ILT Drawgrata.—This distressing countaint is a weakness of the digestive organs, caused by impurity of the blood. The gastrio juice, a fluid peculiar to the stomach, when secreted from bad blood, is deficient in those solvent qualities, which are of such importance to digestion. Consequently the food, instellad of being dissolved, often becomes spoiled or putrified in the stomach; herce bad breath, sour belching, costiveness, pains in the stomach, choic, dysentery, and other dreadul complaints.

Wight's Indian Vegetable Pills are a certain cure for Dysepsia, because they cleanse the stomach and bowels from all bilious humors, and purify the blood. Four or five of said Fills, taken at night on going to bed, will in all cases give relief, and, if continued for a short time, will make a perfect cure of Dysepsia.
