in Tangement to carry ben the like in the prefice ted, their ar-rangement to carry ben the like iness of Tin Roofing on an extensive scale. It is now close on four yers, since we first introduced in roofing in this city. Davidy that the we have cover-ed over fifty thousand sprategide to roofs. With in plate, and in all cases we believe we have given the incose cur-ire satisfaction. This kind of roof has been applied for the very beat buildings in this city, including, among a large number of others, the two superb buildings on Fean street, owned by John L. Sheatberger and John Fissel. Esgrs. That in roofing (which skillinily laid on) is both permanent and durable, there can be no doubt jin proof of this, we can roler to the almost universal application of this kind of roofing in the firsge cities on the sea-board during the last twenty years; and from enquiring on the subject, we have yoit to learts of any one of lukes roofs, an interest in the matter. We have also prepared a ministure plan of roofs, which may be seen at our estab-lishment, where any other information will be given with pleaance. JOHN DUNLAP & CO... mar?
