No grosser falsehood than this could have been coined are as ready as any one to perceive, that a strong Whig county should be careful to send only such Whig Representatives to the Legislature, as would, by cordial co-operation with the Whig Exec-ntive department of the Government give full effica-cy to the Whig Administration. Mr. Swartzwelder cy to the wrig Administration. Mr. Swartzwelder is such a person, and, moreover, while he does happen to enjoy the confidence and friendship of the Governor, he is qualified to draw a bill. The person with whom it is desiged to supersede Mr. Swartzwelder, is wholly incompetent to this detail of the duty of a Representative. What a figure the great county of Allegheny, and the City of Pittsburgh would cut at Harrisburgh, without a Representative would cut at Harrisburgh, without a Representative capable of framing a bill. And yet this is proposed in order that the vaulting ambition of "a mecha who has improved his mind" shall be gratified. It is no objection, undoubtedly, to an aspirant to the dignity of our Assembly, that he is a mechanic; but we have yet to learn that the same fact is going

rict effectively, and with honor to himself; and his Journal. This is certainly a most extraordinary article to be found in the columns of a whig paper. In the first place, we have a confession that it is an important qualification, in a whig representative, to have the confidence of the Executive of the State. In times past, our opponents made a tremendous outcry against Executive influence and dictation; but now, it seems, a man is deemed unfit for a Representative of that party, who is not admitted into the secret chamber of the Governor ! STEAM MILL BURNT,-We learn, says the Indiana Register, of the 23d inst., that the steam mill of George Reed, Esq., situated on Elder's Ridge, Indiana county, was burnt on Saturday last.
