It is rightly termed ALL-HEALING, for there is scarcely a disease external or internal, that it will not benefit. I have used it for the last sixteen years for all diseases of the chest, involving the utmost danger and responsibility, and I declare before heaven and man, that not in one case has it failed to benefit, when the patient was in the reach of mortal means.

From Rev. &s Shinn, of the Protestant Methodist Church I'ME undersigned, having been afflicted during the past with little effect, was furnished with a bottle of Dr. D. Jayne's Carminative Balsam. This he used according to the directions, and found invariably that this medicine caused the pain to abate in three or four minutes; and in fifteen or twenty minutes, every uneasy sensation was entirely quieted. The medicine was afterwards used whenever indications of the approach of pain wefe perceived, and the pain was thereby prevented. He continued to use the medicine every evening, and sometimes in the morning; and in a few weeks health was so far restored that the sufferer was relieved from alarge amount of oppressive pain. From experience, therefore, he can confidently recommend Dr. D. Jaynes' Carminative Balsam, as a salutary medicine for disenses of the stomnoch and bowels.

To the Public.

The Sanatorry Committee deem it their duty to I again apprise the public of the health of the City.—And in doing so, have the pleasure of assuring the citizens and the public at large, that no Cholera exists in our midst, nor has there been a single case originating here, so far as the Board have been able to ascertain, and they have sought information from the best and most reliable sources. But while they congratulate our citizens on being thus mercifully preserved from the ravages of this dreadful epidemic, they still urge upon them the necessity of observing the utmost vigilance in their their attention to cleanliness about their premises.

The Board is well satisfied, from good authority, that LIME is one of the best purifying agents that can be used in neutralizing the effects of the unwholesome effluvia always prevailing in thickip populated cities.

The Board is about making arrangements to have a full supply of Lims constantly on hand, so that every family can be supplied in such quantities as they may want for this purpose, by calling on any member of the Board.—It will be supplied at the lowest price, and those who may be unable to purchase, will be supplied graits.
