Death to the Rats.
T is a notorious fact that of all evils, none are held in such abhorence as those of Rats, Mice, Roaches and Bed-Bugs, and to have them exterminated, is the wish and desire of all. A preparation has been discovered by which those who wish, may become 'rid of this evil, which is fests more or less every house in this city.
This preparation has now been in use in Germany about seven years, (and in the United States for the last five,) and by every one who has given it a trial, been pronounced the best remedy they have ever used for exterminating Rate, Mice, Bed-Bugs, Roaches, &c.

LIFE SAVED:—AWFUL CASE OF SCALD! WHATTELD, Ningara Co, N. Y., February 29, 1548. Mg. DALENT—Dear Sir: While my son, 15 years old, was at work in the shingle manufactory of L. P. Rose, he had the misfortane to slip and fall into a large vat, used for the purpose of boiling blocks preparatory to cut-ting. The blocks had just been removed from the vat, containing a large quantity of boiling water. Ho fell for-ward, scaling both hands and arms, all ene side, and one leg bally, and the other partially. The scalds were so bad on his arms and leg that most of the flash came off with his garments, and his life was despaired of by both his physicians and friends. Dalley's Pain Extractor was procured as soon as pos-sible (which was in about air, hours) and applied, and which relieved him from all pain, preventing infinita-tion and swelling, and in a few days commenced healing his sores. There appeared a general improvement, so much so that in three weeks he was removed to his father's house, distant about come mile and a half. We continued the use of the above medicine about two months, and we believe it was it e means, nader Provi-dence, of avving his life; and we would cheerfully re-commend it in all similar cases as as as as as as as it, SUBANNAH CLARK, SUBANNAH CLARK, We, the undersigned, being personally acquainted with substantially correct: M.
