probably owing to the superior manuer in which the corn as tended the last season ALBION, WISCONSIN, 1849. OLD FARMER

From the Albany Culturator. Deepand Subsoll Plowing. Mr. Mallory's plan is to do it in summer, with

Perresusen, March Stat, 149. The Morning Post Ma. EDITOR :- Dear Sir : We would ask a subli space in your paper for the purpose of de fending ourselves against a charge its the Commer. L. HARPER, EDITOR AND PROTRIETOR. cial Journal of the 30th inst, of having matter a stuck apon the Allegheny Fire Company in the Kinlb Ward WEDNESDAY MORNING, APRIL 4, 1849 ilst returning from the fire in Allegheny, and i usted pretty strongly that the attack was made Another Letter from Edwin Forrest.

We shall publish in to-morrow's Post, anothe by the Nisgars Fire Company. Now, we will state and can prove it by respon letter from EDWIN FORBEST, Ess. to Mr. W. H. ersons it necessary, that there was not a single SHITH, Esq., of this city, in relation to his difficulty member of the Niagara either connected with or with Mr. Macrendy. The first letter of Mr. F., which originally appared in the columns of this privy to said attack, and that ilt was begun and carpaper, has been extensively read and published thro? out the community ; and we feel confident that the letter now in our possession will be perused with increased interest not only by the American public, up their hose which were scattered around the fire but by the intelligent and liberal minded on both it the time that the Allegheny started home.

The Nugara Fire Company never made any breats to attack the Allegheny or any other. Fire Company.

The Company desires to live at peace with all country, for the many unsolicited friendly notices companies. But the proposition of some members of the Allegheny Company, to bring out the Ningmonths. We believe without a single exception the ars Engine and burn her, was not calculated to pro-Democratic Press of Pennsylvania, have cordially and duce harmony and love among Firemen. Though they might have accomplished their pu nose, had they went into it that night, as the Ningra Company were all over at the fire, it would have certainly been returned on them with ten fold vengeance.

> The Company will always discourage the attemp fany of its members to insult or injure any other Fire Company, but if iosulted they know their rights and are able to maintain them. We now say to the Allegheny and all other Com banics, that it is our sincere desire to live in peace and harmony, and will go as far as those that go farthest. to secure that desired end, but if imposed up on, we are perfectly able to take ears of the inter ests of the

> > Excitement in Canada. It is known that what is called the French par ty has obtained the ascendancy, both in the Cabinet

ber these tokens of friendly regard and treasure of the Governor General and the Parliament o Canada.
